JILTED LOVER HURLS ACID IN GIRL'S FACE

"IT'S A LIE," SAYS MAYOR M'CARTHY, REGARDING MARTIN'S RESIGNATION

CHIEF OF POLICE ALSO DENIES THE RUMORS

Belief General, However, That He Will Retire Under Law Granting Him a Pension; Denouement Expected on Monday

SAN FRANCISCO, Sept 17 —Chief of Police Martin having conferred with a number of his friends, when interviewed at noon today supplemented yesterday's statement in which he said 'It looks as though they're after me,' by remarking, 'I guess it's all over now, it looks to me as though the end is near'

This is taken as an indication that Martin has indeed resigned or retired

SAN FRANCISCO Sept. 17 —Despite veiled admissions by some strenuous denials by others and yet fortified by the knowing wink which greets inquiry by those believed to be in the secret it is almost certain that Chief of Police John Martin is to be retired with his old pension before the first of next week

Martin will not resign in the strict sense of that term He will formally give up the badge of authority of the head of the department sink down to the grade of captain and then be gracefully put upon the pension list because of rheumatism which took hold of him three years ago while he was captain of the Central station

While positive information received from an official whose request not to be quoted must be honored, is to the effect that Martin's official letter giving up the office of chief and asking to assume that of captain and be retired as actual is in the hands of the police commissioners Mayor P H McCarthy and the chief himself deny but such is the case

REPORT DISCREDITED.

The report of a secret meeting held yesterday is also discredited It is known that District Attorney Fickert advised with Mayor McCarthy and later met the commissioners but did not see all of them together That Martin's withdrawal was discussed between the commissioners and the District Attorney is absolutely positive, and it is believed that Percy Henderson, chairman of the board has the official document in his hand

Mayor McCarthy was interviewed regarding the secret conference this morning

'There is absolutely nothing in the entire affair,' he said I appoint the commissioners and it is their duty to see to it that all goes well If there was a resignation it would, of course go to the board not to me

The city's chief executive was reluctant to go into the matter further but consented to reply to one more question

HAS MARTIN RESIGNED?

"The thing uppermost in the minds of those interested in the department at this time is, has Martin resigned There are certainly rumors in the air and will you say positively that as far as you know no resignation has been received?

'If anybody would know about it I would The newspapers can talk about lots of things, but I say that it's a lie'

Martin is taciturn regarding the whole affair

'The situation is exactly the same as it was yesterday I have not resigned yet and that's all there is to it

But chief one have almost certain information that the commissioners have in their hands a communication from you in which you say that you are going to abdicate

NOTHING FURTHER TO SAY.

I have nothing further to say have not resigned I do not know what steps may be taken and that I am not the present

Whether or not Martin is drawing the fine distinction between retiring on a pension and resigning as have cherished ideals people have but is no known that through Monday may bring the denouement it is believed that Tuesday has been fixed as the day when Martin will gracefully retire the commissioners appoint a temporary chief from among the captains and then decide who is to preside at the head of police affairs in this city

It is believed that yesterday was

DEFENDS FIGHT ON SUPREME COURT

Roosevelt Rushes to Support of Attack: Wages No War, He Says.

He Praises Nationalism and Quotes Lincoln in Speech at Syracuse.

SYRACUSE Sept 17 —Theodore Roosevelt returned to the defense of his new nationalism today as was specifically indicated in the title of his address at the State Fair here— The New Nationalism and the Old Morality

"The new nationalism" he reiterated means nothing but an application to new conditions of certain old and fundamental moralities It means an invitation to meet the new problems of the present day in precisely the spirit in which Lincoln and the men of his day met their new problems

To his critics who put this issue Is any party willing to take the other side of the propositions of which complaint is made" If so it would be a good thing to have the issue before the people for in the end the people would most certainly decide in favor of the principles embodied in the new nationalism because otherwise this country could not continue to be a true republic a true democracy

JUSTIFIES ATTACKS

The speaker followed this with a justification of his attacks on the Supreme Court of the United States He took two arguments on that in his criticisms he had merely selected the minority opinions of the court itself he asserted that he had all serious reference —the example of Abraham Lincoln who he said had been far more outspoken than he himself had ever been and the example of President Jefferson whose utterances if made now would in all probability be denounced as incendiary

Taking the stand he continued with Lincoln that the decisions of the Supreme Court One Dred Scott case in the Kalb cases is binding according to the distinguished phrase of Justice Harlan the court plus the people so far as rational power is concerned the only power which could effectively set the mere will of the corporations which arbitrarily control the prices of articles essential to human existence from one state into another state

CRITICISING HARLAN

I merely took the view which he referred to and which in his dissenting opinion Those who criticise me are also criticising Justice of the Supreme Court Mr Harlan So my critics take the position that the people shall not be able to control the activities and management of these great monopolistic corporations doing an interstate business? If so, let them frankly avow their

DISSOLUTION OF SUGAR TRUST SOUGHT BY NATION

Department of Justice Plans to End the American Refining Company

Vigorous Action Will Be Taken by Government in Prosecuting Combination

WASHINGTON, Sept. 17. — Confirmation of the report that a petition for the dissolution of the American Sugar Refining Company, known as the so-called Sugar Trust, has been completed by government officials was received here today.

It was learned that the present intention at the Department of Justice is to file the suit in New York some time next week.

The action will be entirely independent of the criminal proceedings which have attracted such wide attention and resulted in a number of convictions.

Charges Keeper of Restaurant With Attempting to Kill Her.

Thinks Judge Samuels Let Davis Off Light in $5 Fine.

Mrs Lillian Brown of 69[illegible] Thirty-fifth avenue wife of a traveling salesman for a San Francisco paper house is no better satisfied over the imposing of a mere $5 fine by Police Judge Samuels Thursday upon her would be admirer and former employe Jesse Davis a restaurant keeper of Fruitvale than was Jack London over the same judge's refusal to levy any fine at all upon Tim Mullowney London's antagonist in a certain famous case

KEEPS CASE ALIVE

Mrs Brown is also inclined to awake a few echoes and keep alive the case of Jesse Davis charged with disturbing the peace by wooing her with a revolver to which advances she responded by hurling a vinegar cruet She expected to keep alive the case of Davis at least one day for every week that London has sought to immortalize Muldowney

MADE LOVE WITH REVOLVER

Davis sure didn't get all that was coming to him said Mrs Brown in a spirited interview today

'That 'geek made love to me at the point of a revolver holding the gun in one hand and trying to put his free arm around my waist I was then at work in his restaurant the Alpha, on East Fourteenth street near Brandon in Fruitvale He tried to start this nonsense, but business when I first went to work as waitress for him and his partner William Parker last summer He attempted to bug me and I told him I wouldn't stand for it

I was bred in old Kentucky came here only three years ago from Louisville where men don't make love with guns but sometimes find themselves, facing guns in other men's hands when they go about it in the wrong way

WOULDN'T CEASE ATTENTIONS

In spite of my objection to his actions Davis found me alone two days after and pointed a revolver at me

FAIR ACTRESS VICTIM OF VITRIOL

Miss Laura Jones Scarred for Life by Fiery Fluid Thrown by Dr. W. Hennessy.

Refused to Marry Physician Cause: Acid Thrower and Confederate Caught.

SAN FRANCISCO Sept 17 —Supported between two friends one a middle-aged woman and the other a young girl, Miss Leslie Laura Jones an actress, whose beauty it is believed was destroyed by carbolic acid thrown upon her last night by Dr Walter Joseph Hennessy, tottered feebly into Judge Shortall's court this morning swore to complaints against the physician and Mrs. Nattie Blohm manager of the Hotel Cecil and was carried fainting into the chambers

FAINTS IN COURT

Her face swathed in bandages her trim form clad in a light dress and with white gloved hands leaning helplessly upon the arms of her companions the young woman formed a pitiable spectacle as with difficulty she faced the sea of spectators and advanced to the judge's rostrum The formality of swearing to the complaint charging a violation of section 244 of the penal code having been complied with Miss Jones was about to take a seat when it was noticed that she gave way and almost fainted Judge Shortall ordered that she be taken to his chambers, and when with the aid of the bailiff she reached the room and the door was closed behind her she fell unconscious to the floor

Her frail body has been so weakened by the awful ordeal through which she has gone that her injuries may cause her death

It was almost impossible to speak to her but a few words were gained as she entered the court

'I came down here to marry him ' she said weakly but I found he was drinking and I broke the engagement Last night he threatened me, and when I

GIRL BIGAMIST ON VERGE OF COLLAPSE

Young Woman With Two Husbands Bemoans Her Fate in Prison Cell.

SAN FRANCISCO Sept 17 — Convicted that much talked of which has been mooning for years Lisbon on hot at last and that there will never again be any joy in life for her Miss Clara Kimbal Stewart Cook Murphy is on the verge of nervous prostration at the city prison

Her life according to her pitiful story has been one of abuse and brutality since she has ever been legally wed for some time she has driven her on to do his bidding She was arrested here at the instance of her latest husband Frank Murphy on her arrival yesterday by steamer from Los Angeles and is charged with bigamy

Tomorrow Detective Holmes is to take her south for trial

DEPLORES HER POSITION

'I do not know that I fear the ordeal she said this morning but I do hate this awful prison I hate the humiliating position that I am in and I deplore the fact that Murphy has kept his threat and is holding over me a power by which I myself placed in his hands

I didn't want to marry him I told him I had a husband already who had treated me cruelly and whom I had left but he urged me on I remitted him I had a little boy under the care of my mother in law but he said if we got married nobody would know and that he would never tell that I had a husband elsewhere After that I relented but when I was his wife he treated me shamefully

THREATENED BY HUSBAND

"I played second fiddle to his mother and at last I could bear it no longer I told him I would leave him but he threatened to expose me for bigamy and I waited Then I was sent $40 and I just thought I would come home to my father W F Cook who lives at 721 Andover street

The police of the city upon arrival noticed that if the woman were kept much longer in jail she would collapse completely She is of a delicate nature feels her arrest keenly and frequently gives way to tears and bursts of sobbing

According to reports from the parish house where Father McSweeney has been living since the sudden attack Monday night the invalid passed a bad night He slept but little and the constant drain upon his strength left him very weak this morning

Although the condition of the aged priest is very serious his physicians Dr Tim Adams and Dr D Crowley have not abandoned hope of bringing him through They hold out little hope however of the final restoration of their patient to health as his age and impaired strength will operate against this

President's Party Policy In Norton Letter Official

WASHINGTON Sept 17 — Indications multiply that the letter written by Charles D Norton secretary to the President to an unnamed Iowa politician is an expression of the policy of President Taft to be followed by the various departments of the Government in their attitude in matter of patronage toward all Republicans whether they be insurgent or regular

Copies of the letter have been sent from Beverly to the executive heads of all departments in Washington The copies were not accompanied by a letter of transmittal directing the department heads to heed the suggestions contained in the letter, but merely by a note that the letter had been written by authority of the President

The letter itself is a direct statement that so far as federal patronage is concerned the regular Republican and the insurgent Republican will look alike to President Taft and is accepted as a significant of the attitude of the President and of his intention to place all Republicans whether they be classed as regulars or insurgents on the same plane so far as patronage is concerned

The receipt of the letter created considerable comment among department officials today but no difference of opinion regarding it was expressed.

FREEHOLDERS WORK OUT CIVIL SERVICE PROBLEM FOR NEW GOVERNMENT

City Employes to Be Forbidden to 'Do Politics'; Great Progress Made by Board at Meeting

The Board of Freeholders spent about three hours last night discussing the question of civil service in the administration of city affairs and by the time the discussion came to a close had adopted a complete article on the subject, which had been reported by Freeholder Chamberlain to whom the subject had been referred as a so several amendments to the same which from time to time had been offered by Messrs Robinson McDonald Pardee Elliot and others

The board is working hard fully realizing that it is engaged in a herculean as well as a most important task, and is making progress in a gratifying manner The members however realize that there is a great deal of work yet remaining to be done and but a comparatively short time in which to do it for the reason that the new charter must be reported by Tuesday October 4

KNOTTY PROBLEM

The problem of civil service is one of the knotty ones which has yet been encountered by the freeholders and while all the members of the board are in favor of introducing that principle into the charter it was clear there were none of them last night who did not realize that civil service was destined to cause a great deal of trouble when an endeavor to affect the employes of all the departments in the city government

There was a consensus of opinion that civil service was not to obtain with respect to the chief deputies in the several departments for the reason that it was thought advisable to allow the head of each department to choose his own chief deputy whom he personally knows to be competent and in sympathy with him in his attempt to administer the affairs of the department

USED AS EXCUSE

It was also objected that civil service might be used by the heads of departments by way of excuse for not realizing all that was expected of them in the conduct of their several departments This could be accomplished by urging that they had been hampered by having the civil service board inflict on them men who were not competent for the performance of the duties to which they were assigned regardless of the showing which they might have made in undergoing the examination of the Civil Service Board

Regardless of these facts it was determined to give civil service a trial and the article in the main was adopted which while determining how offices are to be filled also segregates the conduct of city officials and employes in connection with political campaigns

There was a full attendance of members and an adjournment was taken until this evening when another meeting will be held in the rooms of the Board of Education

Dr Clow of the Progress and Prosperity Committee of the Chamber of Commerce suggested that the freeholders frame a clause in favor of encouraging manufacturing institutions and the advancement of home industry

It was the sense of the committee as expressed by Messrs Robinson and Pardee that the committee or doctor represented should itself frame a section for the charter on the subject

R H Chamberlain spoke on Civil Service In the management of municipal incorporations he held that an officer at the head of a department ought to have as his chief assistant a man who was in sympathy with him He favored a civil service board consisting of three members one member to serve until January 1 1913 another until January 1915, and the third until January 191 Vacancies should be filled by appointment by the mayor The council might remove members for cause The board is to be empowered to frame rules for its government On the first Monday of April and October examinations to determine the qualifications of applicants for positions, should be held In cases of vacancies in departments the civil Service Board should certify to such departments the applicants having the highest standing on the eligible list

CONSIDERED BY SECTION

These were a few of the ideas which Chamberlain had incorporated in his article which comprised a number of pages which was read in full and then considered section by section

Elliot asked if the Chamberlain suggestion provided for a condition which had lately arisen in San Francisco of getting around the charter in the matter of officials by creating new offices

Chamberlain said that was a matter which had recently been brought to his attention but that he thought it had been met by his proposed amendmen

Elliot said he hoped civil service would not give the heads of departments the only excuse left them namely that they had not been able to accomplish results because they had not been allowed to select their own subordinates He was however a recent convert to the idea and would vote to it

OAKLAND RESIDENTS

Elliot asked if the proposed amendment defined qualifications as to be age or the place of residence of applicants and Chamberlain said that it did not but it was assumed that they would be residents of Oakland

Robinson thought the board ought to have a life longer than that of an administration He moved that one member of that body serve during one mayors term of office a second during the term of the second mayor and the third during the administration of the third mayor This would give one member at least twelve years of official life

Clark preferred a shorter term

Chamberlain said he did not think the people would stand for a term of twelve years If a man got an appointment at 50 years of age he would remain here until he was 62 years old

Robinson said that the university regents served for sixteen years

McDonald said prison commissioners served for ten years.

LONGER THE BETTER

Hugh Hogan said the longer the better for a good man

Robinson's amendment was adopted with the understanding that the revision committee was to put the idea into proper phraseology

The board was empowered to fix the salary of its clerk, subject to the approval of the council

The board was allowed to make its own rules and prepare a list of eligible candidates to vacant positions the applicants on the list to be determined by examinations to be held by the board

The board was also empowered to provide for a period of probation and for promotion

In the Chamberlain amendment the framing of rules was to be done with the approval of the council but this idea was fought by Robinson, Pardee and McDonald and was stricken out of the clause

Examinations are to be held in March and October or oftener if deemed necessary to determine the fitness of applicants for positions

Vacancies are to be filled by applicants on the eligible list, the Board being compelled to certify to the departments in which the vacancies occur applicants three times the number of the vacancies to be filled

Daly wanted the head of departments given the power to discharge an employe during six months probation in the event of the employe proving himself to be incompetent

HOLDS SAME VIEWS

Shaw held the same views claiming that that was one of the bad features of civil service

Elliot held that that would give the head of the department more power than was given the civil service board

Others held that the heads of departments could keep on discharging employes under the guise of incompetency until a favorite partisan of theirs should be certified to them when they would retain him

It was pointed out however that in the event of a man being set aside by the head of a department the man set aside could not be discharged without trial and as a consequence the section was approved

Robinson said no provision was in the section providing for the filing of new positions which might be created

It was agreed that a section embodying that idea should be incorporated into the section by Robinson though Chamberlain said he thought the difficulty could be overcome by providing for promotion in the office

STRENGTHENS IDEA

City Treasurer Meese strengthened Robinson's idea by showing that in the event his bookkeeper should leave him he would according to Chamberlain's idea have to appoint the next highest employe in his office The latter was an excellent man in his line but was not a bookkeeper His cashiers were excellent handlers of money but they were not bookkeepers either And yet in his office experts were needed in every branch

In such an event Meese said in response to a question from a couple of the freeholders he would be required to go outside to fill such a vacancy

Robinson said he thought he would be able to bring in a satisfactory provision on the subject

The section providing that city employes appointed prior to 1910 should be retained after the adoption of the new charter was referred to Chamberlain to make what he considered necessary exceptions on the ground that the section was not satisfactory to the sub committee and himself

ACTUAL EMPLOYES

This impeled Robinson to declare that it would be necessary for the freeholders to ascertain who were the actual employes of the city Ellis stated that that could be easily ascertained by examining the payroll of the municipality

Charles F Frost one of the attaches of the Board of Public Works said that that would not be altogether conclusive for the reason that there were men now working in city departments who were not employes of the city but who would become such under the proposed charter He instanced the case of nine men in the office of the City Engineer who are now paid for their work by that office

Frost further said that there ought to be an ordinance passed showing who were city employes and what were to be the wages if the freeholders want to prevent what had already been done in San Francisco by the creating of new positions equivalent to those already in existence in violation to the charter

Dr Pardee asked how many employes there were now in the pay of the city

Frost said that there were about one hundred outside the fire and police departments Clark asked if that should be done would it not be doing what should be done by the officers who were to put the charter into effect

Frost said that an ordinance could be repealed at any time and that this civil service was worthless

Shaw said the freeholders could not now state who would be the officials under the new charter government

PREDICTS FAILURE

Frost said that then civil service otherwise would be a failure

Elliot said that they had already experienced that in the old charter by which they had been tied hand and foot for years

Robinson declared if the offices were placed in the charter it would be as rigid as it was today the idea was in antagonism to the law of civil service

Chamberlain stated they could not hope to cover every case but he thought they would make a fair attempt at civil service reform

The section relating to the discharging or suspension of employes by a foreman or superior subject to appeal was amended at the suggestion of Robinson so to give the power of discharging to a commissioner of each department suspension only being within the power of a foreman

The section prohibiting the doing of politics by heads of departments or attaches of the city is as follows

CANNOT USE AUTHORITY

No person while holding any political office or employment in the service of the city or while in the nomination or seeding the nomination for any office or employment shall for the purpose of influencing the vote of political action of any person or for any other purpose whatever use or promise to use directly or indirectly any official authority or influence whether then possessed or anticipated to confer upon any person or to assist any person in obtaining municipal employment or nomination confirmation promotion or increase of salary

No officer or employe of the city shall use his official authority or influence for the purpose of interfering with any election whether municipal county state or national, or affecting the result thereof Any employe in whatever capacity included under the classified civil service of the city or included in the classification as laborers while retaining the right to vote as he pleases and to express privately his opinions on all political subjects is hereby forbidden to take prominent or active part in political management or in the conduct of any political campaign or election under penalty of dismissal from the service

It shall be unlawful for any person whether an official or an employe of the city or not to use any carriage automobile or other conveyance belonging to or hired by the city for the purpose of conveying voters to the polls or for any other electioneering or campaign purpose

Robinson suggested that city automobiles ought not to be used for any save public business purposes and there was a clause in assent He also offered an amendment that no civil service employe shall take part in any election or political campaign during hours of employment in the city nor be a member of any political club or organization

Pardee asked if employes who were not under civil service could take part in politics

Robinson said that when a man was off duty he could do as he felt disposed as a good citizen

DID NOT AGREE

Chamberlain said Robinson's idea did not agree with civil service at all The idea which should obtain was that no employe of the city should use his official position to do politics Under the Robinson idea as soon as an official got away from his office he could do politics without hesitation

Robinson said it was a question as to whether it was right to divorce from the exercise of political rights the large force of men in the employ of the city It wasn't wise to put into the charter provisions which were a statement of what people would like to have happen without respect to the possibility of its accomplishment

J P Mongomery said the prohibition of political acts among city employes was essential and the freeholders would make no mistake in providing for it in the charter

Elliot said it was detrimental to have city employes out doing politics Under the proposed charter the city automobiles would be stamped so that people would know them and no head of a department would permit those autos to be running up and down on Sundays and holidays and doing politics

If heads of departments would not allow their men to stand around the polls when they ought to be at work for the city However he believed in the general provisions and would vote for them

Chamberlain said he had been told that in the evening after work city employes were canvassing his neighborhood in the interest of certain officeholders and candidates There was a fear on the part of some city employes that if they did not go out and do this political work they would be discharged He wanted those employes to feel that there would be no danger of their losing their jobs regardless of their politics if they did their duty toward the city

AMENDMENT ADOPTED

Robinson's amendments were submitted on a vote of the Freeholders and the one which was adopted reads as follows

No civil service employe of the city and no laborer in the employ of the city shall take any part in the conduct of any election or political campaign

The Chamberlain section as amended was then adopted

The last section in the article provided for a fine of $25 for any person violating the provisions of the charter but that feature was stricken out at the instance of J J McDonald who stated that dismissal would be penalty enough.

SUICIDE NOTE IS BELIEVED HOAX

Letter Found in Bottle in the Truckee River Telling of Death Is Discredited.

Nothing is known by the Oakland police of the 'Francis Drake who is supposed to have committed suicide by drowning himself in the Truckee river according to Captain of Detectives Walter J Petersen The finding of a note in a bottle led the Truckee police to believe that a tragedy had occurred but there is a probability that the note was an attempt at a practical joke

Lodged among some driftwood on the south bank of the river was found a bottle containing the following note

To whom it may concern I have jumped into the Truckee river Goodbye to my friends my love to mother

(Signed) FRANCIS DRAKE
'Oakland'

The note was dated Reno January 18 1910 It was found by Seymour Glazier and Gel McCarthy two Truckee school boys Reports have been made that a body was seen floating down the river in January but were not confirmed

ROOSEVELT DEFENDS HIS STAND ON NATIONALISM

Declares in Syracuse Speech That He Has No War to Make on Decisions of Supreme Court

Leaders Necessary, Bosses Not, Declares Ex-President

The new nationalism means an invitation to meet the new problem in the spirit in which Lincoln met his.

Those who criticise me are also criticising a justice of the Supreme Court, Mr Harlan.

Lincoln used language far stronger than I dreamed of using in my criticism.

I have no war to make on any decision of the Supreme Court.

An upright judge is a higher and better public servant than any other man can possibly be.

With Lincoln I believe in obedience and respect for the judicial department of the government.

President Taft has served his country honorably and uprightly in many positions.

It is necessary and desirable that there should be leaders, but it is unnecessary and undesirable that there should be bosses.

The leader leads the people, the boss drives the people.

The leader gets his hold by open appeal to reason, the boss keeps his hold by manipulation and intrigue

Fifty three years ago he continued Abraham Lincoln was assailed for his repeated criticisms of the Supreme Court in the Dred Scott case

DUTY OF CITIZENS

"As regards this decision he announced not once but again and again that he held it to be not merely the right but the duty of citizens who felt that judicial decisions were erroneous and damaging loyally to abide by the decisions as long as they stood but to try hard to secure their reversal his language on one occasion being as follows

"We do not propose to disturb the rights of property thus secured We propose so resisting the decision as to have the question reopened if we can and a new judicial rule established upon the subject

He repeated this statement in slightly differing language in speech after speech Moreover he used very strong language about the decision—far stronger than I dream of using or that it would be proper to use about the decisions with which I now deal But his view as to his right and duty to call attention to an erroneous decision which vitally affected the rights of the people was I think entirely sound At any rate if I have erred in commenting as I have commented upon the decisions in question I err in company with Abraham Lincoln

NO WAR TO MAKE

The criticism of me is perhaps well summed up in the following speech of an eminent public man 'He makes war on the decisions of the Supreme Court I wish to say to you fellow citizens that I have no war to make on that decision or any other ever rendered by the Supreme Court I am content to take that decision as it stands delivered by the highest judicial tribunal on earth a tribunal established by the constitution of the United States for that purpose and hence that decision becomes the law of the land binding on you on me and on every other good citizen whether we like it or not Hence I do not choose to go into an argument to prove before this audience whether or not he (the Chief Justice) understood the law better than Theodore Roosevelt

Now gentlemen I have made one change in the above quotation The last words were not Theodore Roosevelt The last words were Abraham Lincoln and this attack made nearly 50 years ago against Abe Lincoln is precisely and exactly the kind of attack made upon me at the moment

RESPECT FOR COURT

"Abe Lincoln felt and professed throughout his life the same profound respect for the Supreme Court that of course I feel and that I have again and again in public speeches and messages as President of the United States expressed And right judges have a more and better public servant than an office man can possibly be and it is because of pride in every American citizen that our Supreme Court is the most influential judicial tribunal in the entire world I have quoted Abe Lincoln let me quote him again

We believe in obedience and respect for the judicial department of the government We think its decisions on constitutional questions when fully settled shall control

I agree absolutely with this sentence of Abe Lincoln not the less because I also believe in what Lincoln said immediately afterward

But we think this decision erroneous and we shall do what we can to have it overruled

MUCH OWED TO TAFT

Nor do I have to go only to the statements of the past for precedents The President of the United States Mr Taft has served his country honorably and uprightly in many positions—as judge as Governor of the Philippines as Secretary of War and now as President—for to him and the Congress acting with him we owe the creation of a tariff commission the adoption of maximum and minimum tariff law treaties with foreign powers the proper treatment of the Philippines under the tariff the increase in the efficiency of the interstate commerce law the beginning of a national legislative program providing for the exercise of the taxing power in connection with corporations doing an interstate business a postal savings bank bill the construction of a commission to report a remedy for over capitalization in connection with the issue of stocks and bonds but few of his services are more deserving of record that what he said in this matter of criticism of the judiciary

Speaking as a United States Circuit Judge fifteen years ago he said

CRITICISM IMPORTANT

"The opportunity freely and publicly to criticise judicial action is of vastly more importance to the body politic than the immunity of courts and judges from unjust aspersions and attacks Nothing tends more to render judges careful in their decisions and anxious to do exact justice than the consciousness that every act of theirs is to be submitted to the intelligent scrutiny and candid criticism of their fellow men In the case of judges having a life tenure indeed their very independence makes the right freely to comment on their decisions of greater importance because it is the only practicable and available instrument in the hands of a free people to keep such judges alive to the reasonable demands of those they serve

Dividing the personal pronoun he entered took exposition of what We who work for the new nationalism believe He reiterated his belief in government by party is recognition of the necessity of corporations in business accompanied by the elevation of the working man by unions but all these agencies he was convinced must be under control of the whole people

The one vital and essential matter in all public life was honesty All good citizens must unite in warring on the crook whether given or taker of bribes as a traitor to democracy

The address closed with the only words that could be construed as having any bearing on the immediate political situation within the Republican party in this state—a dissertation on popular self control and party leadership a distinction between the boss and the leader

It is necessary and desirable said the colonel that there should be leaders but it is unnecessary and undesirable that there should be bosses The leader leads the people the boss drives the people The leader gets his hold by open appeal to the reason a consciousness of his followers the boss gets his hold by manipulation by intrigue by secret and evil appeal to man's worst and sometimes to very base forms of self interest and sometimes to very base forms

Progress there must be but it must be wise sober and moderate if it were to be permanent Prosperity must be preserved Our material well being was a great good but it was only a foundation for a lofty national life raised in accordance with the doctrine that righteousness exalteth a nation

The Roosevelt special stopped at the Hotel Station a few minutes while Company C National Guard acting as escort to Colonel Roosevelt embarked and then proceeded to the fair grounds where a crowd estimated at 6 000 packed the grandstands pavilion and tracks to hear the former President

ROOSEVELT DID NOTHING TO PUNISH TRUST, CHARGE

George C. Earle Declares He Pointed Out Wherein Sugar Combine Was Violating Sugar Combine

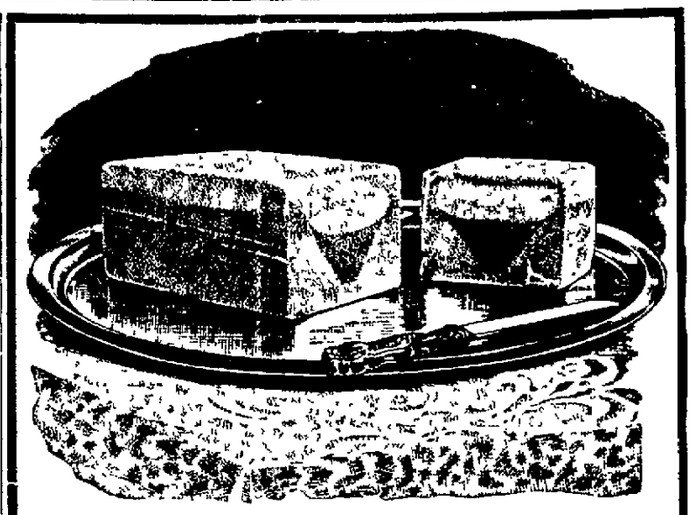
(New York World Sept 10)

March 13 1907 George H Earle receiver for the Pennsylvania Sugar Refining company informed Mr Roosevelt's department of justice that he had discovered evidence that the sugar trust in addition to its violations of the Sherman law was engaged also in rebating and in the most serious frauds upon the customs of the government

The reply of Mr Roosevelt's department of justice was that it could not see wherein the case as set forth by your letter differs from the Knight case'

Nothing was done by Mr. Roosevelt to punish the trust for violating the Sherman law or for robbing the United States government It was not until Mr Taft came into office nearly two years later that the trust was compelled to restore over $2 000 0000 of its stealings to the United States treasury and that steps were taken to prosecute it for violating the anti trust law

Does Mr Roosevelt pretend that the supreme court's decision in the Knight case protected the sugar trust in robbing the government of its revenue? Here was a chance to 'cinch the crooks' Why didn't he cinch them?



Vermont maple sugar and Riverside oranges

Doesn't that sound good?

Just think of making a frozen cream from genuine Vermont maple sugar and then combining it with deliciously refreshing water ice made from the juice of ripe Riverside oranges

It costs money to make such a dessert

But it pays us to make the expenditure, for the comment it causes always brings new customers

And right here by the way, is the secret of our success—it lies in the wonderful excellence of every dessert we advertise—in fact we know of no instance where we've ever sold a dessert that did not result in the purchaser's willingness to buy again

Married for Life by Man She Refused to Marry; Fiend Is Caught

PHYSICIAN IS AIDED IN ASSAULT BY WOMAN

Miss Laura Jones Rejects Dr. Walter Hennessy, Who Destroys Her Beauty.

(Continued from Page 1.)

wouldn t do what he wished he threw that awful fire into my face

Both D Hennessy who appears to be a physical wreck and Mrs Bluhm appeared when the case was finally called The former was represented by Attorney John Sheehan and the latter by Attorney Milton Smith The couple were arraigned on the felony charge of hurling the acid and their counsel immediately asked for the fixing of a trivial bail

HEAVY BAIL FIXED

"Dr Hennessy according to the belief of his friends said Sheehan is irresponsible and for some time those who know him and are interested his welfare have been anxious to have him placed in a private institution To that end and so that some steps may be taken I would ask your honor to fix a reasonable bail

Judge Shortall however was obdurate gave his opinion that the case was a peculiarly serious one and fixed the bonds at $"0 000 or $10 000 cash Attorney Smith who appeared for Mrs Bluhm declared that she also was in an acute mental state

While we do not claim that Mrs Bluhm is in such a condition as the doctor still we ask that some leniency be shown said counsel

The court, however made the same order in both cases and thus far the necessary bail has not been furnished

CASE IN CONTINUED

This ended the proceedings save for the formal continuance of the case until Monday and the two defendants were escorted from the courtroom They had not had an opportunity of seeing the victim of last nights episode although she was but a few feet from them throughout the session

Dr Hennessey had been engaged to Miss Jones for some time but she broke the engagement and the tragedy of the wee sma hours of the morning is believed to have been the result of a carefully laid plan for revenge although it was probably arranged while the doctor was partially at least under the influence of liquor For several days Miss Jones had refused to have anything to do with him owing to his drink habit, as she said this morning and in desperation he drove in a taxicab to her apartments at the Hotel Mesa Jones and Geary streets about 2 3 a m

THREATENED WITH REVOLVER

He was accompanied by Mrs Natta Bluhm of the Hotel Cecil but the pair were refused admittance to the apartments He had previously called her up on the phone and she had said she would not let him in although he said he had something of importance to impart At length he said that an interview in the lobby of the hotel would suit him and she met him there When he arrived in company with Mrs Bluhm he renewed his suit demanded that she marry him and told her that he was waiting with a taxicab He began to get nervous when she refused and took a revolver from his pocket flourished it and told her he would kill her

HURLS FIERY ACID

He then placed the pistol in his pocket and before the cowering woman could make a move to escape he pulled the cork from a bottle of acid which he had had concealed and splashed it over her face Then again taking his pistol in his left hand he threatened Louis Dove a chance citizen who attempted to restrain him and jumped into the waiting cab whither Mrs Bluhm had already preceded him The woman's screams at the burning head seated into the flesh arrested inmates of the hotel and she was taken to her room and a physician called to attend her

It is understood that Dr Hennessy and Mrs Bluhm had made preparations to leave town and the officials had a hard time locating them At 2 o clock this morning however they were taken into custody

Mrs Bluhm protests her innocence of any complicity in the affair

At 1 o clock this afternoon Dr Hennessy was released on bonds of $2 000 each with sureties being Paul D Sturgeon of the coal man and Jeff F Martine

Mrs Bluhm has so far been unable to obtain bail

AIR CRAFT TO HELP FIGHT BATTLES

Aeroplanes and Dirigibles Prove Success in Maneuvers.

GRANDVILLIERS, France, Sept 17—General Brun, French Minister of War and the entire army are enthusiastic over the achievements of the aeroplanes and dirigibles in the military maneuvers which ended today.

The military experts are unanimous in the opinion that the air machines are destined not only to play an important role in future wars, but to modify and perhaps revolutionize army strategy

Henceforth it will be almost impossible to conceal the position and movements of troops and so will be eliminated, practically, the surprise flank operations which have decided so many critical battles

Regarding the relative merits of the aeroplane and the dirigible, opinions differ, but the consensus of opinion appears to be that as each supplements the other, a combination of both is necessary.

The aeroplane demonstrates its superiority in the matter of speed, invulnerability and independence of wind and weather, while its portability avoids the necessity of housing, but at the same time the excessive speed of the machines is a drawback, as it makes observation from them necessarily vague. Twice during the maneuvers General Monier, commanding the Third army corps, was compelled to send a pilot of an aeroplane back over the scouting field to obtain more precise information.

DIRIGIBLE MORE ACCURATE.

The dirigibles, although slower and so offering a better target for the enemy, are able to make more accurate their observations, besides having the advantage of being in constant wireless communication with headquarters

The aeroplanists believe that their lack of precision in scout duty can be overcome by a preliminary training in air observations. While offensive aerial operations have not been attempted here, General Brun is convinced that the development of the aeroplane, especially in an automatic contrivance to regulate the speed, and the increase of carrying capacity to accommodate a crew of three or four, opens a great field for aggressive aerial operations, such as day and night raids for the purpose of dropping explosives within the enemy's lines. He believes also that the great height which aeroplanes are capable of attaining constitutes an important advantage.

The problem of fighting aerial war engines also was tested, each general having at his disposition guns mounted on automobiles, the sights of which could be elevated to an angle of seventy degrees for an attack on the dirigibles and machine guns for use against the aeroplanes. Theoretically, all the dirigible balloons were destroyed, while most of the aeroplanes escaped.

Albert Latham, the aviator, who ranked as a private soldier during the maneuvers, will be promoted to an officer of the Legion of Honor.

COMPANY UNABLE TO PAY DEBTS

Fawcett's Mantle and Tile Corporation Files Bankruptcy Petition.

Petition in bankruptcy was filed in San Francisco yesterday by the California Mantle and Tile company, of which Walter B. Fawcett is president. The corporation filed a schedule showing debts of $12,791 and assets of $880, including $5482, advanced by Fawcett.

The California Mantel and Tile Company was incorporated on May 1908, for a term of fifty years, by W. Davey, Calgary, Alberta, Canada, Charles H. Pfeiffer, Oakland; E. J. Colgan, Alameda; Walter B Fawcett, Oakland, and F. L. M. Huz, Oakland.

The amount of the capital stock was stated at $25,000, divided into 25,000 shares of the par value of $1 each, and the amount of stock actually subscribed was $50, as follows

Davey, 10 shares	$10 00
Pfeiffer, 10 shares	10 00
Colgan 10 shares	10 00
Fawcett, 10 shares	10 00
Huz, 10 shares	10 00

Principal place of business was Oakland.

The purposes of corporation are stated as follows.

"That the purposes for which it is formed are generally to buy, own, hold, sell, lease and convey real estate, to buy, sell, lease operate, develop and conduct all kinds of foreign and domestic patents, especially to own and operate a factory for the purpose of manufacturing all kinds of mechanical devices, specifically to acquire and absorb and undertake the good will, rights and assets and liabilities of any persons firm, association or corporation in every kind of legal business, and to pay for the same in cash, stocks or bonds of the corporation or otherwise, to engage generally in barter, trade and exchange and to do any and all things to the same extent that any natural person might or could lawfully do in any part of the world."

Suffragist Declares She Never Entered Into Contract; Woman Bookkeeper Throws Things at Hotel Man's Head

NEW YORK, Sept. 17.—Tennessee Claflin Cook, who in England is Lady Cook, appeared yesterday in the office of Coudert Brothers, her lawyers, to give testimony in a suit brought against her by Harry C. Silver, a writer, to recover $30,000 which Silver claims under an alleged agreement with Lady Cook to write her biography. She denied emphatically that she ever made any agreement with Silver on the subject of her biography or that she ever talked with him about it.

Silver secured from Justice Hendrick of the Supreme Court an order for examination of Lady Cook before the trial of the suit, on the ground that he would be unable otherwise to obtain certain evidence in support of his case. He declared that he had information which led him to believe that Lady Cook was about to leave the United States and go to England, where she would be out of the reach of subpoena of the court.

Throws Things at Hotel Man

MARYSVILLE, Sept. 17.—Captain J. Rupert Foster, a well-known hotel man of this city and ex-president of the Chamber of Commerce, prominent in business and the promotion work of this city and Yuba county, was worsted in an encounter with a woman bookkeeper in the office of the Western Hotel yesterday morning. His cries for help attracted a crowd that saved him from further rough handling. The bookkeeper is Mrs. Creese.

Mrs. Creese had hurled a portable telephone instrument at Captain Foster and had followed it with various pieces of desk furnishings, finally striking him on the head with a heavy ledger. It was then that Foster called for help.

Wants Divorce Set Aside

SANTA ROSA, Sept. 17.—Mrs. Elouise Weske of San Francisco filed a notice of motion here yesterday, in which she states she will endeavor to set aside the interlocutory and final decree of divorce secured by her deceased husband, Adolph Weske. Behind this application there is a contest for a valuable estate left by Weske. According to the affidavit filed with the notice of motion, Mrs. Weske was unaware that she had been divorced when her husband died. She petitioned for letters on his estate and later, when her daughter, Miss Rita Weske, a talented actress of San Francisco, presented letters and the mother learned of the divorce being granted, she withdrew in favor of the daughter.

Mrs. Weske declares that on two occasions her husband offered her respectively $100,000 and $75,000 if she would permit him to get a divorce and that she spurned the offer.

At 80 She's a Co-Ed

COLUMBUS, Ohio Sept. 17.—Mrs. A. D. Winship, aged 80 years, and a former resident of Racine Wis, but now of Columbus, registered yesterday as a student in the Ohio State University. Mrs. Winship will take an optional course, and says she is going to college simply because she likes to acquire all the knowledge she can. She has recently returned from Michigan, where she has been attending a summer school.

Stole to Make Dress for Baby

LOS ANGELES Sept. 17.—"I don't know why I stole, because I know it was wrong but I wanted to make a dress for my baby, who is in the Children's Hospital."

This was the explanation offered by Mrs Helen Whiting, 19 years old, arrested in a department store yesterday on a theft charge. The police believe a very valuable dress was planned, as they say $1000 worth of laces and other articles have been recovered. The woman had been employed in the store only since Saturday last.

Civil War Nurse Dies

CHICAGO, Sept. 17.—Miss Margaret M Miller, one of the last surviving nurses who brought wounded Union soldiers back to health during the Civil War, is dead at the residence of her niece here. Miss Miller was 83 years old.

When the war broke out she went into Southern territory. Most of her days of service were spent in the camps at Memphis and Nashville. After the war Miss Miller taught the children in South Carolina. She spent several years in the Southern schools and then came to Chicago

SCHWAB TO MEET CHINESE PRINCE

May Close Deal for Construction of Battleships for New Celestial Navy.

SAN FRANCISCO, Sept. 17. — Charles M. Schwab, president of the Bethlehem Steel Company, will arrive in San Francisco tomorrow morning in his private car, "Loretta," accompanied by Vice-President H. S. Schneider of the same company and another financier who has not been identified, for the purpose of conferring with Prince Tsai Hsun, uncle of the Chinese Emperor, who will arrive in the city Tuesday on the steamship Manchuria.

The conference is reported as having to deal with the construction of battleships for the new Chinese navy, which are under contemplation by the government and will likely number more than a dozen war ships, more than half of which will be of the first class while all will be modern in every particular.

BIG DEAL CONTEMPLATED.

Schwab, as president of the large eastern steel company and owner of the Union Iron Works of this city has bid upon the construction of the ships and his trip across the continent is said to have a direct bearing upon a deal with the Chinese officials, through which several of the ships at least will probably be constructed in San Francisco, providing for the re-opening of the iron works and the employ of thousands of men involving a tremendous outlay of capital and incidentally reviving the prosperous days of 1904, when the construction of vessels for the Pacific fleet was under way here, concluding with the launching of the cruiser California in that year.

News has leaked out that the plans and specifications drawn up under the direction of Schwab have received careful consideration by the Chinese government and that while the visit of Prince Tsai Hsun to this country is ostensibly for the purpose of studying naval conditions, the underlying reason is that a conference may be held with the bidders and that the works may be looked over, enabling the delegation to study the situation with its respective advantages for turning out the battleships

John A McGregor, president of the Union Iron Works, admitted last night that there was a possibility of the battleships being constructed in this city and that Schwab would confer with the Prince.

DOMESTIC STEALS COIN FROM WOMAN

Loots Desk of Mrs. Jane Darris, But Will Be Given Another Chance.

Called from the office in the Oxford apartments 614 Fourteenth street, for a few minutes, Mrs Jane Darris owner of the house, had $170 in gold coin stolen from her desk in her absence. The money was apparently taken by somebody familiar with the place, and Mrs. Darris immediately reported the matter to the police.

The theft was traced to a domestic in the house, and was returned almost immediately. Mrs Darris has refused to prosecute and the police will not divulge the name of the girl as it is the intention of Mrs Darris to give her another chance

ATHLETIC STUNTS ENGAGE PUPILS

Fremont High School Students Adopt Systematic Exercises.

MELROSE, Sept. 17. — Yesterday was "jumping day" at the Fremont high school and every pupil was forced to show up on the baseball diamond in the rear of the building and do a standard broad jump

The total feet of the combined jumps was then added up and divided by 200, the number of pupils in attendance, and the sum acquired was the average of the school

So many of the pupils of this school have been complaining that they could not show their athletic ability in football or base ball, for which games only a few are chosen, that this plan was finally adopted. It will give them all a chance to test their prowess. Next month the children will "chin the bar" and the average in this exercise will be reached in the same way.

Principal Rosseter will lay the matter before the board of education in an attempt to have this form of sport taken up by all the big high schools on this side of the bay and the five best in each school will compete against each other for the championship.

MUST KEEP HER SON WEIGHING 150 POUNDS

CLEVELAND, Ohio, Sept. 17.—If Mrs. Julia Knesbeck of this city allows the weight of her son Edward 19 years old, to fall below 150 pounds she will be arrested on a charge of neglect, Police Justice Levin ruled yesterday.

Mrs. Knesbeck had the boy arrested on a vagrancy charge two months ago. When brought into court he was emaciated and weighed only 120 pounds. Witnesses testified that the mother had starved him, and the Judge, dismissing the case, gave the boy into a friend's care.

Young Knesbeck was brought into court today and weighed. He tipped the scales at 154 pounds

The Judge returned the boy to his mother with a warning to give him plenty of food although she protested that she did not want him.

STATE BRIEFS

SAN DIEGO.—Daniel H. Bibb, son of a wealthy lumber man, accused of having passed a worthless check for $1750 on the Humboldt Savings Bank of this city, was brought back yesterday from Chicago, where he was arrested a few days ago at the request of the local authorities

STOCKTON.—The weather has cleared off and reports from the fruit and grain districts is that the rain has done no appreciable damage. The packing and shipping of table grapes was in progress yesterday and, though more careful culling is necessary, the growers are suffering no loss.

SAN DIEGO.—On account of the internal revenue receipts of San Diego, T. Parker, collector of internal revenue for the Sixth district, comprising ten counties in Southern California, announced before his departure for headquarters in Los Angeles yesterday afternoon that an internal revenue office and possibly a bonded warehouse will be opened in this city.

SAN JOSE—C. B. Elliott, a retired business man of Palo Alto, left an estate of $100,000 and a provision in his will and testament that in case any person should establish the relationship of wife or son to him they should receive $1. The will was filed today, and states that Elliott had neither wife nor children.

STOCKTON—With seven counties of the Sixth Congressional district represented by committeemen here yesterday, A. L. Cowell of Stockton was selected to make the race for Congress against J. C. Needham, in place of Henry Hawson of Fresno, who is ineligible to sit in the House of Representatives.

HOTEL METROPOLE UNDER NE

J. H. Hartwick, Well Known Boniface, Assumes Entire Charge of Well Known Caravansary

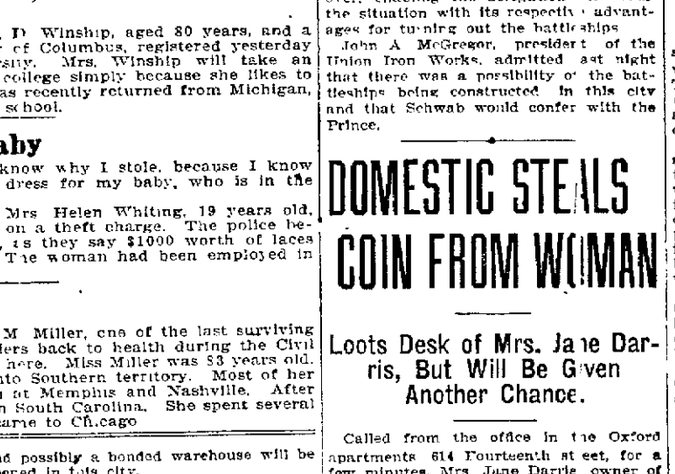
NEW HEAD MAKES COMPLETE CHANGES.

"Good morning, clerk, is Mr. J. H. Hartwick about?" "About what?" asked the clerk. "About his business, on the job—may I see him?" asked the reporter. "Certainly," said the clerk, "go right in." And he did.

The above conversation took place recently between a representative of THE TRIBUNE and a clerk at the Hotel Metropole and as there is no mystery about it it was simply due to the fact that a great activity has been lately noticed on and about the premises of this well known hostelry and to interview and welcome into our midst the new manager of the hotel, Mr J. H. Hartwick, whose fame as a boniface is confined only by the boundaries of these United States and whose friends among the great traveling public are legion.

Mr. Hartwick is the fine, bluff, genial walnuts-and-wine type of host whose every thought is for the welfare of his guests and whose every effort is to make you feel as much at home as though you owned the place or at least had a half interest in it. The affability of a politician, the tact of a diplomat and the cleverness of an insurance solicitor contribute to make up in Mr Hartwick as clever and splendid a gentleman as one could meet in a month's journey and in less time than imaginable you want to call him "Jimmie." Although rather modest in talking about his affairs, once having met Mr. Hartwick one is not surprised at the splendid success he has made in his chosen line. Starting in the hotel business at the early age of seventeen, Mr Hartwick has had a long line of successes Early in life he was the proprietor of the Palace restaurant in Marion, Indiana. He made such a success of this enterprise that in four years he was given an opportunity to become the proprietor of the Spencer Hotel of Marion, Indiana, a first-class commercial hotel of one hundred and seventy-five rooms. He remained here seven years, building up, by his unfailing tact and courtesy, a splendid business and making a host of friends His fame spreading to California he was offered the assistant management of the beautiful Hotel Potter at Santa Barbara, which he accepted. Remaining here for two years and a half he left only to help start the tremendous Hotel Maryland at Pasadena, one of the largest and best appointed caravansaries on the coast Here as assistant manager he also stayed for two years and a half and the immediate and tremendous success of this undertaking was in a large measure due to Mr. Hartwick's able management and to the patronage of his many friends. For the last two seasons he has managed the Capitola Hotel, one of our largest summer resorts, and as usual his success was immediate. In fact, under Mr Hartwick's management the two seasons were the biggest and best in the history of the ten years preceding, in spite of numerous counter attractions that caused many summer resorts to go under the hammer. Last year he assisted in the management of the Hotel Manx in San Francisco and left only to take entire charge of the Hotel Metropole of our beautiful city. Mr Hartwick took hold September 7 of this month and immediately things began to move. Realizing the necessity of having a first-class, up-to-date hotel in every respect to compete with the ever growing hotel industry of our fair city, Mr Hartwick made a clean sweep from garret to cellar. First a new system of doing business was installed. Mr. Kellogg, our former well known night clerk, was made chief clerk and Mr. Charles Engles, formerly chief clerk of the Hotel Capitola under Mr Hartwick, was added to the hotel management Then Mr. Hartwick started on the building. Painters, decorators and carpenters were requisitioned and put to work, tearing up and rebuilding, painting both inside and out until our famous hotel had an entire new aspect and at present looks like a twentieth century dandy made up for a ball, and hush—lest some of our prohibition friends take offense, the bar has been entirely refitted and equipped both in wet and dry goods—brut. and sec. The dining room has been entirely gone over and is as bright and cheery a place to breakfast, lunch or dine in as one can find around the bay. A 'bus will meet all trains to assist the train-weary people to rest and good cheer. To be consistent with all the new glories of the place even the bellhops, of which there is an ample crew to insure the best of service, have been newly and splendidly tailored and equipped.

Mr. Hartwick will cater particularly to the theatrical and commercial people, and realizing that the people of these professions are naturally the most difficult to please, demanding the best the



HOTEL METROPOLE.

ing room service in every respect. M. V. Rousseau, the popular chief of the St Francis Hotel of San Francisco, will be in charge of the culinary department and any one who has dined at the St. Francis in the last two years knows that M Rousseau can get up a feast that would tickle the palate of Epicurus or that famous gourmet of ancient times, Lucullus, himself. M. Rousseau and Mr Burggraf, under the supervision of Mr Hartwick, will make a feature of banquets, special theater parties and wedding breakfasts in the beautiful banquet hall that is modeled on the style of the tapestry room of one of our famous hotels.

All in all Oakland in general and the owners of the Metropole in particular are to be congratulated in obtaining for their own the services of an ideal boniface, and we believe all Oakland will join with THE TRIBUNE in wishing Mr J. H. Hartwick the best and greatest success of his already success ful career.

"Good bye, clerk," said the reporter "Good day," said the clerk. "Was Mr. Hartwick about?" "About what?" asked the reporter. "About his business—on the job," chuckled the clerk. "All of the time," smiled the reporter. And he left.

J. H. HARTWICK.

ACCUSES EMPLOYER OF WOOING HER WITH GUN

Mrs. Lillian Brown Charges Jesse Davis With Trying to Kill Her.

SHE HURLED CRUET AT HIM IN DEFENSE

Man Retorts Woman Carries Pistol in Her Stocking to Slay Him.

(Continued from Page 1.)

"Do you see this Lillian" was the way he started things

"Have you decided to love me?

I told him I certainly hadn't.

"Well this is what you get if you don't" he blustered. And he threatened to discharge the revolver.

"I'm not afraid of that," I answered. "I have seen a few weapons in Kentucky and I told him it would take a bigger gun than that to frighten me that I had taken a job there and meant to stay for awhile.

VINEGAR CRUET WAS "HANDY"

Davis walked away after lowering the gun. But after a few days he started in again. I had been helping in the kitchen while he was away on a two weeks self imposed vacation, but had returned to the dining room to work. He called me vile names because I had been put to work in that department by some one else and he threatened to put me out, dead or alive. He started toward me and I threw a vinegar cruet at him in self defense driving him away. He took a couple of drinks and went to his room where he lives alone in the rear of the restaurant. Incidentally he has a wife and three children living somewhere in the east. I've been told.

DAVIS DISAPPEARS

The next day, which was July 4 he was nastier than ever calling me and my daughter who was with me in the restaurant the vilest names. I called a officer, but before he arrived Davis escaped and remained away for three weeks.

"In the meantime I had obtained a warrant for his arrest on a charge of disturbing the peace. He returned but it was about a month before the warrant was served and Davis arrested. The officer who had the papers neglected his duty — you can take that from me.

THREATS TO KILL ALLEGED

Before his arrest Davis threatened to come to my house (where I was then living alone with my daughter and kill us both, some fine night. And after his arrest, his partner William Parker, threatned to blacken my character if I pressed the case further.

I am no longer working at the restaurant but living with my husband from whom I was estranged for a time.

NOT THROUGH WITH HIM

I want to make it strong that Davis hasn't been punished enough.

He started in by calling me "brown eyes" and you see what has come of it. Besides my eyes aint brown. They're as blue as this tailor suit.

Davis tried to bully me with talk about how I should treat him if I expected to remain in his employ. And he started something he couldn't finish.

Just then Mrs. Brown's eyes — which are not brown — were caught in the act of snapping.

SAYS SHE MADE THREATS

At his restaurant in Fruitvale this morning Davis declared in answer to Mrs. Brown's charges that he had never threatened her life but admitted that he had attempted to hug her.

I didn't mean any harm in doing so, however, he said.

Mrs. Brown is described by many people in Fruitvale as asserted Davis. She has created several scenes in the town and besides has threatened to shoot me. She carries a gun in her stocking.

Her husband is employed at a salary of $125 a month but does not contribute to her support. In fact he has very little to say concerning her.

HAYWARD'S HORSE CAR FRIENDLESS

Citizens Would Banish It to the Scrap Heap; Appeal to Board of Trade.

HAYWARDS Sept. 17.—Is the old horse car which makes hourly trips between the Southern Pacific depot and B street and which first attracts the eye of the visitor to Hayward to continue its weary way back and forth from indefinite time or will the city fathers have to do away with it?

This is the question of the hour among property and business men of the town.

Prominent citizens have asked the Oak and Traction Company several times if it would not abolish this out of date mode of travel an dinstall in its place a new electric line but so far have received no answer and so have taken it upon themselves to go before the Board of Trade at its meeting and see what they can do.

DANISH DELEGATES TO MAKE HAYWARD VISIT

HAYWARD Sept. 17. — Local lodge Thyra of the Danish Brotherhood of America is making extensive preparations for entertaining about 600 members of the society who are to pay a visit to this city about October 1st preparatory to going into convention at Fresno.

The lodge has asked the co operation of the local Chamber of Commerce in the matter. Special cars will convey the delegation from Oakland to this city and it is expected that the party will spend about two hours here. The visitors are from all parts of North and South America.

DARK EYES AND RED LIPS HYPNOTIZED 'SHERIFF BOB'

MME. LINA CAVALIERI, Robert Chanler's charmer, and Chanler in the parlor of the singer's home during the days when Sheriff Bob wooed.

NEW YORK Sept. 17—Counsel for Mme. Lina Cavalieri the singer said today that his client proposed to fight for her rights and was coming to this country to see that the pre nuptial agreement whereby Chanler turned over to the diva what is said to be his entire fortune was carried out.

W. Russell Osborn counsel for the singer flatly denied that Mme. Cavalieri had asked for or accepted a compromise from the Chanler family rather than engage in litigation to defend the pre nuptial agreement.

Mme. Cavalieri said: "I stands on her rights and she is coming over here to see that she gets them."

HYPNOTIZED BOB

The wonderful eyes of a beautiful woman looking down into his, the touch of a velvety arm on his and the pressure of warm red lips against his own hypnotized Robert Chanler, so it is stated in New York society circles in explaining how Mme. Lina Cavalieri, songbird and beauty, made him pay for the privilege of kissing her to the altar.

The ante nuptial agreement was signed here yesterday and with it in the safe silence that Chanler has maintained was broken. He tells of a conference with the beauty when two agreements one in French the other in English were on the table before them.

HESITATES A MINUTE.

"For a minute I hesitated," pen in hand," said Chanler today. "It meant much to me. His signing away of every cent I had in the world. I was hesitating for his distant fortune.

"Suddenly my fair one arose from her seat. With smooth rhythmic motions she took her pen and lifted from the nail the French agreement. With true flair and she lifted the English agreement and then she threw both arms about my neck and pressed her lips on my face. Great heavens I was undone! My breath almost left my body. When I felt those velvety arms about my neck and when I felt the pressure of her lips upon my cheeks and when I literally breathe 'Oh Robert I love you' me God I'd have signed away my soul."

TO CURB CREDITORS

If Mme. Chanler cared to attempt to escape the bonds to carry out the terms of his pre nuptial contract the filing of criminal information yesterday by his lawyers will be first step in any effort to deprive her rights between him and his creditors who it is supposed will contest the agreement.

Before his marriage to Mme. Cavalieri Robert Chanler married Miss Julia Chanler from whom he is divorced and by that marriage there are two children Dorothy 6 years old and Julia 2 now living with their mother.

TROUBLE ARISES OVER QUAY WALL CONTRACT

Pacific Surety Company Cancels Bond of Carterra People; Action Questioned by City Attorney

An attempt of the Pacific Surety company of California to cancel the bonds guaranteed the Carterra Contracting company to faithfully perform the contract for the construction of 600 feet of quay wall for the city on the estuary water front has thrown the harbor improvement matter into a state of hopeless confusion which may lead to extensive litigation in the courts.

The contract was to have been assigned by the Carterra people to Hinshaw and Brother of San Francisco but for some reason this has not been done and the bonding company is making an attempt to withdraw its guarantee amounting for labor material and performance of contract to $1[illegible] 00.

Trouble with the Carterra company arose soon after the contract was awarded it as the lowest bidder of $[illegible] 000 being approximately $100 000 under the estimate of City Engineer Turner and Superintendent Rivers. This took shape as an attachment filed against the $[illegible] 000 certified check.

ANXIOUS TO ASSIGN

It developed later that the Carterra company on account of its affairs with San Francisco and other work was anxious to assign the contract to another company. Officials refused to assign the monies of the said fund to the works of Oakland, whether there would be any objection to this assignment and as the Hinshaw firm is better known than Carterra and is considered substantial by the officials, has been granted consent and probably will have since been awarded the formal assignment of the contract.

In the meanwhile Hinshaw Peterson and Engineer Turnbull have arrangements for leasing the property at foot of Clay street for basis of operations on the 600 foot quay wall. All seemed to be progressing well and all that stood in the way to the commencement of actual work was the formal assignment of the contract and its official ratification by the board of public works of Oakland.

CANCEL BONDS

This morning a communication from the board of public works in the form of a letter from the surety and bonds company giving notification of formal cancellation of the bonds. According to City Attorney John W. Stetson, this is not the end will be forfeited if the work is not performed and failure to commence actual within a certain time will result in letting the contract. The money so obtained will be used to read vertise for bids again.

The letter which brings news of trouble follows:

Board of Public Works City of Oakland Gentlemen: In the application of Hanstrough Bros. Co. we furnished bonds for the Carterra Contracting company in the sum of $[illegible] with its proposed bid to furnish the necessary material and perform the necessary work for the construction of a concrete quay wall on the waterfront in connection with the construction of Inner Channel and harbor and the estuary between Webster and Market streets in the city of Oakland upon the terms and in accordance with the agreement that a [illegible] legal assignment of said contract should be made by the Carterra Contracting Company to Hanstrough Bros. with the approval of the Board of Public Works of the City of Oakland and that a assignment should not be therefore delivered to the said Hanstrough Bros. we elect to consider the bonds as inoperative and void and please take notice that the bonds of the said Guaranteeing company will not be held in the sum of $111 500 providing for the claims of material men and laborers are and each of the same hereby is hereby cancelled and shall be considered as of no effect.

Yours truly,

JOHN H. ROBERTSON

Vice President of the Pacific Surety Company of California. Offices First National Bank Building, San Francisco.

BODIES FOUND ON ENGINE'S PILOT

Two Men Mangled by Fast Express Train Near Baltimore.

PHILADELPHIA Sept. 17 — Tightly wedged in the pilot of an express train on the Baltimore and Ohio railroad the bodies of two men and mangled and supposed to be those of Arnold Cullen and Isaac Culmore Belcamp Md. were found today when the train arrived in this city.

In addition to the bodies parts of which were missing a piece of a horse blanket and a portion of what is believed to have been a carriage wheel were found on the locomotive.

In the pockets of the clothing on the bodies were found letters containing the names and addresses also a gold watch. These are the only clews to the identity of the men the railroad people have.

The fact that the men were killed by the train was not discovered until the train reached this city.

SEEKS TO RAISE BAN ON CITY COUNCIL

City Attorney John W. Stetson gave notice in the Superior Court this forenoon that next Monday he would enter a motion to quash the writ of prohibition issued upon the complaint of John Gelder representing the Tri City Rotary Club restraining the City Council from granting to the Southern Pacific Company the water franchise proposed in the ordinance that was held up by the institution of the suit.

This will force to an early issue the fight that Gelder has precipitated.

The City Attorney's forthcoming motion to quash contains no allegations that would grant the court in restraining the City Council from passing the ordinance and that therefore Gelder is entitled to no relief from the court.

OLD AGE DRIVES WEALTHY MAN TO SUICIDE

SAN FRANCISCO Sept. 17 — Weakened by ill health and dependent because of illness Arthur W. Blundell well known retired grain merchant of this city committed suicide this morning at his residence 1936 Bush street. He was found this afternoon by Robert E. PIONEER, INVOLVED IN TERRY DUEL, DIES HERE

Samuel Brooks Played Part of Second, and Later Was Active in State Politics

Samuel Houston Brooks, veteran of the civil war and a pioneer of this state died at the home of his daughter Mrs. John O. Reis, 62 East 20th street yesterday afternoon at the age of 81 years following a lingering illness. Brooks was the last man left alive of the most notable duel which was the part he played in the famous duel between Senator David C. Broderick and Judge D. S. Terry that took place near the Lake House Ranch Laguna Merced San Mateo county in 1859, resulting in the death of Broderick within three days after the shooting.

It was his death bed revealed the true story to his grandson Jack Reis, student in the University of California and a member of the Zeta Psi fraternity who took the story in shorthand and promised the dying man that he would not reveal its contents.

The real story of that duel has never been told said Reis last night. "So far as I know and from the relation of the incidents of it by my grandfather the reason for the fatal fight and the details of the fight itself I am convinced that the truth has never been known.

STORY NOT TO BE REVEALED

I have the notes of my grandfather's statements but I made him a promise as he lay on his deathbed that I would not reveal what he had told me. Aside from that I do not know of any reason why the matter should not be made public but I will have to consult my mother before making it public. I cannot give it out tonight under the circumstances.

The duel took place in September of that year in the early morning as the result of carefully laid plans. It was the outgrowth of a hatred between the two men which had existed for some time being caused, it is supposed by the opposite stands which the men took on the anti slavery movement when the strife between the factions was still in its infancy. Broderick was a close friend of Stephen A. Douglass while Terry a friend of United States Senator W. M. Gwin opposed Broderick and fought for slavery.

In the duel which stirred the whole country at the time each man selected his seconds. Perry Rose Brooks and Calhoun Benham Broderick was accompanied by Joseph McKibben and General D. D. Colton. Terry killed his opponent and in 1889 met his death under somewhat similar circumstances at Lathrop Cal. in the dining room of the railway station when he was shot by David Nagle a United States deputy marshal who had been detailed to guard the person of Justice Stephen J. Field.

In guarding Terry stepped the face of the justice and was immediately shot by the deputy. Nagle inflicted by the San Joaquin county grand jury, but influence was brought to bear the Department of Justice interfered and United States Circuit Judge Sawyer decided that the state did not have jurisdiction. In a later hearing the decision was upheld and Nagle finally released by the higher tribunal.

ACTIVE IN POLITICS

Samuel Houston Brooks was born near Memphis Tenn. and went to Texas at an early age remaining there for a few years after which he came to California arriving here in 1850. He took an active part in politics and was elected county treasurer of San Joaquin county later on holding the office of state controller. From that office he resigned to return to the South, where he enlisted in the Confederate army serving throughout the conflict. After the war he returned to Texas where he took up a plantation in Morton county. With fond recollections of the West he soon left Texas for California for the second time and located in San Francisco as a stock broker. In 1885 he was appointed sub treasurer in San Francisco by President Cleveland and was afterward elected treasurer of the city and county government.

Until recently Brooks has lived in that city returning to this side of the bay when his health began to fail rapidly.

He is survived by three daughters Mrs. John O. Reis of this city, Mrs. J. B. Fibbits and Miss Lucy Brooks of San Francisco and a son Sam Houston Brooks also of San Francisco.

Arrangements for the funeral have not yet been completed.

ARIZONA MILITIA MEETS REGULARS IN WAR PLAY

Guard Is Praised by Noted Fighters and Campaigners of Southwest.

FAMED YOUNG INDIAN SCOUTS IN MANEUVERS

Colonel A. M. Tutthill of California Will Command Joint Action of State Troops.

CAMP ATASCADERO Cal. Sept. 17—The National guard of Arizona consisting of two battalions of infantry which arrived on special trains at last night, united to camp here today and in a few hours was ready to participate in the joint militia and regular army maneuvers directed by Brigadier General Tasker H. Bliss. One of the principal objects of the maneuvers is practical work for the militia of California Arizona and New Mexico with the regular army.

The Arizonans are the first of the National guard to join the regulars in the war play and are commanded by Col. A. M. Tutthill of Morenci with Captain P. Kisling of Clifton as adjutant. The territorial troops are an interesting aggregation typical of the Southwest. Many of them are old fighters and old time cowpunchers. A company of Yuma Indians famed as scouts is included among the Arizona battalions.

MILITIA PRAISED BY REGULARS.

Col. Van Schaick chief quartermaster and his assistant Lieutenant Widdefield superintended the transportation of the baggage and equipment from the station in wagon trains the trip being made in record time as the Arizonans were not encumbered with much personal luggage. The quickness and skill with which the militia pitched camp elicited praise from the regulars encamped near them. Drill concluded the day for the Arizonans and will take the field with the regulars on Monday. Major F. J. Koster of the Thirteenth United States Infantry has been appointed their instructor.

A full regiment of New Mexico infantry, two troops of cavalry and a battery of light field artillery from the territory under command of Adjutant General A. B. Brookes will be in camp late today.

The regulars moved out into the field today for battle maneuvers, regiments and heavy firing shortly before noon denoted sharp engagements to the west and north of camp.

MINER DIES AFTER LINGERING ILLNESS

James Pearce, Who Gained Wealth in Arizona, Passes Away at Home Here.

After a lingering illness of many months James Pearce a well known mining and cattleman of Tombstone Arizona, died last evening at the family residence, 1011 Sixty first street where he had made his home for the past fifteen years.

Most of his life was passed in the mines of Arizona where he is widely known. He was an experienced miner and held large mining interest in that state.

The deceased was born in Cornwall, England sixty five years ago. He is survived by a widow Maria Pearce two daughters Mrs. John Hatters and Mrs. Richard Kinsman and two sons John and William Pearce who reside in the city.

Arrangements for the funeral have not yet been made.

GUNNER'S MATE SHOWS REMARKABLE COURAGE

WASHINGTON Sept. 17—Cool courage and self control were exhibited by Emil Falk a gunner's mate on the battleship Georgia Sept. 4 when in the effort to save the life of a shipmate, James F. Stanley, who had gone overboard from the steel deck of the battleship and lighter hauled from which she was coaling.

This act according to the acting head of the Navy Department was fraught with the greatest courage and not only to the individual who pushed his own life in peril to the end but to the entire undertaking.

In acknowledgment of this bravery the Navy Department has officially commended in the highest terms the conduct of Falk who is a native of Milltown, N. J.

OAKLAND TRIBUNE EDITORIAL PAGE

W. E. DARGIE,
President

The Scholar in Politics.

Dr. Woodrow Wilson's nomination for Governor by the New Jersey Democrats opens up a field for interesting speculation. Considerable jocose comment has been provoked by Harper's Weekly's persistent booming of the president of Princeton for the Presidency, but Dr. Wilson is nevertheless an able man and a scholar of distinction, and has displayed executive capacity of a high order as the head of the great Presbyterian college. His election to the New Jersey Governorship would at once make him a Presidential possibility, for he would be an ideal candidate for conservatives and school men. How he would be received by hoi polloi is another matter.

Dr. Wilson has a taste for politics and on several occasions has manifested an inclination to get into the political swim. He was born in Virginia, and politics is in the blood of all true Virginians. His political bent is disclosed in various books, essays and addresses dealing with domestic history and economics. He is a Democrat of the old school—a tariff for revenue and State's rights doctrinaire of the type familiar in the old South. He is a man of character, dignity and learning, frank of speech and without sympathy with what Henry Watterson calls "the frothy radicalism that rushes from one extreme to another without the slightest heed to constitutional limitations." As an ardent admirer of Grover Cleveland he could hold no political communion with William Jennings Bryan nor feel his heart throb in response to the cross of gold rhetoric which carried the Democratic national convention off its feet in 1896.

He belongs to the school of the late William L. Wilson, who was chairman of the Ways and Means Committee in the last Democratic House of Representatives, and who was swept out of office and back to the schoolroom by the popular repudiation of the Wilson-Gorman tariff act of 1894.

Dr. Wilson's election is not at all unlikely. The Republican party in New Jersey is badly rent by internal discords, and the State has natural Democratic predilections. Moreover, Dr. Wilson has the respect of all classes, and will be backed by powerful elements not partisan in character. The voters may turn to him as a relief from the contending factions and squabbling politicians in both parties, assured that the election of Princeton's president would place an upright and sincere man at the head of the State government. In that event we should see how the "scholar in politics" would acquit himself as an administrator of public affairs.

Henry Cabot Lodge, Massachusetts' scholar in politics, turned out to be a practical politician of the most approved type; for twenty years he has bossed the Bay State Republicans, and is today being attacked for his adoption of the organization method in directing party affairs. Dr. Wilson might turn out to be equally practical in dealing with political matters. Should he do so, there would be some likelihood of his getting the Presidential nomination.

The Republican party is still the hope of the nation, even if Maine did go h—ll bent, which is another way of saying she went Democratic.

The New York Evening Sun says Colonel Roosevelt is scheming to establish a Theodocracy in this country. The Sun appears to be a trifle behind the times. A Theodocracy has already been established.

In Chicago Colonel Roosevelt would not sit at the banquet board with Senator Lorimer, but at the home of his son-in-law, Congressman Nicholas Longworth, in Cincinnati, he received with great cordiality George B. Cox, the Republican boss of the Ohio metropolis. Cox is the man who gives Son-in-law Longworth his nominations to congress. He is also the man President Taft, then secretary of war, denounced as a corrupting influence in politics. It was generally supposed that Taft spoke for Roosevelt in making that speech, in which he advised Republicans to vote against the Cox ticket, but the warm reception the colonel gave the Cincinnati boss rather contradicts that impression. Evidently the colonel regards Cox as a good boss, and not the mercenary creature Taft pictured him to be.

Apropos the refusal of Roosevelt to break bread with Lorimer, somebody (not a clergyman) has called to mind that Jesus sat among publicans and sinners. But what of that? Roosevelt is not Christ.

Of the cities which have had their population reported by the census bureau Oakland shows the largest percentage of any city of its class—that is, towns having from 50,000 to 100,000 inhabitants in 1900. A few smaller cities show a larger percentage of increase, but Oakland holds the palm for cities of her class. Her increase during the decade just ended was 128 per cent. But, it may be argued, Oakland annexed a considerable district since the census of 1900 was taken. This is true, but the district annexed contained a very small population ten years ago. The increase for all the territory now included in the city limits of Oakland is fully 100 per cent—a little more, in fact. The total population was about 74,000 in 1900. It was a little over 150,000 when the count was made last spring. In 1900 the old city of Oakland contained 67,960 inhabitants. It contains 121,000 now. That's growing some. And we've got a lot here that the census man didn't count.

William Jennings Bryan says the Democrats must nominate a radical in 1912. This is obviously a swat at Governor Harmon of Ohio. Bryan has never forgiven Harmon for carrying Ohio when the State went against the peerless one.

The census returns show that two more American cities—Cleveland and Pittsburg—have entered the half million class which now numbers five. In 1900 St. Louis, Boston and Baltimore, in the order named, contained over 500,000 inhabitants each. By the time the next census is taken Detroit, San Francisco and Buffalo will all be in the half million class. Detroit is close to it now, having 460,000 inhabitants. Chicago has passed the 2,000,000 line and Philadelphia has gone above the one-and-a-half million mark. Oakland, Atlanta, Dayton, Nashville, Richmond, Bridgeport, Cambridge and Albany have gone beyond the 100,000 line, with more than a dozen other cities crowding it. Dallas, Houston and San Antonio in Texas all have a population exceeding 75,000, and Schenectady, Troy and Utica in New York are in the same class. In Massachusetts, New Bedford, Lowell and Springfield are ranging up toward 100,000. So is Norfolk, Virginia, Akron, Ohio, Fort Wayne, Indiana, Kansas City, Kansas, Des Moines, Iowa, Knoxville, Tennessee, Trenton, and Camden, in New Jersey, and Duluth, Minnesota. Urban growth has been marked in Texas during the decade just passed. No less than forty cities in that State have free mail delivery, and one city, Dallas, is in the first class as regards the postmaster's salary. The postmaster of Dallas receives $6000 a year. Only in New York is the postmaster's salary higher.

The Beef Trust's Conception of a Farmer

—ST. LOUIS WEEKLY GLOBE-DEMOCRAT.

One Insurgent Leader Defeated.

In New Jersey Congressman Fowler, one of the insurgent leaders, has been defeated for renomination. Mr. Fowler quarreled with the Speaker during his previous term when he was at the head of the committee on Banking and Currency. He opposed the currency bill enacted by that Congress despite the fact that it was approved by the Republican caucus, and lost his chairmanship in consequence. He has been violently insurgent ever since; at various times he has displayed hostility toward the administration. On party questions he usually voted with the Democrats during his present term, and made his campaign for re-election in open antagonism, not only to Speaker Cannon, but to President Taft. His defeat and the elimination of Butler Ames in Massachusetts will leave Congressman Bennett of New York alone of the insurgents east of Ohio, if we except a sort of half and half Representative from New Hampshire. In New England, New York, New Jersey, Pennsylvania, Ohio, Maryland and Delaware insurgency has very little strength in Congress now, and will have still less in the next House. Insurgency in that group of States takes the form of acknowledged Democracy.

The story that President Taft will step aside for Theodore Roosevelt in 1912 is dated from Beverly, but it probably originated in Oyster Bay.

Colonel Roosevelt denies with emphasis that he will be candidate for governor, but says he intends to control the New York State convention. Apparently he intends to boss the job, even if he does not accept the office.

The Law of Liberty

By REV. F. L. GOODSPEED, Pastor First Presbyterian Church.

James 2:12. "So speak ye, and so do, as they that shall be judged by the law of liberty."

Said Madame Roland on the way to the guillotine, "Oh, liberty, how many crimes are committed in thy name!" Liberty is not license. Liberty is not the right of every man to do as he pleases. Government is not an artificial contrivance. Law is not an authority which one man assumes to exercise over another man. We are born into government when we are born into the world. We are born under a realm of law and into a society where law is wrought into its very structure.

F. L. Goodspeed

Anarchy is modern diabolism. When every man is doing "that which is right in his own eyes," Satan is having his own way. Liberty under law developed a race of men before whom despots trembled, but license paralyzes the moral faculties to the eternal distinction between right and wrong. The Decalogue did not originate with Moses; it was elaborated out of the human frame and the human mind. Law is fundamental and constitutional, and he who denounces law not only denies the God who organized it into the nature of things and into the nature of man, but denies himself and becomes an anomaly, a monster in the universe.

Law is before all written expressions of it. It was the saintly Hooker who thus defined it: "Of law nothing other can be said than that her seat is in the bosom of God and her voice the harmony of the world." A man can never get away from law until he gets away from himself, for law is not constraint from the outside. It is something born with him and within him. He is hedged about by physical and material and mental laws, and only by obedience to them has he made any progress in civilization. He defies them at his peril. If he defies the law of logic, he belongs to the lunatic asylum. If he defies the law of mental processes, the law of the intellect, he belongs in the home for feeble-minded. If he defies the laws of the state, he belongs in the state prison.

ON THINKING GLAD.

Never mind a change of scene—
Try a change of thinking.
What if things seem sordid, mean,
What's the use of blinking?
Life's not always storm and cloud,
Somewhere stars are shining.
Try to think your joys out loud,
Silence all repining.

By degrees, by thinking light,
Thinking glad and sweetly,
You'll escape the stress of night,
Worry gone completely.
Get the habit of looking for
Sunbeams pirouetting,
Tapping gaily at your door—
Surest cure for fretting.

TOIL OF PLEASURE

The message carried by a little girl to her father's employer to the effect that he could not come to work that morning because he was too tired, after a three days' rest in the country, is not so paradoxical as it appears at first sight. The employe who gets a day or two of respite from "the demolition grind" is continually haunted by the spectre of the end of his all-too-short vacation, and overdoes it in the attempt to taste as many as possible of the low-priced sweets of life.

The good effects of a vacation, however, are not felt when one returns to work. It is not reasonable that any improvement in health, spirits or disposition should be perceptible immediately upon a cessation of work or change of environment. That comes later, and is to be seen in better work, more easily performed, on getting into harness again.

Much is sometimes made of the fact that employes have their Sundays, and that there are altogether too many public holidays and breaks in the business year. But to a great many men, overwhelmed by great business enterprises and distracted by little business cares, Sunday is more or less of a bore. To many who for six days and nights are whirled along in the commercial rush and the business machinery it comes as a time to stop and think, and the thoughts that come are often not pleasing to dwell upon.

The world knows very little of the lonely hours passed in the ballroom with the big Sunday papers by the business men and women in our large cities. And the complaint of the little girl, who, after being punished for disturbing her father's Sunday nap under the newspaper, ran crying to her mother that "the man who sleeps here Sundays" slapped her, is not wholly an untrue picture of suburban conditions of life.

In higher circles, the business of the pursuit of pleasure is fast becoming arduous. Rapid transit and ease of communication have contributed to make it possible to crowd into the twenty-four hours more social engagements than were ever before thought of; and the duty calls, return of social obligations and the formal discharge of all that is now expected of those in polite society are exacting in the extreme. While the conditions which have come about are subjects for much ridicule from some quarters, they will no doubt adjust themselves in time, for the balance swings wonderfully true, and "the whirligig of time brings in its revenges."—Washington Post.

THE VETERAN'S GENIUS

We thought we would go out to Concord, the home of Emerson and Hawthorne. We stopped for luncheon at the inn where Major Pitcairn made his boast, as he drank his toddy, about licking the damned Yankees before night, or daylight, or some time. At the inn they were kind enough to send for an old gentleman to show us about Concord, and before we had finished our luncheon he had drawn up before the door in his two-seated phaeton.

He was a veteran of the Civil War, our guide, and bore his scars, and there was no one in Concord who knew so much about its celebrities. Emerson, according to his account, was his intimate. "Why," he said, "Emerson would much rather talk to me than to some of them big fellows. And as for children, my, how Emerson did love children! He'd stop as he was going along in the streets and play with 'em."

But he didn't have much opinion of "old Alcott," as he called him. "Them girls o' his," he said, "they'd save and save, and once they'd scraped $5 together. They put it under a little vase on the mantelpiece, and while they was all gone out of the house but old man Alcott, a tramp come along—and do you think he didn't give that $5 bill to the tramp?"

We came to the habitat of Thoreau, for whom he cherished a contempt. "You know all that talk about his livin' on thirty-eight or thirty-nine cents a week? Well, I know good and well he used to go to the neighbors and get doughnuts."

"Thoreau died an old bachelor, didn't he?" queried one of the phaeton's occupants.

"Yes; he never married."

"Didn't he ever think of it?"

"Well, I believe they did say he tried to marry old man Bartlett's daughter, but she wouldn't have him."

How geniuses dwindle when their haunts are invaded. Old man Bartlett's daughter wouldn't "have" the author of "Walden Pond," or better still, the man who, being asked shortly before his death if he had made his peace with God, had answered sweetly: "I didn't know that God and I had ever quarreled."

But we didn't dare tell the old veteran this. He would have sniffed the air.—Boston Herald.

AMAZING MARRIAGES

The strange customs of insects are dreadful and contrary to what happens in every other world, here it is the female of the couple who stands for strength and intelligence and also for cruelty and tyranny, which appear to be their inevitable consequence. Almost every wedding ends in the violent and immediate death of the husband. Often the bride first eats a certain number of suitors. The type of these fantastic unions could be supplied by the Languedocian scorpions, who, as we know, carry lobster claws and a long tail supplied with a sting, the prick of which is extremely dangerous. They have a prelude to the festival in the shape of a sentimental stroll, claw in claw; then motionless, with fingers still gripped, they contemplate each other blissfully, interminably; and day and night pass over their ecstacy, while they remain face to face, petrified with admiration. Next, the foreheads come together and touch, the mouths—if we can give the name of mouth to the monstrous orifice that opens between the claws—are joined in a sort of kiss; after which the union is accomplished, the male is transfixed with a mortal sting and the terrible spouse crunches and gobbles him down with relish.

But the Mantis, the ecstatic insect with the arms always raised in an attitude of supreme invocation, the horrible Mantis Religiosa or praying-insect, does better still; she eats her husbands (for the insatiable creature sometimes consumes seven or eight running) while they press her passionately to their heart. Her inconceivable kisses devour, not metaphorically, but in an appalling real fashion, the ill-fated choice of her soul or her stomach. She begins with the head, goes down to the thorax, and does not stop till she comes to the hind-legs which she deems too tough. She then pushes away the unfortunate remains, while a new lover, who was quietly awaiting the end of the monstrous banquet heroically comes forward to undergo the same fate.—The Forum.

20 YEARS AGO IN OAKLAND

Commenting on the nominees of the Republican county convention which was held yesterday, THE TRIBUNE says:

"Judge W. E. Greene thoroughly deserves his renomination.

"Judge F. W. Henshaw will bring to the ticket the support of a number of young men with whom he is unusually and deservedly popular.

"W. H. H. Hussey demonstrated his bravery on the field of battle, so, if as Sheriff he should be called on to do and dare, he will not be found wanting.

"In Rod W. Church the county has already found a faithful, accommodating and peculiarly efficient servant. His conduct of the Recorder's office for two years past cannot be too highly spoken of.

"Socrates Huff is an ideal County Treasurer.

"George W. Frick is one of the best educators in California. His heavy vote for superintendent of county schools shows his great popularity.

"A. L. Stone is a rustler. As Tax Collector he will see that every one pays up.

"Myron Whidden, for Auditor, will make the Democrats hustle in Murray township to make any showing whatever, so popular is he in the eastern part of the county.

"George W. Reed as District Attorney has well earned the compliment paid him by nominating him by acclamation.

"James Stanley, the "horney-handed" blacksmith, has discharged the duties of Public Administrator for the past two years so well that there was no such thing as making head against his candidacy for renomination.

"George Nusbaumer has been tried, year after year, as County Surveyor and his popularity does not abate in the slightest particular.

"Henry Evers had a walkover, and justly so, for the office of Coroner.

"Hon. William Simpson earned his nomination for the Senate by his record in the lower house at the last session of the Legislature.

"Frank Fowler, for the Assembly in the Fifty-first district, is known throughout the county.

"Fred Bryant of San Leandro, for the Assembly in the Fifty-second district, is known to and liked by probably nine-tenths of the residents of the district.

"E. G. Cram is a successful real estate man and has been a supporter of the Republican party in the Third ward. He is a strong man for the Assembly in the Fifty-fifth district.

"Almon Ames is particularly popular in Berkeley and will swell the Republican victory.

"Bart Morgan and D. W. Martin could not be improved on as Supervisors.

"City Justice Frank R. Ogden, like Charles E. Snook, was complimented by a nomination by acclamation.

"Of John J. Allen the other nominee for City Justice, nothing but good is heard."

GOSSIP FROM SAN FRANCISCO WEEKLIES

The Wonderful Crocker Ball.

The debut of Miss Ethel Crocker was made successfully last week at a ball that will long be remembered for its brilliance It was no wonder too for the atmosphere of simple cordial hospitality that prevailed in all the splendor of its setting No more beautiful entertainment has been given in California not excepting the much discussed orchid party of Miss Vera De Steiguer last year Miss Ethel greeted the friends of her father and mother with unaffected grace standing with them in a small reception room across the broad entrance hall of New Pla She held a shower bouquet of lilies of the valley on one arm and was a charming picture of an spoiled girlhood Later dancing with zest that proved she was having the time of her life For that matter everyone had a good time from the oldest matron to the youngest miss and out of this, the finest ballroom were deserted No one was sufficiently bored to seek the diversion of cards though tables had been arranged in two of the smaller drawing rooms for guests who cared to play Not a single pack of cards was out A large drawing room and the dining room with hard wood floors were arranged for dancing and in a small apartment between them the music was stationed From the French windows opened into the pavilion the fairy beauty of which drew wondering admiration It was built over a terrace on the lawn and arranged to represent a Roman garden White pillars were twined with garlands of red and purple asters and oak leaves The walls were screened with a forest of greens and across the terrace side where the lawn was left uncovered lights of orange trees and hydrangea bushes bloomed in profusion Among these fluttering fairy the spray of fly chasing colored lights and there were rabbits and statuary to add to the Roman effect Any sort of supper served in this fairyland would have been nectar and ambrosia As it was no illusion was necessary Just before supper dancing ceased while guests repaired to the garden to watch a performance of fire works on the hill opposite the lawn making a natural amphitheater for the show People who went down in the private train were called to leave at 1:30 but half the guests were housed at Burlingame and San Mateo and these danced till morning

There have been several published lists of those present at the ball but these lack particularity in stating for their omission Conspicuously absent were Mr and Mrs Theodore Roosevelt Jr who did not receive cards to the festivities This fact has caused a great deal of discussion as it definitely marks the continuance of a social division which many thought would be ignored The dividing line had never before been so well defined since the arrival of the young Roosevelts in San Francisco Among the others who were absent from the ball were the Henry Crockers the C Templeton Sperrys and the Phillip Stevens who are among Jennie Crocker's intimates Henry Crocker is the cousin of Will Crocker while George Sperry is the brother of Mrs Will Crocker —Town Talk

They Asked, "Who Is She?"

There was an unexpected event in the list of entrants at the Crocker ball and left the evening was half over every one had voted her lovely and all were anxious to see who she was He tall slender and wonderfully fair golden haired with a complexion of pretty girls The demure dignity was so suddenly first from her lips of inquiry proved to be Miss Dorothy Dailey of Menlo she is the daughter of Mrs A Palmer Dudley who was one of the Adams girls Miss Dailey not even when Miss Vera Dickinson Miss Duckett and some other of Miss Jennie Crocker's especial friends knew she was coming to the ball Her own sister Mrs Oliver Eldridge Jr entered Crocker Hall with Mr McNutt Her first appearance caused a flutter of interest and admiration Crocker Hall with its rich inspired legends of the new debutante —Town Talk

The Three Gregg Beauties.

The three Gregg girls as they are referred to Mrs Willard Gregg and her two girls Lillian and Dorothy were decided to be the belles next to the bride at the fall ball at the exclusive Pink Palace with their flow of pretty dresses and girlish figures were more sought after Absolutely individual were the Gregg girls all unassuming as they still are they were care free happy One thinks of them this evening in the ball room and her two daughters attired in the essays of the beauties of society the classical severity of their coiffures Instead of the artificial curls puffs braids jaunty and so on by which so many pretty women disfigure the shape of their heads Mrs Gregg and her two daughters followed the severe Greek styles It takes a rare beauty of hair to do this—it must be plentiful it must be soft and silky and it must be one's own—and it takes diligent hours of brushing to attain that bewitching simplicity —Town Talk

Women and the Church.

There are certain evangelists who have recently complained that women are deserting the church and that men are more rapidly and easily converted in the proportion of five to one It is not so very long since that women were regarded as the mainstay of the church This desertion we have been informed, is due to Sunday recreation and the ways of the world There may be a deeper and more cogent reason than this into which we need not at this time inquire How is it with the synagogue? It is apparently mixed We meet with Jews who say that they leave temple attendance to their wives and children and Jews who say that their wives object to their attendance regularly We have Jewesses also who claim that they will not attend because their husbands will not accompany them and they both will not come alone and leave their husbands at home Yet it can be truly said that on the whole the Jewess attends temple and temple activities and will not be deterred Now and again bridge whist may tempt her but she is back again in a hurry and rides all she can both in a moral way and by attendance And it not infrequently is the case that she brings her husband with her and he gradually becomes accustomed to attendance The Jewess can be a mighty force in all this effort and development and as a rule she does not lose sight of this fact Therefore in spite of exceptions which may be many the Jewess is a staunch and sincere worker —Emanu-el

The Parade of the Natives.

The Native Son parade of last Friday broke all the endurance records Five hours of marching and countermarching Twas an achievement in the processional line never before equaled in this city It is to be hoped that it will never be surpassed or even approximated It is a question who were the more fatigued when it was all over—the paraders or the spectators Probably the latter who suffered the discomfort of being confined so long to one spot Everywhere there were complaints about the long halt but it was not without its advantages It gave every man in the parade an opportunity to enjoy at least one drink—and many of the women too And surely the women needed stimulants It was nothing less than criminal to allow them to plod hour after hour over that interminable line of march I am positive that many of them must have been made seriously ill by the strain And the little children too When will our strange passion for parades be learned with common sense?

All sorts of explanations were passed from mouth to mouth accounting for the hours delay in the parade A popular one was that the wire had to be cleared from the street A less charitable explanation was that the queen of the festival had insisted on partaking of luncheon But the real reason was that Governor Gillett and James Rolph Jr were not in the reviewing stand when the head of the parade swept by and the men in charge refused to allow it to proceed until they were found As Rolph was at the Ferry while the Governor was also at some distant point the famous obstinacy of the marshals worked a great hardship on paraders and spectators Of course neither the Governor nor Mr Rolph was aware of the circumstance until it was called to their attention Neither was a party to the unnecessary delay The enthusiastic Native Sons simply made up their minds that the reviewing party should be complete and persisted for an hour —Town Talk

Baseball in Heaven.

A minister has suggested that very possibly baseball will be one of the attractions of Heaven Truly this is a broadening out that we never expected of the clerical mind—aye and an ingenuity How popular with such inducements religion is bound to become Why we know some baseball fans, a great many indeed, who would go to—well—if it was understood the national game would be played there It is strange the devil didn't think of this He must be either fast asleep wholly engaged in race suicide or cogitating the introduction of polo This latter game however would bring him only more of the ultra fashionable and having lived in the big society so long he must be weary of it as lacking in intellectual entertainment Then the baseball fan and his breed is a quota he cannot afford to lose What could be accomplished in the way of pandemonium without him? Undoubtedly Heaven would hold the balance in noise and cuss words For with a man on every base and two out what fan ever spared language or bethought himself of where he was? However this will at last afford the Irish policeman a chance to go to Heaven to keep order in the grandstand and bleachers Even with that it would seem that there must be a great clashing of wings But it will be very enjoyable Now that the thing has been started perhaps other ministers will be good enough to come forward with further suggestions The Jeffries Johnson fight pictures for instance should make a great hit for Heavenly use Whenever an angel got conceited he could be sent to the show and reminded of days when he was only human and a brute and a coward Imagine Mr Jeffries if you can clad in a new pair of wings tripping to the entertainment How painfully he must realize that below on the showing of the white feather on earth and in Heaven there was mighty little difference But if it ever does prevail climbing his branches of uncurned gold past the observing eye of St Peter he will be probably too externally engaged taking up the collection and fooling flies as he slips it in his own pocket to be able to indulge in any of the side shows With angels less avaricious inclined however—such as misers and the heads of trusts—the fight pictures should prove very popular —News Letter

At the Illington Premiere.

Society did not respond last Monday night to the emotional appeal of Margaret Illington's stressful experience Although there was a long line of limousines and taxies in McAllister street the members of the smart set who usually grace an important first night were conspicuous by their absence The boxes were occupied by parties who do not receive recognition in the charmed circles From which it might be inferred that Miss Illington's reappearance was not regarded by society as an important social event and that Mrs Edward J Bowes is not to receive the hospitality which is so enthusiastically accorded to Mrs Pat Campbell Miss Ethel Barrymore and Miss Billie Burke whenever they visit this city This is not surprising Miss Illington would be more likely to possess social importance, as the wife of Daniel Frohman than as the wife of Ed Bowes who never aspired to admission within the exclusive corral And of course society feels itself bound to frown upon that notorious sock darning interview Ed Bowe by the way was very much in evidence at the Savoy on Monday night He stood in the lobby and carefully greeted all his old friends and acquaintances He was garbed in accordance with the very latest say so of masculine fashion and sported a silk tile which drew more than cursory attention —Town Talk

Clash of Wits at Carmel.

There is a doctor of medicine in Carmel by the Sea who prides himself on being a raconteur of the first order and on all occasions takes pains to air his talents One evening Greer Harrison turned up at the Inn and established himself by the inviting fireplace The doctor wandered out from the dining room and always on the lookout for an appreciative audience for his stories also sat down Now the doctor as is his custom was doing the after-dinner honors by diligently and openly excavating with a toothpick This performance reminded Greer Harrison of a story which he forthwith related to only Greer Harrison can relate The story gave the good doctor the opening he desired and he recalled a string of his choicest When the doctor is once started it is impossible for even a Greer Harrison to down the flow sufficiently to get in one of his own so the Bohemian Club's favorite raconteur sat patiently listening to the amateur's passable efforts at the end of each story politely joining in the laugh which the doctor's wife like a chequer in the gallery always dutifully supplied as an accompaniment to her husband's It grew late and the doctor rose to go but before taking his departure to give a suitable ending to the evening he had so much enjoyed he related a story which he had heard long before and had been polishing for just such an appreciative listener

Pretty good story Harrison? he queried when he had sufficiently recovered from an apoplectic burst of laughter

Jews and the Bible.

The Death of Gebhardt

It will be a long time before the elder clubmen of New York and San Francisco exhaust their stock of stories about Freddie Gebhardt A remarkable character he was but in nothing so remarkable as in the capacity he possessed for maintaining his reputation as a dead game sport a man of invincible courage and an athlete of unusual prowess San Franciscans who knew him in his heyday tell me that he never distinguished himself in any branch of athletics, that his courage was several times tested and found wanting and that his sportsmanship was not without an element of trickery Put all agree that he was a handsome man with unusual taste in dress and that he was shrewd enough to hide his deficiencies in other particulars from all but those who were on terms of intimacy with him From which I infer that Freddie Gebhardt like so many other men in the public eye enjoyed what might be called a newspaper reputation, a reputation built on more or less legendary stories served up in print from time to time and polished as they were passed along That he was a man of very defective education was called to the attention of the country when his valet brought suit against him and produced in court letters in which Freddie did violence to orthography by such spellings as "nite" for fruit and "chickin" for chicken The fact is that Gebhardt was the son of a wealthy Dutchman who married his housekeeper and neglected the proper training of his son

Of course the Jersey Lily will figure in the most interesting stories about Gebhardt When Mrs Langtry came to this country with the stamp of royal approval upon her Gebhardt was in the first flush of his success as a racing man and it was as a devotee of the track that she first made his acquaintance He had a fine stable of such horses as Dolly St Saviour Rosarium and others carrying his cerise and gold spots He used to give track dinners which were very jolly affairs and invitations to them were eagerly sought The Lily was the guest of honor at many of them When Mrs. Langtry came to San Francisco Gebhardt accompanied her incognito and the relations here as in New York made a choice tidbit for the gossips Both bought ranches near Middletown in Lake county and although Gebhardt afterwards disposed of his I think that Mrs Langtry still retains hers, which is the larger and better of the two

It was Gebhardt's intention to establish a stock farm on his Lake county ranch and he shipped his stallions and blood mares from Long Branch The train on which they were to cross the continent was in a disastrous wreck at Fort Jarvis and there was great loss of life Nearly the whole of Gebhardt's stable was destroyed St Saviour being one of the few to escape As an instance of Mrs Langtry's kindliness it is told that she buried with Gebhardt to the scene of the wreck and worked with heart and soul to ease the pain of the sufferers bathing and bandaging their injuries and attending them through the night Among the injured was a pretty young woman who was starting on her honeymoon Her head was lacerated and the doctors said that her hair would have to be cut off in order that the wound might be properly treated But Mrs Langtry would not allow them to do this and herself bandaged the sufferers hair in such a way that it would not interfere with the treatment. After that wreck Gebhardt gradually drifted away from the track but returned years later when Kay Boy was one of his big winners and his Raglan won the Spinaway stakes of eleven thousand dollars.—Town Talk

Dundon's Retort Courteous.

Pat Dundon one of our most successful iron mongers has recently extended his operations to Marin county and is just now engaged in establishing a creosoting plant on the bay at South San Rafael Dundon is pre-eminently a business man with small regard for sentiment and his plant is being constructed on lines of anything but artistic beauty The iron mongers lack of artistic appreciation is every bit filling the cultured souls of Marinites most distinguished citizens with adjectives in relation and there are in prospect injunction proceedings to prevent Dundon from disfiguring the landscape In particular Truxtun Beale, Colonel Frank Johnson and Porter Ashe who have beautiful homes in the vicinity of the hated creosote plant are wishing their ire rage to fury over the infliction of their view But the indignation concentrates within the grounds of the Mare Golf and Country Club where the fumes of creosote have become the topic of polite conversation The wife of one of the club open almost directly upon Dundon's plant so the exclusives of San Rafael have an easy view of their abomination Dundon has recently been lightering material for his plant to South San Rafael and is now hauling it with the aid of a small donkey engine. A few days ago the steward of the club noticed a pall of smoke from the wood fire in the donkey engine and concluded that the creosote plant was in full blast He determined on a coup So he indited a note to Dundon in which he declared that the acrid fumes from the creosote works had entered through the gates into the sacred precincts of the club and had nearly asphyxiated several of the workmen He demanded that the plant be shut down forthwith To which Dundon laconically replied If the smoke enters through the gates I would suggest that you shut them."—Town Talk.

NIGHT SCHOOL HAS MANY PUPILS

Young Students Take Active Interest in Work and Attendance Is Large.

Interest in the work of the Central Evening school is being displayed by the pupils, who are attending the grammar school as well as the commercial and high school departments. Last evening Principal Shane stated that 2 4 boys and girls are now enrolled in the different classes.

Shane stated last evening that there was a movement on foot to change the location of the school, but the Board of Education had not taken any definite steps toward securing a new building.

There is a great demand in the evening school for a stenographic department, which will probably be installed before much longer.

STUDENTS IN EARNEST.

Shane said that the students were in earnest in all the departments of the school and that the spirit of study prevailed in all the lines of work. "The students who attend night school mean business and they study," said Shane. "I think they ought to be encouraged and a definite plan of procedure adopted in the evening school. It has proved a benefit to children who otherwise would have to go without education."

San Leandro Lads to Have Club Rooms

SAN LEANDRO, Sept. 17 — The directors of the San Leandro Boys' Club as a token of appreciation of the interest that the boys have taken in the work that has been done for them, have promised to open up new club rooms in the old Masonic Temple at some near date. The rooms are to be furnished with tables and chairs made by the youngsters themselves and are to be well provided with wholesome literature, each class having an appointed day to itself.

Among the directors of this club are many well known society women and they have been working hard the last few months to make this an ideal place for the boys of this district to spend their leasure hours. Among those prominent in the directorship are D. H. Toffelmier, F. T. Church, Miss Christine Anderson, Mildred Hawes, Mrs. C. Farley and Mr. Harrison Jones.

The girls interested in the affair are Miss Irene Mulvaney, Florence Rogers, Victoria Abbott, Lulu Abbott, Clara St. George, Alice Wright, Grace Brandon, Amy Richardson and Elrita Livingston.

All of the girls on the team are to be less than 18 years of age.

Mothers' Club Will Greet School Principal

The mother's club of the Garfield school has issued invitations for a reception to be tendered Mrs. Ellen Gibbs, principal of that school, next Friday evening in the school building, in East Oakland, where the parents of the children in the Twenty-third avenue district will exchange greetings with the head of the school. Mrs. Gibbs, who has been its principal since 1886.

The club is composed of women who are interested in the affairs of the little ones and the society is doing excellent work toward building up that institution, which consists of 1000 pupils. The committee in charge of the reception includes Mrs. Grant Miller, Mrs. W. G. Hawes, Mrs. N. C. Lane, Dr. T. B. Lane and Dr. W. M. Beckwith.

THE BOY WHO FORGETS

I love him the boy who forgets:
Does it seem such a queer thing to say?
Can't help it; he's one of my pets;
Delightful at work or at play.
I'd trust him with all that I own,
And know neither worry nor frets,
But the secret of this lies alone
In the things that the addle forgets.

He always forgets to pay back
The boy who has done him an ill;
Forgets that a grudge he owes Jack
And smiles at him pleasantly still.
He always forgets 'tis his turn
To choose what the others shall play,
Forgets about others to learn
The gossipy things that "they say."

He forgets to look sulky and cross
When things are not going his way.
Forgets some one's gain is his loss;
Forgets in his worktime, his play.
So this is why I take his part;
Why I say he is one of my pets;
I repeat it with all my heart;
I love him for what he forgets!

LITTLE GIRL PROVES TO BE CLEVER ACTRESS AND ATHLETE

Pretty and dainty Gertrude Rutley, the seven-year-old daughter of Mr. and Mrs. Byron Rutley, is one of the leading actresses in her brother's theater, called "The Colonial," where talented little men and women enjoy the stunts of their playmates every Saturday morning in the basement of the Rutley home in Hamilton place. All the youths of the neighborhood attend the entertainment, which continues about an hour and a half every Saturday morning. Harold Rutley is seven years of age and a freshman in the Oakland High school, manages the thespians, who are exceedingly clever in athletic as well as dramatic lines.

Gertrude has displayed musical and dramatic ability. She is a very apt pupil and does good work in school, where she is a favorite with the children.

Athletic activities appeal to Gertrude. She is very fond of the fine arts and also loves to dance.

Little Stories By Tiny Authors

By GEORGE ELDERKIN (14 years old).

"Ichabod Crane."

Ichabod Crane is a prominent character in Washington Irving's Legend of Sleepy Hollow.

He was a native of Connecticut, but went to New York as a country school master, taking charge of the school in Sleepy Hollow.

Ichabod was a conscientious teacher and always applied the golden maxim, "Spare the rod and spoil the child." It is true that his pupils were not spoiled. However, he used justice and judgment.

After school hours he became the playmate of the larger boys and would often spend holidays at the homes of his pupils where he made himself useful and agreeable.

Like many people of his time, Ichabod believed in witches and goblins. When on lonely walks or rides his habit was to sing or whistle psalm tunes to drive away the evil spirits.

Ichabod was seeking the hand of Katrina Van Tassel, who was the belle of the region. This was not an easy task, for he had many rivals, the strongest of whom was Brom Bones. This tested his perseverance and wit to the greatest extent. His courage kept up, however, until it was shattered beyond repair by his terrible experience with the galloping Hessian. After which he was never more seen in Sleepy Hollow.

It is said that he later became a lawyer and finally a judge in the Ten Pound Court.

Therefore although he lost Katrina, he improved his position in the world.

Arrow Club Formed in Grant School

One of the jolliest social and athletic associations of the Grant school is the Arrow club, an exclusive organization of boys who go on camping tours and who meet socially at each other's homes every other week.

They enjoy rowing, excursions and many of the little fellows are becoming expert oarsmen. There is also a swimming section in the club and all the boys who belong are determined to learn how to swim.

The Arrow club requires that every boy be honest, loyal and straight forward and these are the conditions that secure entrance in the society, which has for its president Horace H. Breed, vice-president Harold H. Crasler and treasurer Arthur McHenry.

Among the members are Cebert Capwell, Donald Breed, Carroll Earl Peeke, Edwin Leonard, Kieth Caplin, Granville Abbott, Charles Hill and Herford Sharon.

Portland Players Are Walloped by Panamas

The Panamas took the young Portland team into camp, beating them by the score of 15 to 3. The features of the game was the Panama's skillful playing on the bases.

The players are as follows: Panamas — Ryken, Wheland, Vestal (captain), Gallily, Mahoney, Pacheco, Oates, Osborne. Young Portlands—Boyer, Jeffs, Von Hacht, Bery (captain), Fullerton, Leach, Phineas, Lorimer, Hason.

BOYS AND GIRLS PICNIC IN CANYON

Taken to Dimond for Day's Outing by Teacher and Have Merry Time.

Little sweethearts and their beaux of the Grant school, were chaperoned by Miss Z. N. Potter on a picnic to Dimond canyon today, where about a dozen boys and girls enjoyed the outing. The lads and lassies delight in these parties.

The trips are looked forward to by the children with pleasure and from the time they board the car until they leave the canyon they make merry. They are a jolly set of youngsters and love healthy recreation.

CHORAL CLUB MEMBERS.

Many of the children who attended the outing today are members of the choral club of the Grant school which is one of the most delightful organizations in that institution, and the children take interest in it. There are 35 little girls in the club, which is headed by Miss Katherine Zeigenfuss, who is the president this term.

According to announcements made by the director of the singing club, a concert will be given by the choral club next month and the pupils are rehearsing for it. The recital will be attended by the parents of the children, graduates of the school and the higher grades of the Grant school. Upon that occasion the girls will be accompanied by the orchestra of the school, which consists of ten children.

GOOD WORK ACCOMPLISHED.

Excellent work is being accomplished by Miss Potter, who conceived the idea of forming a choral club in the school, and through her efforts it has been made permanent in the Grant school.

During the year a number of song recitals will be given for the diversion of the little ones as well as their elders.

Park Playground to Be Completed Soon

Boys and girls who live in the district of De Fremery Park playground are eagerly awaiting for the installation of new apparatus, which will arrive here from the East within a month or two. The equipment will be similar in that in Bushrod Park playground and will be fascinating for the little ones, who will enjoy the slides and rings upon which they will swing. All the gymnastic equipment will be first-class.

De Fremery Park playground will be oiled and leveled within a short time and the basket-ball and baseball courts will also be well equipped. The playgrounds will be extended this year and the outdoor gymnasium, which the city intends to install, will be a splendid medium for the recreation of the little fellows, their friends and the girls, who engage in all the lines of sport.

At the present time the children play together and the courts are open to all. The boys are under the supervision of Albert Vail and the girls play under the direction of Miss Chambers. Both have become very popular with the tots. The supervisors act as advisors to the children, who have learned to respect their authority.

Messenger Boy Saves Three Lads From River

WILMINGTON, Del., Sept. 17.—Attired in full uniform, Edward Hagmayer, 17 years old, a messenger boy, plunged into the Christiana river this afternoon and rescued three small boys from drowning.

The rescued are: Charles Thane, 10 years old, of 229 Monroe street; John Welsh, 10 years old, of 809 Conrad street, and Raymond Smallwood, 13 years old, of 827 West Second street.

Thane got beyond his depth and Welsh and Smallwood attempted to rescue him, although they could not swim. Thane caught hold of his two companions and all disappeared.

Hagmayer jumped into the river and swam to the boys. He first tore Welsh and Smallwood from Thane's grip. Thane caught him about the neck and Hagmeye struck him on the head and stunned him. He then dragged them ashore.

In the meantime Welsh and Smallwood kept afloat, but were exhausted when the plucky messenger boy dragged them from the river.

Fremont High School Alumni Plans Picnic

One of the most enjoyable affairs given this term by the alumni of the Fremont High school will be the moonlight ride to El Campo, which will be held tonight. The members of the alumni have issued invitations to a number of their friends to accompany them on the ride, which will be taken in one of the ferry boats. The party will start at 7:30 o'clock and will return at 11 o'clock. The trip will be very pleasant and the boys and girls will make merry while the boat is wending its way to its destination.

RICH COLORS PERVADE FALL GARMENT DISPLAY

Kahn Brothers' 'Blue Ribbon Week' Attracts Great Crowds to Oakland's Popular Store; End Is Tonight

Royal blue, blacks, black and white, and leather tones are the leading colors for the fall line of millinery, according to the "opening days" display of Kahn's millinery department.

It was blue ribbon week at the store and large crowds surged through the big doors at Washington and Twelfth streets, to get a first sight at the fall style of hats and of gowns.

Thursday, Friday and Saturday were the opening days, and tonight being the last, large numbers of visitors are expected and will be provided for by the large establishment.

Constant crowds of buyers and sightseers have been attracted not only by the beautiful window decorations, but also by the opening to the public for the first time the display of the latest fall styles.

MAIN ATTRACTION.

The millinery department on the third floor was the main attraction for the visitors. Huckleberry greens, large ferns and beautiful tapestry figures formed the wall decorations for hat department. Large ribbon decorations of messaline silk bows formed a pretty foreground. Old rose and lavender formed the background.

The window display gives a fair idea of the fall styles both in gowns and in headwear.

While the leading colors are somewhat brighter the duller colors, brown, green, pansy shades and old rose are following close on the others for popularity. Red is worn some but not so popular. Among the leading displays was a full line of big, drooping shapes in the dress hats. These are trimmed with long wings, willow plumes and wide French curl plumes. The French plumes are considered very swell.

Small, close-fitting hats with high crowns, trimmed with wings and fancy feather effects are splendid for tailored hats.

One of the odd features of the display at Kahn's was what is known as the new "tapestry hat." This is the latest fad of society. With velvet trimmings and also of silk, it makes one of the smartest hats of the season.

The tapestry hat is quite popular and is being worn more and more as the season advances. Velvet hats are very strong this season. These are usually light colored and fancy, such as pink, light blue or gold with a black crown.

Children's hats are in the lighter colors of light blue, crimson and white, the last trimmed with forget-me-nots, and pink and black, the trimmings in pink. The leather-tones are also popular in this line. These are usually trimmed with light blue. The shape of these styles is somewhat the same as that of the women's hats, especially the high crowned hat with a droop.

ALL HATS DROOP.

Practically all women's hats are drooping this year. The tapestry hat has the least variation from this rule, but that is scarcely perceptible. With its attractive colors this hat bids fair to be one of the attractions of the season.

The street window decorations at Kahn's formed the nucleus of an attraction for all passers-by since the display was first opened to the public, Thursday.

The fall gown, like the fall hat, promises to be in the more attractive colors, principally that of royal blue. The window display has attractive exhibits of storm serge, Attura broadcloths and fancy suitings. One display was of beautiful children's plaids.

SENATOR LA FOLLETTE TO GO UNDER KNIFE

ST. PAUL, Minn., Sept. 17.—Senator Robert M. La Follette is suffering from an ailment that may require an operation, according to James A. Frear, secretary of state of Wisconsin, who is in Minneapolis. He will go to Rochester to consult physicians. Frear said that Senator La Follette returned home, after Congress adjourned, a sick man, and consulted physicians about his condition. He was told that rest was all he needed, and he obtained as much as he could until he was plunged into the campaign.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is begining to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is entirely different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and $1.00. Remember you can obtain it only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

BARBERS WANT TO BE CALLED TONSORIAL DRS.

PITTSBURG, Pa., Sept. 17.—A movement is on foot among barbers themselves for "tipless barbery," and the elevation of their profession to the degree of "D. T.," or "Tonsorial Doctor." J. C. Shannessy, general organizer of the International Barbers' Union, is here promoting the movement.

He declares that in nineteen states some sort of a state board of examination is already required of barbers, and many are accustomed, like medical men, to send in monthly or quarterly bills.

In an address to the local barbers' Union he urged that Pennsylvania adopt a license and degree plan and announced that at the national convention of barbers in Indianapolis, September 22, the best law now in existence would be selected as a model indication for a nation wide uniformity in requirements for admission to the profession.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

CHRISTIAN CHURCH TO BE DEDICATED

Impressive Services to Be Held in New Church Tomorrow.

With sacred music and prayer the First Christian Church of this city will be dedicated tomorrow, when the members of the congregation and the clergymen and laymen of the congregations of the bay cities will attend the ceremonies. Rev. Thomas A. Boyer, pastor of the church, will act as master of ceremonies.

The observance tomorrow morning will open with an organ prelude, which will be given by Mrs. Helen W. Marston, and the invocation and the Lord's Prayer will be pronounced by Rev. Boyer. The responsive scripture reading from Psalm 84 will be directed by Dr Wm C Bailey The scripture lesson will be read by Rev. J. Durham and prayer will be given by Rev D. A. Russell. The vocal selections will be sung by Mrs J. A. Augustus, leading soloist of the church, who will sing "Callest Thou Thus, O Master?"

The dedication sermon will be delivered by Rev. M. D. Clubb of Pomona and the benediction will be pronounced by Rev. O. M. Olds.

Tomorrow afternoon at 3 o'clock the services will be continued and greetings received from the pastors of the different churches of this city will be given by the following ministers: Rev Charles R. Brown of the First Congregational Church; Rev. George W. White, First Methodist Episcopal Church; Rev. Frank L. Goodspeor, First Presbyterian Church, Rev. Alexander Allen, rector of St. Paul's Church; Rev. William Day Simonds, of the First Unitarian Church; Dr. H. H Guy, dean of the Berkeley Bible Seminary, and Rev. Homer J. Vosburgh, of the First Baptist Church.

The quartet of the First Baptist Church will give vocal selections. The members of the quartet are Miss May C Gilmour, soprano; Mrs. A. E. Nash, contralto; A. D. Garlin, tenor, and Ralph P. Fisher, basso.

At 7:30 tomorrow evening the closing dedicatory services will be held and the presentation of the keys on behalf of the building committee will be one of the features of the dedication exercises. They will be presented to the congregation by Professor H. C. Ingram and received on behalf of the congregation by the chairman of the Board of Trustees of the church, J. H. K. Bell.

The scripture reading will be given by Rev D. A. Russell and the prayer by Rev. O. M. Olds. The sermon will be given by the orator of the day, Rev. M. D. Clubb, of Pomona. Mrs J. A. Augustus will be the soloist of the evening. The dedication prayer will be offered by Rev. J Durham

Services will be continued throughout the week with the exception of Saturday evening, in which the pastors of the Christian churches about the bay, together with their congregations, will cooperate with the local congregations as follows:

Monday evening, Rev. J. R. Perkins and the Alameda church.

Tuesday evening, Rev. Frank S. Fori and the First Church, San Francisco.

Short Sermons For Busy Readers

The Dwarfing of Man's Higher Nature.

"Man shall not live by bread alone."—Matthew 4:4.

This is an obvious truth, one that the prophets of all ages have tried to din into the ears of humanity, and yet, it must be confessed, with only partial success. Abstractly considered, no serious person would deny that the mental and spiritual qualities are far superior to the physical; that our highest success lies in the development of the peculiarities which ally us to the great father of our spirits, rather than those which we share with the beasts.

Rev. John E. Stuchell

But practically this is ignored by the overwhelming proportion of the race. The demands of the body are direct, constant and clamorous; those of the spirit are often quiet, vague and intermittent. Hence the body gets it demands, the spirit is ignored more and more until it ceases to make itself heard.

TOO MUCH MATERIALISM.

The development of our civilization seems, by a strange anomaly, to lead an increasing multitude to lay stress on the material side of life. Too often science finds its apparent culmination, not in the enrichment of spirit, nor in the settling of the great questions of life and destiny—on these it often looks with open scorn and secret aversion—but on the things which make the body more comfortable, capable of living in finer houses, wearing gayer clothing, having better lights, more delicate food and traveling at a greater speed. Our standard of success, despite the teaching of our schools and the protests of the pulpit, are material. The millionaire discounts the thinker. The type of our day is not the worshipper but the man of affairs. All this is merely laying stress on the lower and transient elements of our nature; it is, indeed, the practical denial of the spiritual nature and capacities and tends to convert man into a great, pampered animal, capable of pleasures more varied but scarcely more worthy than those of the beasts.

DON'T FEEL NEED OF CHURCH.

The opinion is often expressed in these days: "I do not feel the need of the church. Can I not get along without religion?" It were as sensible to ask: "Can I not get along without a love of music, or an appreciation of art, or of literature?" The question is not how little we can get along with, but how much is our birthright, and how may we realize it? Millions are living who have never heard of Phidias, Angelo or Thorwaldsen, of Raphael, Rubens, Turner and their noble clansmen of chisel and brush; who have no appreciation for the melodies of Beethoven or Mendelssohn or of the wondrous inspiration of Dante or Browning But is theirs the real, typical life? Rather are they not to be pitied for a development that leaves these phases of their nature blank or atrophied?

So millions are living, often in fine houses and with all the luxuries modern skill provides—without God in the world, with no thought of a divine purpose in their lives, with no desire to please Him, with no desire for service and without any conception of the grandeur of eternal existence. They live yes; but so does an oyster. They open their eyes on the earth; so does the ox. They seek for what pleases them and endeavor to avoid pain; so do all the beasts. Is this all of life? Have we be endowed with these splendid capacities of doing and enjoyment merely to feed and dress the body—to gain a living, rather than to make a life?

AIM HIGH IN LIFE.

Such a suggestion is an insult to human nature. The lower is to serve the higher; the physical the spiritual. Man's nature is to be stated in its largest terms, not its smallest. "Man shall not live by bread alone." Either life is intended for something higher than bread—for these opportunities of higher culture, of human service and divine companionship, or it is a superfluous gift, and all these splendid talents mere mockery.

"But we need bread; we must have gold" Yes; but not merely to coddle ourselves; rather to gain increased wisdom and strength wherewith to serve. Life is not for its own sake, but for what it enables us to do. To revel in the beauty of the world, to absorb its luxuries, to take all that God can give and appropriate them solely to our personal or narrow circle, is not to live, but miserably to pervert life into a career of basest ingratitude and ruthless plunder.

They only truly live whose souls absorb the good and beautiful from every source in order that they may distil it in the fragrance of sympathy and helpfulness, and on whose hearts as an altar constantly burns the insense of praise to Him who has made the world so wondrously fair and crowded life with such limitless opportunities.

PASTORS DRAW UP ANTI-DIVORCE LAW

Blow Aimed by State Association at Increase in Separations.

SACRAMENTO, Sept. 17. — Proposed measures aimed at marriage and divorce reform were given a wide discussion and were promised support yesterday at the meeting of the interdenominational Commission on Marriage and Divorce for Northern California. It was decided that the next Legislature should be asked to enact several new laws.

First on the list of proposed bills comes a marriage license measure which provides a ten days' notice from parties intending to get married before a license will be issued by the county clerk. A divorce examiner, whose duty it would be to appear at every divorce trial and contest the action on behalf of the State, would be created. Another measure would require every defendant to be present at the trial, either in person or by substantial affidavit, and that strenuous efforts be made by judges to effect reconciliation where possible.

Francis M. Moody of Pasadena, field secretary of the commission, explained the bills. The second Sunday in November was selected by the ministers present as the time for opening a campaign against the divorce evil.

FUND FOR CLEVELAND MEMORIAL GROWING

ST LOUIS Sept. 17—St. Louis will contribute $5000 toward the construction of a national memorial in perpetuation of the memory of Grover Cleveland, and Albert Edwards, president of the Commonwealth Trust Company who is in direct charge of the finances, is confident the rest of the fund will be obtained next week.

The largest subscription was received from David F. Francis, who gave $500. He was Secretary of the Interior in Cleveland's cabinet. Francis is one of the Cleveland Monument Association, and he represents the whole West and most of the South in the movement.

APPETITE GONE---BEWARE

It is a sure sign of some inward weakness when the appetite commences to lag and you have that "don't care" sort of feeling at mealtime. It is something that needs immediate attention, for neglect only brings on more trouble and often a long illness. Restore the appetite and keep it normal by the use of Hostetter's Stomach Bitters. It is for Poor Appetite, Indigestion, Dyspepsia, Costiveness and Malaria.

Always have a tonic in your home

By using it consistently, a good tonic is the greatest insurance against the ravages of many diseases that often result fatally. This is where forewarned is forearmed.

Pabst Extract
The Best Tonic

is accepted in all parts of the world as the standard of malt tonic value—it is the essence of absolute purity and nature's greatest aid to health. It is a predigested food in liquid form, containing the tissue-building properties of rich barley malt and the rare toning elements of the lupulin from choicest hops combined in most palatable form.

The United States Government specifically classifies Pabst Extract as an article of medicine—not an alcoholic beverage.

THE MEDDLER

MISS PERUANA PETIT, bridesmaid at her sister's marriage this week. —Scharz, Photo.

THE SEASON in the social world has opened much earlier than usual and social activities make the days, even early as it is, very full of dates. There are women who know how to go through a social season, using much judgment in the arrangement of manifold duties, and there are others who develop nerves long before the season is over, and to whom a rest cure looks most alluring.

It is quite as a recent writer says:

"There are people who surrender themselves without reserve to needless activities, who have a real affection for telephones and district messengers and the importunities of their daily mail. If they are women, they put special delivery stamps on letters which would lose nothing by a month's delay. If they are men they exult in the thought that they can be reached by wireless telegraphy in mid-ocean. We are apt to think of these men and women as painful products of our own time, but they have probably existed since the building of the tower of Babel—a nerve-racking piece of work which gave peculiar scope to their energies."

However, the woman in social life is a very real woman, and she lives in a very real world. Social life is one of the largest developments which civilization has brought in its train, and one of its best factors. And really very important things are achieved by the woman who has learned to be a power in social life. Her world is broader, her horizon is wider; she has better standards of measurements; she has learned to be courteous—and she has a genuine respect for her neighbors' opinions, even though she is not able to adopt them as her own.

The many clubs are holding their initial meetings—important ones. Cards are out for some of the large weddings of the early season; there are entertainments for bride-elect, and the coming season opens with so many activities that it holds much of promise for those who have learned to appreciate life's lighter side.

FROM "HOBBLES" TO TURKISH PANTALOON.

And the woman of today, in the early season, finds the world a busy place, for, in spite of Biblical precept, she will concern herself with the important question, wherewithal shall she be clothed.

"To be or not to be," was Hamlet's historical question, and "to hobble or not to hobble," is what concerns the woman of today. Many of them have decided it in the affirmative, and at a recent wedding across the bay the fashion was inaugurated, when the matrons of honor, Mrs. George Cameron (Helen de Young) and Mrs Lawrence Carrigan (Lucie King) came only hobbled up the aisle. All the new gowns are showing more or less hobble effects, and we are beginning to grow more or less used to them. For lo, even a worse fashion has come in in gowns called "the Turkish pantaloon." How anyone can wear a gown with any such name must forever remain a mystery. A modern writer says:

"We have gone from the hobble skirt to the Turkish pantaloon, which name has been given to the last atrocity shown on the fair figure of woman.

"Some have called it the clothespin skirt, but the other name given in jest is much nearer the appearance. The skirt is voluminous and its fullness hangs against the figure as Turkish trousers do, and is caught in at the shoe tops to a very narrow hem.

"If you are inclined to exclaim, 'Horrors' We will never wear that!' just kindly remember what we have worn, how familiar it has become, and how we accepted it without question."

MRS. BLANCHE BOARDMAN HAS RETURNED.

Mrs Blanche L Boardman and her friend, Mrs Stuart Cotton of San Francisco, returned from their European trip yesterday. They visited all the principal places of interest on the continent and had a delightful trip.

* * *

CHICKERINGS AND OTHERS ABROAD.

News from the continent is always of interest, since so many Californians now travel abroad each summer. Mrs. W H Chickering and her daughter, bright Polly Chickering, are touring in Europe. The latter is a very clever writer, and her letters from abroad are exceedingly interesting. The Guy Earls have just returned after having traveled leisurely through the continent.

Mr. Earls letters from England were specially charming, for he saw England from the American point of view. There is a great deal in preserving one's own individuality and personality in a foreign country.

A very charming Englishwoman, one of England's aristocracy, writes under the pseudonym of "Rita," and in a recent article she says:

"Again, we in the old country have a preference for quiet home life, artistic surroundings, leisured hours for reading, refinement in all matters appertaining to the table, simplicity in street dressing, luxury without display. Such qualifications are altogether wanting in the average American's life. But they don't realize it, even after a trip to Europe, or a week's stay in an English country house. But why expect it of them? And why persist in telling them they are just like ourselves, when we know they are not?

"They are as much themselves, as practically American, as the Frenchman is French, and the German is German."

To be essentially an American, and not to try to be anything else, helps a great deal in a trip abroad.

The season has been very dull in London this year, and Americans have had very few glimpses of real English social life. The F. M. Smiths were much disappointed, and gave up the house in London they had taken for the season.

Many American left London because the king and the royal family were in Scotland a great part of this year. Others belonging to the nobility crossed the channel and spent some time in Paris, which is always gay. Americans, for the most part, however, found Berlin the most satisfactory of all the European cities this season.

Mrs Whitelaw Reid is planning to come to America this winter, and will spend part of the time at the Mills' country home in Menlo Park.

Among the Americans this season who will have much attention shown them in Paris is Miss Ethel Crocker. She wished to make her debut among her California friends, but her first season will be passed abroad, and she will be introduced to Parisian society by her aunt, the Princess Poniatowski. The Poniatowskis came from one of the oldest families in France, and the young California girl will have an opportunity of meeting the exclusive aristocracy of France, an opportunity which does not often come the way of the American girl. Ethel Crocker has been educated abroad, and she speaks French exceptionally well.

Many Oakland friends are very proud of the fine tennis playing of Hazel Hotchkiss of Berkeley. She won many laurels in a recent trip to the north, and has wrested victory from every one against whom she played except May Sutton, who comes from the south, and who has been playing tennis much longer than Miss Hotchkiss.

England's new king, George V., is a great tennis enthusiast, preferring that game to golf.

Miss May Sutton and Miss Hazel Hotchkiss will leave early in the coming year for Europe, as the guests of Mr. and Mrs. Charles Clark of San Mateo. They are to compete for all the troubles offered in the Old World, and will play before the distinguished personages who make up the court of St James.

California could not be better represented, and one looks for many tennis triumphs achieved by these sturdy daughters of the Far West.

MRS. C. C. CLAY'S UNIQUE RECEPTION.

Mrs. C. C. Clay's reception at Level Lea on Wednesday was planned along most unique lines, and was an exceedingly interesting affair. Mrs Clay's guest of honor was Mrs Martha Gielow, the distinguished Southern woman, who has been spending some days at Level Lea.

Mrs Gielow is one of the leading American women whose efforts along philanthropic lines have aroused world-wide attention. She is a most charming Southern woman, with a sweet, attractive personality, and a most interesting and delightful speaker. Mrs. Gielow comes from the far south, and she knows most of the folk-lore stories and the quaint crooning songs of the colored race of the south. She knows the humor underlying their traditions and the intense pathos so often characteristic of the folk lore of dependent races. Her childhood was lived out on a wide southern plantation, and in the midst of the life of the colored race. Her power to represent that life and its traditions is very marvelous, and she has made that the center of her philanthropic efforts. Mr Gielow is trying to uplift the condition of the poor whites of the southern mountain districts, especially in the Appalachian range. There she has found hundreds of children who have never been taught to either read or write, growing up in a condition which is a disgrace to our prosperous republic.

Mrs Gielow has every where given recitals, with folk-lore stories and with plantation songs, and with the money she has earned schools in the distant mountain ranges have been established, and women's clubs have been started, which have been an enormous influence for good. Mrs Gielow achieved a great success in London, where she gave her recitals, many of them taking place in the drawing rooms of the nobility.

Mrs Clay's cards announced an afternoon of folk-lore stories and plantation songs, and her friends looked forward with much anticipation to the afternoon she had planned for them.

She invited only the older friends of her visiting list, since only a hundred people could be seated in her drawing room. The younger matrons and her young girl friends were not included in the list of the day, and, after all, they have plenty of entertainment with their many bridge games and informal luncheons. It seemed specially appropriate that there should be an afternoon for the elderly people of Mrs. Clay's calling list. And such a very enjoyable afternoon has rarely come their way.

The drawing room at Level Lea was an exceedingly attractive study, the color tones of the autumn leaves used in the decorations being specially beautiful. The great yellow chrysanthemums added a bright tone to the autumn efforts, and the drawing room was artistic and very lovely.

Mrs. Clay was assisted in receiving her guests by Mrs Philip Tuggle Clay and Miss Madeline Clay.

As an interpreter of southern character, Mrs. Gielow has probably no equal in the United States, and her plantation stories are wonderfully fine. Her character studies are inimitable and her songs given in a quaint and very delightful fashion. The tea was one of the most unique affairs of the season, very interesting and delightful along many lines.

Among the guests included in Mrs. Clay's invitations were Mrs Charles J. Woodbury, Mrs E. B. Sanborn, Mrs. Harrold, Mrs Henry Wetherbee, Mrs. Valentine Hush, Mrs. Albright, Mrs. A. A. Moore, Mrs E. H. Marwedel Mrs. Barry, Mrs. R. A. Wellman, Mrs. A. D. Thomson, Miss Mollie Conners, Mrs. Hetty Stephenson, Mrs. E. B Beck, Mrs. Crellin, Mrs. Dougherty, Mrs Derby, Mrs. Albion Harmon, Mrs. Robert Bain, Mrs. M W. Kales, Mrs T C. Coogan, Mrs Requa, Mrs. H. C Capwell, Mrs. Robert Watt, Mrs George E. Whitney, Mrs. E. B. Soule, Miss Carrie Bacon.

A large number of San Francisco guests were included in Mrs. Clay's invitations and the hundred friends assembled were indebted to Mrs. Clay for one of the most delightful afternoons of the season.

STONES ARE TO CLOSE THEIR HOME.

Mr and Mrs Egbert Stone will close their home at Elmhurst the last of October and will go to San Francisco, where they are planning to spend the winter. They have taken the Kline residence on Broadway, and they are planning to entertain extensively in honor of their debutante daughter, Miss Harriet Stone.

Among the latter's relatives across the bay who will also entertain for her extensively are Mrs. Andrew L Stone, Mrs. Elizabeth Gerberding and Miss Jennie Stone.

DORNIN-CHILDS WEDDING.

The wedding of Miss Helen Emily Dornin and William Ross Childs is set for next Wednesday evening, and will take place in the attractive little Plymouth church on Piedmont avenue.

Helen Dorrin is certainly one of the most popular brides-elect of the season. She is so good to her friends, so sterling in character, always the same dear girl, that the affairs planned in her honor have had more than the usual degree of sentiment interwoven in the many plans.

Mrs Worley was a hostess of the week entertaining for Miss Dornin, her guests including the coterie of friends who have played together in a duplicate bridge club. Among Mrs Worley's guests were Mrs. Joseph Kelly, Miss Norma Castle, Mrs. McLaren, Miss Edna Orr, Mrs Traylor Bell, Miss Ames and Miss Franck.

One of the important dates of the week was the theater party and supper given by William Ross Childs, his guests including the young people who are to sit at the bride's table on the occasion next Wednesday evening of the wedding of Mr. Childs and Miss Dornin.

The host planned a theater party, his guests enjoying an evening at the Orpheum, after which supper was served at the Forum. The evening was planned along delightful lines and was greatly enjoyed by the young people happy enough to be Mr. Childs' guests. Among the latter were: Mrs. Traylor Bell, who chaperoned the party, Miss Edna Orr, Miss Wilkinson, Miss Elsie Ames, Miss Anna Franck, Miss Lucy Fennessey, Elwood Woodburn, Louis Davis, Lee Ross, Harry Leach, Seyd Havens, William Cavalier and Robert Van Sant.

The marriage of Miss Dornin and Mrs. Childs will be one of the important social dates of the coming week.

MR. AND MRS. TEVIS AT SANTA BARBARA.

Among the visitors to Santa Barbara this summer have been Mr. and Mrs. William Tevis, who have spent many weeks at the Hotel Potter. Mrs. Tevis was formerly Miss Mabel Pacheco, daughter of one of California's most popular Governors, and a descendant of one of those early Castilian families to whom California must always owe so great a debt of gratitude. Mrs Tevis represents all that charm of personality, all that wonderful graciousness, all that true generosity that have made the daughters of Spanish lineage among the most famed of the women of the world.

In Santa Barbara are many distinguished families, representing early days—those pioneer times "before the gringo came." They were the families of birth and prestige, of a long line of ancestry, of true Castilian lineage—families who were never dependent on money for prestige. And one finds them in quaint, historic Santa Barbara and they are often the chosen friends of Mrs Will Tevis.

In many instances some of these old families are closely related to her and she takes great pride in that fact.

But in fact many people are always made happy by the kindness of Mabel Pacheco-Tevis for her bounty is never given, just generously shared, in the sweet, unselfish fashion characteristic of the true nobility. One hears that she has ordered the reconstruction of the superb old De la Guerra mansion of pueblo days, which will cost at least $5000. It is an old adobe, most picturesque with the historical patio so characteristic of early Spanish days.

Mrs. Tevis has bought up old, old laces shawls and other antiquities and many famous relics.

She has also purchased eleven beautiful paintings of early Spanish life. In most instances the models have been the girls and matrons and Castilians and Dons of earlier periods. They are very beautiful paintings, wonderfully typical of old days in early California.

Mrs. Will Tevis is a great friend of

the Dibblees of Santa Barbara, one of the oldest families in the State. California is beginning to realize what this Spanish heritage has meant and in no case has it been so wonderfully passed on as through such charming young matrons as Mrs William Tevis

MISS THOMSON RECOVERING.

Miss Anita Thomson, who has been very ill, is now recovering.

MRS. KNOWLAND TO ENTERTAIN MRS. WEST.

Mrs. Joseph R Knowland is planning to give an elaborate function for which cards will be issued in a day or so, in honor of Mrs Florence B West, the charming Southern woman, who is visiting here from her home in Virginia. The complimentary affair will be in the form of a tea at which a large number of the smart set about the bay will attend and the Knowland home in Everett street, Alameda, will be artistically decorated for the occasion. Mrs West will visit Mrs. Knowland for several weeks more and will then leave for the State of Texas, which she will tour before returning South. She is noted for the charm of her personality.

AUTUMN WEDDING OF GREAT INTEREST.

Another autumn wedding of much importance will be that of charming Ruth Kales and Mr. Thomas Knowles. For over twenty-five years the Kales home has been in the Lakeside district, and there also for many years was the home of the late Captain Josiah Knowles So both families have a wide circle of friends to whom the coming marriage is of interest and importance.

Mr Knowles is a young business man whose future holds much of promise, and Ruth Kales is surely one of the very sweetest brides the sun shines on You could not help but wish her happiness

Miss Kales has set the date of her wedding for the evening of October 20th, and she has planned a home wedding, the details of which have not yet been confided to her friends. But, of course, her younger sister, pretty Rose Kales, will be the maid of honor The wedding of Miss Kales and Mr Knowles will be one of the most important of the Octobe social dates.

MRS. H. C. TAFT DELIGHTFUL HOSTESS.

Mrs. H. C Taft was the most delightful of hostesses this week entertaining informally a charming coterie of young people who enjoyed happy summer vacation days together at Lake Alta

Every year this group of young people spends the holiday summer time in the high Sierras, and enjoy delightful days in the mountains. In the group of friends this year were Miss Chrissie Taft, Miss Dorothy Taft, Miss Ethel Valentine, Miss Ruth Valentine and Miss Maude Edith Pope.

Miss Dorothy Taft leaves for the east in the near future, and will enter the Scoville school in New York.

MOVEMENTS OF WELL-KNOWN PEOPLE.

Many well-known people are still lingering by mountain and seashore, the autumn days being the most enjoyable of the year in the mountains

Mr. and Mrs Ernest Folger left for Lake Tahoe this week, and will spend a few days there. Mr Folger taking his first vacation trip of the season.

The Thomas Williams, Mrs. E. L. G. Steele and Miss Muriel Steele are still at "Fortune Teller's Camp," on the McCloud river, and are not planning to return to town until late in the month

Mr. and Mrs. Frank C. Havens left for the east yesterday, but their stay at Sag Harbor will only be a brief one, and they will return to California in October

Mr. and Mrs J. Walter Scott have been spending the past two weeks in the south., and they have been guests at the Hotel Westminster in Los Angeles.

They went south with their eastern friends, the Van Sants, and Mrs Scott has recovered from her very serious cold.

The Van Sants are going east from Los Angeles and the Scotts will arrive in Oakland early in the week

GARDEN FETE AT ST. PAUL'S.

The following invitation has brought much joy to many bright young children of our city:

"The Chancel chapter of St Paul's church cordially invites you to a garden fete and sale of fancy articles, to be given at the residence of Mrs Vernon Waldron, 220 Hillside avenue, Piedmont, on Saturday, September 24th, from 2 to 5 p. m. Admission 10c. Children free."

September is the most charming time of the year for a fete for it is then that we have our best out-of-door weather In the early days of the fetes at Arbor villa the dates were always for the first of May, and it generally tried very hard to rain on that day, or on the day before One could never enjoy the pretty gowns of the girls, for visions of the dreadful colds they might possibly be taking But September weather is charming, and everyone welcomes then the prospect of an outdoor fete Piedmont is specially attractive, and the older people welcome the opportunity of spending a day there.

There is to be a sale of fancy articles, and "forehanded" people will welcome the opportunity of storing away a few gifts to help out the Christmas holiday list. Among the St Paul members who are always specially helpful in Chancel chapter affairs at St. Paul's church are:

Mrs. Isaac Requa, Mrs. Mark Requa, Mr. and Mrs. H C. Taft, Miss Chrissie Taft, Mrs. Thomas Crellin, Miss Mona Crellin, Mr. and Mrs. James Allen, Mr. and Mrs. Newton Keser, Mrs. R. G Brown, Mrs. Lillian Everts, Miss Florinne Brown, Mr and Mrs. Sam Breck, Mrs. Brace Hayden, Mr. and Mrs Clarence Shuey, Mr. and Mrs Maxwell Taft, Mrs. Andrew Moseley, Miss Bina Moseley, Mr and Mrs. Harry East Miller, Mr. and Mrs. Harrison Clay and Mr. and Mrs. Vernon Waldron.

The fete promises to be a leading social date of the year, and it will probably be the last large out-of-door affair of the year.

MISS SCOVILLE VISITING HERE.

Miss Amy Scoville, who has so many friends on our side of the bay, is visiting Miss Janet Coleman at her California-street home in San Francisco Miss Scoville has spent a very delightful summer on this coast, having been the guest of Miss Miriam McNear, and having enjoyed a delightful visit with her friend, Mrs Taylor Bell (Helen Chase).

The Bells have one of the most delightful of the Piedmont homes, and their friends are made most welcome Mrs. Bell is a very popular young matron, unspoiled, and with the wide horizon that true culture and wide travel must always bring.

CLUB SEASON IS IN FULL SWING.

"The club season" opened this week in a blaze of glory, with the luncheon at the Ebell club, in which Mrs. Philip North Moore of St. Louis was the guest of honor. Mrs Moore is a very distinguished woman, and is the president of the National Federation of Women's Clubs.

Rarely in the history of the Ebell club has there been a luncheon of so much interest, for the speeches were brilliant efforts and most of them represented philanthropic experiments of wonderful value to the nation All the women's club around the bay were well represented, and the Ebell club showed a gathering of prominent women brilliant in the extreme. Among the many well-known club women at the luncheon were: Mrs. C C. Clay, Mrs Martha Gielow, Mrs. J R Scupham, Mrs C. H Rowe, Mrs. Jennie Klopp Mrs W. G. Palmanteer, Mrs T C. Coogan, Miss May Coogan, Mrs Hugh Hogan, Mrs. Charles Woodbury, Mrs Philip Moore, Mrs. Josiah Cowles, Miss Eva Powell, Miss Mabel Gray, Miss Ethel Moore, Mrs Vincent Woodbury, Mrs Ella Bacon Soule, Miss Carrie Bacon, Mrs James Allen, Mrs Crellin, Mrs. Alex. Stewart, Miss Lucy Herrick, Miss Margaret Herrick, Mrs. W. E Sharon, Mrs. Greenwood, Mrs. Fred. Lufer, Mrs. William Creed, Mrs. George Cope, Mrs. Homer Craig, Mr. H. Crawford, Mrs Carlton Crane, Mrs. Kate Bulkley, Mrs. Milton Bulkley, Mrs. Everett Brown, Miss Matilda Brown, Miss Florinne Brown, Mrs. Cora Jones, Mrs. Willard Williamson, Mrs. George Gross, Mrs. J. Loran Pease, Mrs. Charles Lovell, Mrs. Robert Watt, Mrs. William R. Davis, Mrs. Charles Cotten, Mrs. H. C. Taft, Mrs. Charles Leonard Smith, Mrs. John Francis Smith, Mrs. Edgar Stone, Mrs. George Bornemann

RETURN SOON. MISS McNEAR TO

Among the well-known debutantes of the year will be pretty Miss Ernestine McNear, who is to return to Oakland after a year spent abroad. Miss McNear has been in a Parisian school the past year, and has traveled on the continent before returning to America

The McNears have been making very extensive improvements in their Piedmont home, in which there will be much entertainmnt for their daughter in the coming season. Miss McNear's cousin is Miss Marian Miller, one of the most popular girls in the social set across the bay. Miss Albertine Detrick, who is also a cousin of Miss McNear, has chosen to go to college this year She is in the freshman class of the University of California.

MISS PETTT WEDS AT PRETTY HOME WEDDING.

One of the prettiest weddings of the year took place Wednesday afternoon, the 14th, when Miss Wilhelmina Petit, daughter of Mrs. Margaret Petit of East Oakland, became the bride of Arthur E M. Smith, son of Dr. T. Orde Smith of Berkeley.

Rev. Herbert E. Hayes of Centennial Presbyterian church, officiated. The ceremony, which was a very pretty one, took place under a mass of ferns and floral bells.

The bride wore a beautiful traveling gown and carried a bouquet of lillies of the valley and ferns. She was attended by her sister, Miss Peruana Petit, who carried a bouquet of pink carnations. The bridegroom was attended by his brother, Walter Smith.

The bride, a very handsome girl, has occupied a prominent place in the social affairs of Oakland, and has a host of friends who extended her congratulations on the happy event.

The bridegroom, Mr. Smith, holds the position of cashier for the Associated Supply company, affiliated with the Associated Oil company of San Francisco, and has the respect and esteem of his business associates.

After the ceremony the guests, which included only relatives and very intimate friends of the bride and groom, gathered around the festive board. After dainty refreshments those present responded with many felicitations and well wishes for the couple's future happiness and prosperity.

Mr William Ford acted as toastmaster.

Mr. and Mrs Smith were the recipients of a great many beautiful and useful gifts

The couple left immediately on their wedding trip, destination known only to themselves. Upon their return they will take up their home on Twenty-second street in East Oakland.

PICTURES IN THE MEDDLER.

Miss Alice Connick, whose picture appears in today's Meddler, is a prominent member of the Delta Delta Delta sorority and was one of those who took an active part in the "rushing" for neophytes that took place lately. She has recently returned from a trip to Humboldt county.

Mrs. Edward William Cannon was formerly Miss Corinne Adams of this city and her home in the college town is the scene of many festivities.

Miss Peruana Petit is the daughter of Mrs. Margaret Petit of Twenty-fourth avenue. She was bridesmaid at the wedding of her sister to Arthur Smith, which event was one of the pretty smaller affairs of the season.

Mrs. Arthur Smith, who was Miss Wilhelmina Petit, was married Wednesday afternoon at a prettily appointed home wedding in East Oakland under a mass of ferns and floral bells.

AFTERMATH OF THE CROCKER BALL.

Nothing much has been talked about across the bay this week except the aftermath of the Crocker ball—an affair which will take the place in social history beside some beautiful ones given by Mrs. "Willie" Howard, and the Borels in years gone by.

In the first place the Crocker home, "New Place" is a beautiful setting for any sort of entertainment and is a triumph of architect, landscape gardener and decorator The architect, Lewis Hobart, was there to enjoy his triumph and to hear a few of the charming things which were said about his work. As soon as the carriages and motors entered the spacious grounds, fairyland commenced Chinese lanterns by the tens of thousands had been used, not singly or in strings, but in artistic groupings in every one of the trees which border the driveway. Most of these lanterns were of pale sea green or of white and they were hung from the ends of fir branches with quite a Japanese print effect. Further up the drive, nearer the house, the long flower beds were outlined in rows of colored incandescent lights and the fountains which play on the terrace behind the house were illuminated with colored lights, now green, now pink. Many people were reminded of Versailles. Across the terrace where the wooded heights rise, was a splendid display of fire-works. The attention of the guests was called by a volley of bombs—if bombs volley—and everyone trooped out on the terrace to see the display. The night was so soft that only a very few women felt scarfs a necessity. Most of them stepped into the velvety night accoutered as they were

Far away behind the trees which were twelve years growing before the stately house was even started, red and green Greek fire outlined the beautiful tree masses. Magnificent rockets soared into the sky and burst into thousands of stars as though a world had been shattered—all to show the joy of the house that a daughter had blossomed into womanhood. Great pinwheels whirled as pinwheels seldom do, being the most disappointing things in all the realm of fireworks, and a Niagara realistically represented in fire tumbled in white and green cascades. The handsomest set piece—all of these made beautiful by distance—was an aisle of Roman candles and volcanoes, with other Roman candles shooting across the aisle of fire and meeting gracefully in a great bouquet of brilliance and fire balls. The night was so windless that the smoke from the Greek fire hung in clouds over the woods, and these clouds were in their turn illuminated by the brilliance beneath, adding a quite unexpected beauty.

Inside the house was a scene of gaiety and hospitality. Mr. and Mrs. Crocker and Miss Ethel Crocker received, unassisted. They stood in the main reception room and the guests filed past them and into the large drawing-room, the walls of which are covered with old rose velvet broken by French mirrors In this room and the oak dining-room there was dancing, the orchestra playing in a small room between. Mrs. Crocker was very handsome in a regal gown of white satin brocaded in gold thread in large groups of roses, with some splendid Maltese lace forming the kimona sleeves and top of the bodice. Her ornaments were magnificent emeralds These huge stones, more than half an inch square were separated by large round pearls and formed a necklace. Two large emerald pendants were fastened to the front of the bodice and emerald rings and bracelets completed the beautiful set of ornaments. The debutante wore a pretty frock of soft white satin, made girlishly in surplice fashion. Around her bare throat she wore a string of small pearls with a pearl pendant.

The oak dining-room where most of the dancing took place is a beautiful room and forms a most artistic background for artistically attired women. The oak with which it is lined clear to the ceiling was brought from Europe and is old and brown with a splendid mirror-like surface. A tall carved stone mantel is the only ornament. A few pictures of fruit and flowers and birds, mellowed like old tapestry, and conventional in treatment, decorate the walls For the evening the stone mantelpiece was banked with orange-colored [illegible]

From the entrance where in boxes stood orange trees covered with blossoms, the boxes filled with lavender primroses, to the beautiful orange room which had been created for the supper room flowers were lavishly but artistically used. In the main drawing room were great masses of lilies of the valley and maidenhair in stone jars In the

WOMAN IS HOPE OF WHITE RACE

Fists of Mrs. Van Claussen Lay Low the Financiers.

This Beautiful Amazon Proves Tartar for the Police.

MRS IDA VAN CLAUSSEN whose fists are like Johnson's

NEW YORK—From the startling happening which took place in the offices of the Metropolis Mortgage and Trust Company on Nassau street it would appear that the champion of the white race was a fashionably gowned Amazon named Mrs Ida Van Slingerland Claussen. Mrs Van Claussen, who prides herself on being an American girl born in Holland, has won an international reputation in a fight with Roosevelt when as President the latter refused to accept the American Minister to Sweden to function at the court of King Oscar. Her fight however was only verbal and epistolary.

But for once she was the real thing—hooks, jabs, swings, counters and hereto mixing with blood spilling. Her first victim was Vice President Brewer of the trust company. As the fight experts might put it, Brewer just lasted him. He was equal to a slight grogginess when Mrs Van Claussen jumped in. He got kneed in the ends. Second Vice President Bristol was the third to go. His knees wabbled when Mrs Van Claussen left him and turned to her victim.

Then she found herself opposed by a special officer. It finally took the combined efforts of all to stay her swift and mighty blows and actual punches.

WALKS DEFIANTLY OUT OF OFFICES

When I was in love, Mrs Van Claussen's brief costume was still somewhat disordered. A fleeting attempt to restore her tresses to a semblance of order was made, but she called a policeman to her with her shoulders raised and defiance in every motion of her walk as she departed she got into a taxicab and returned to her hotel.

Mrs Van Claussen was accompanied to the Stock Exchange by Mrs Nicholas Van Slingerland, head of the Jeanne d'Arc Chapter of women who would vote. Mrs Van Slingerland did not participate in the capacity of trainer or second or adviser. She left the scene before the fight occurred.

Mrs Van Claussen appeared outside the bronze railing in the first compartment office and demanded to see Sloane. She was told that she had given her income to the fullest possible extent and that no further taxes could be collected, made by the company acting as executor of Michael Jones' will.

TOLD NEWSPAPERS OF HER INTENTION

Mrs Van Claussen was intensely enraged and could not attempt to disguise it. She went to a nearby telephone and notified the newspapers of what she was about to do.

Returning, Mrs Van Claussen swung open the gate in the bronze railing and advanced to Vice President Brewer's desk and started at him. He looked up.

"I want Mrs Van Claussen," said he, a trifle hoarsely. "I have explained fully to you about the income. Now please don't bother me any more about it."

Mrs Van Claussen wore a gown which shows a slight tendency to embonpoint.

"Is that all?" she cried.

"Yes, that is all," said Vice President Brewer.

"Then that is what you get," she cried.

Each hit seemed a stinging blow on Mr Brewer's face. Finally he let his head drop, and Brewer's head fell upon the floor. Then he scrambled to his feet, and his face was a deep crimson. As the fight experts might put it, he just lasted him. He was equal to a slight grogginess when he jumped in. He got kneed in the ends. Second Vice President Bristol was the third to go. His knees wabbled when Mrs Van Claussen left him

RULES FOR WIFE'S CONDUCT FORM NEW DECALOGUE

Suit Reveals Directions Drawn Up by Wealthy Manufacturer Governing Life of His Better Half

SANTA ROSA Sept 17—A new method of easing the burdens of the matrimonial yoke Rules for the Wife a decalogue consisting of a set of instructions for the feminine half of the household all of which must be obeyed to the letter, was set forth in an affidavit in the Superior Court here yesterday

It was in an endeavor to set aside the interlocutory and final decree of divorce and thus obtain a portion of the fortune of the late Adolph Weske once president of the Pacific Coast Biscuit company of San Francisco and a wealthy pioneer who died recently at his Windsor country home that it is claimed that Mrs Eloise Weske told the court that her husband had given her a set of rules that she must obey to the letter

IRON CLAD RULES

According to the decalogue sent her by her husband the wealthy biscuit manufacturer would not let his wife lose track of an hour from the man date of the Nuptials which provided that she must not go anywhere without telling him before hand where she was going and with whom she was to visit

It was through this peculiar method that Weske sought to control his wife's actions according to the affidavit filed yesterday afternoon in the Superior Court with a motion asking the court to set aside the interlocutory and final decree of divorce

One of the most mandatory rules of the decalogue issued by the husband is that it is the duty of the wife to uphold her husband in every thing and hide his faults

MONEY FOR FREEDOM

Price according to Mrs Weske her former husband offered her large sum for his freedom from the matrimonial yoke She says that about 18 months ago he offered her $100 000 to release him from the irksome bonds of matrimony She refused preferring the divorce hearth Later the price came down to $75 000 according to Mrs Weske On the last occasion she avers that he was not acquainted with her whereabouts and that although he could easily have found out he never made inquiry She was at Los Angeles with her daughter Miss Rita

The daughter an actress will succeed to all the large estate unless the mother manages to set aside the decree of divorce The daughter's stage name is Rita Victoria

Mrs Weske alleges that her husband brought a suit for divorce in 1890 in the San Francisco courts, and that that suit was set aside in 1893 following a close complaint on her part and was dropped from the calendar but never dismissed

TEN COMMANDMENTS FOR WIFE TO FOLLOW

She must love and respect her husband

She must avoid everything that would hurt or wound his feelings

She must obey him without protest

She must not spend money foolishly

She must give up everybody, mothers and sisters without complaint

She must not let things go to rags

She must only have acquaintances of which he approves

She is forbidden to write letters to any one without his consent

She should not buy improper clothing

She must consult him before purchasing a new hat

SAN ANTONIO PARK IS IN COMMISSION'S CARE

East Oakland Pleasure Spot Is Turned Over to Be Equipped as a Modern Playground

The equipped as a playground the Park Commission at its regular session yesterday afternoon turned over to the Recreation Commission in San Antonio Park known as Independence Park to the Playground Commission The land lies mostly in two terraces and will be graded and equipped as far as possible for playground purposes

Further addition to the playground was made by the Park Commission ordering that West Oakland Park including Lay View Park should be of the park when it is brought up to present estimate this will entail an expenditure of over $3000

In connection with the playground at San Antonio Park it is the intention of the commission to establish a swimming pool There is a large natural hollow in the park and all that is necessary is the cementing of the walls of this and the provision for water The commission has not sufficient funds to order this during the coming fiscal year San Antonio Park is the only playground in East Oakland and here has been decided that it should be fitted up for the school children of that section

Carman Restores Lost Bag; Owner Fails to Thank Him

W J Beard of Antioch Dimond district was one of the many who left the overland train at Sixteenth street station yesterday morning and the fact will cheer the heart of the conductor of the car in which he was seated when he returned to the owner He (the latter) was seated in the rear coach of the train when he noticed a well dressed woman evidently a stranger to the place enter the car and after looking around for a few moments leave it

Shortly after the train had left Fruitvale station the woman returned to the car and looked around for a few moments when she espied a hand bag and grip with clothing in it on the seat in front of Beard She picked up the articles and left the car

Beard thought little of the incident at the time but when he reached the corner of Fourteenth and Franklin streets and found that the bag contained $80 in cash and a number of valuable papers he realized that he had been the victim of a clever thief

The woman says Beard was attired in dark suit with a mixture coat a derby hat and a cigarette She boarded this car at Fourteenth street and Franklin

Beard understood the situation the woman had taken on the preceding car and the watch known and before reaching the station left the car for a purpose which was not stated Shortly after the arrival of Beard's car the woman evidently missed the bag and sought Police assistance in finding it In this she was disappointed as Beard found Dimond district and it was on the last car in which Beard left Dimond before his return that the treasure was discovered

THANKED BY PASSENGERS

When I found the car that the purse was on I said to the woman There's your property and she left my car with out even thanking me But I was satisfied said Beard speaking of the matter today because I was tendering a service to the passengers of the company Other passengers on the car thanked me several said that the best they would be treated in the same manner in the event of their losing anything of value

KNOWLAND WILL HELP RICHMOND

He Favors Appropriation for Dredging Harbor for Deep Draft Vessels.

For the purpose of looking over the ground with a view of recommending to Congress an appropriation for dredging Richmond harbor Congressman Joseph R Knowland visited Richmond yesterday afternoon and became enthusiastic over its possibilities as a shipping point

He stated that he would immediately confer with Colonel Biddle of the local engineering corps for further information and will do everything in his power to secure the appropriation

He stated that any efforts that he would make in this direction would be in vain unless the government could be thoroughly convinced that the engineering facilities would be favorable to the construction of a channel from the deep water landing which will accommodate the deepest draft vessels Mr Knowland stated that it is the intention to construct public wharves In connection with the matter Congressman Knowland stated that he believed that the present board of engineers has been appointed by the government for the purpose of looking into the matter of deepening the channel and that the report of this board will be favorable to the project

He stated that the present board of engineers has better facilities for handling harbor improvements than any other board that has been appointed in years and that the report of this board will be favorable to the project

THUG ATTACKS WOMAN AND CHOKES HER

Youth Asks for Drink of Water, Grasps Victim Around Throat.

Mrs. Baumagel Thrown to the Floor, But Screams and Assailant Flees.

SAN FRANCISCO Sept 17 — Choked almost into unconsciousness and an attempt made to assault her in the narrow hallway of her home while people were hurrying back and forth along the street and just before the children came in from play this morning Mrs H Baumagel was attacked by a thug who had rung her bell to ask for a drink of water

Mrs Baumagel who lives at 961 Duncan street opened the door to find a young man about 22 years old of medium height smooth shaven and dressed in a neat blue suit

GRASPED HER THROAT

Might I trouble you for a drink of water he said politely and as the young woman stepped behind her entwined his finger around her throat and tried to choke her There was a short sharp and decisive struggle during which Mrs Baumagel with all the force that she could summon, writhed and twisted in the grasp of her assailant finally managing to cry out for help

Evidently alarmed at her screams the thug ran down the front steps and escaped

A report of the affair was immediately made to Policeman Willis Mc Phee and Mrs Baumagel is convinced that she has seen the young man before the police believing that he has been watching her home

Improve Harbor by Narrowing Big Jetties

PUEBLO Sept 17—It is the opinion of Engineer Wheeler now making a hydrographic survey of the lower harbor channels the rock protection should be placed as close as possible to the deep water of the entrance channel which would bring the two jetties closer together than those at present by 1 00 feet Now jetty is built with about six feet, for a distance of 2 000 feet from the north jetty to channel wall on the north side of the south jetty a regular sand bank exists for 500 feet to the channel wall

Engineer Wheeler believes that if the jetties were brought to the edge of deep water the scouring operations of the current would result from such procedure would keep the channel clear and deep throughout the year Within a short time Engineer Wheeler and his crew will have completed their work on the channel from the entrance to the wharves at Fields Landing and the jetty work will be continued on channel to the Eureka wharves from there On During the last few days several deep potholes have been found by the surveyors in the South Bay channel near the entrance One was found at the junction of the channel with the north and south bays that insured sixty feet in depth

Mrs Mathewson of Captain Mathewson of the Pilot Bay Arrow is expected from San Francisco on the North Fork with her husband Mrs Mathewson is the wife of Captain Mathewson

PLANS DO NOT LOOK OVER BRIGHT FOR EXPANSION TO AN EIGHT-CLUB LEAGUE

MOHLER'S BOOT COST HARRY SUTOR VICTORY OVER VERNON

Seals' Second Baseman Fozzles Ball, Letting Three Runs Over Plate After Side Should Have Been Retired

Talk about your hard luck tales. It's Harry Sutor who can tell one this day, for if ever a man had the jinks on his trail, that man was the aforesaid "'Andsome 'Arry." There he was, shooting up the benders like a big leaguer, when along comes a little "boot" and puts the kibosh on all his hopes of defeating the Hooligans, and to make the tale all the worse it was the hardest working man on the whole Seals' payroll who made the "boot" that really and truly beat "Andsome."

A much better crowd was on hand than on the day previous, because the weather was good, and then again San Francisco generally plays a tip-top game of ball. Possibly 3000 kids ready and willing—if they got the chance to yell—were there to swell the attendance, but nary a real good hard yell did they contribute.

Willett, for the Hooligans, "came back" and hurled an excellent article of pellet-shooting for his bunch. Then again his support was all to the good, especially in the pinches, which helped him along greatly toward fame and victory.

HOW THE HOOLIGANS WON THE GAME.

Rounds one and two went by with honors even and nearly all of the first half of the third was over before there were heaps of trouble on the mind of Titewadius. Lindsay hobbled to the plate like a man with an over abundance of bunions on his pedals and Sutor maybe took compassion on him, for he was ticketed to first base. Brown, a grand catcher, by the way, and also a sweet hitter, combed one to right that gave him first and allowed the cripple to reach second in safety. Willett made a mess of an attempted sacrifice and Sutor tossed his hit to Vitt in time to place the ball on Lindsay. Carlisle hit along the third base line and beat the throw to first, filling up the bags.

Burrell drove a screamer toward right, but Captain Mohler grabbed the pelt and shot it home ahead of Brown, putting two in the hole, but still leaving the bags chuck-a-block. Along comes Ross with a dinky poke right at the field boss of the seals (when Mitchell isn't around). "Oh, so easy!" yelled Tommy Tennant, and it was at least it looked that way, but Ernie and the ball got tangled in a mess and Willett and Carlisle spiked the pan before the second-sacker could pick up the pellet again. Roy Brashear combed the ball to right and Burrell was over. Coy hit to Shaw and brother Roy was nabbed at second. That ended the inning, also the run-getting of the Hooligans, but they were plenty enough.

HOW THE SEALS GATHERED THEIR TWO.

In the fourth inning Mohler was given hand. The rooters were actually rooting, but the best he could do after kicking around awhile was to fan, and when Shaw went out Brashear to Brashear, the crowd let up in their rooting but took it up again when Bodie was passed to first. Tennant got an infield hit and then Roy Brashear threw the ball away over Burrell's head trying to get Bodie tearing into third. The pellet went into the crowd and Hildebrand let "Ping" score and sent Tommy to third. Vitt poled one at the second baseman and once again he made a bad toss, Tennant getting to the plate in safety. Vitt took a nice lead on Willett, but Brown whipped the ball to Lindsay at second and Oscar was called out. That ended the run getting of the Seals and as they were one short of what the Hooligans had, they lost the game. There was a good play here and there after that and some bad ones, but they were of no consequence. Here's the score:

PLANS FOR WORLD'S SERIES STILL HANGING FIRE AS TO DATE

Murphy Is Satisfied to Play Anywhere, But Herrman Wants to Wait.

CHICAGO, Sept. 17. — According to Gary Herrman, president of the national commission, the meeting to decide the details of the world's series between the Chicago Nationals and the Philadelphia Americans will not be held for two weeks, at least, and in the meantime the fans will have to wait for definite information regarding the exact dates and the order in which the games will be played.

It is said, however, that the opening day will be Sunday, October 16, and the West Side grounds here the battlefield for the series opener.

"I don't care when the world's series commences or where the games are played," declared Charles W. Murphy, yesterday. "Naturally we have to look after the players' interests in this matter, for they are partners in the receipts. As far as I am concerned, however, they can play the series on a corner lot or anywhere, for that matter."

PITCHER RALPH WILLIS of the Oakland Club.

M'GREEVEY COMES HERE; FINNEY GOES UP NORTH; THE OTHERS WORK SOUTH

What will the harvest be? George Hildebrand and George Van Haltren will umpire the Los Angeles-Sacramento series. Mr. Finney will handle the indicator at Portland, while Gene McGreevy will be the arbitrator in the Oakland-San Francisco series.

MANY RECORDS SMASHED BY PACERS AND TROTTERS THIS SEASON

Minor Heir Does the Best Work With Uhlan and The Harvester Next.

NEW YORK, Sept. 17.—The records kept by the Jockey Club here show that trotters have done an unusual amount of record-breaking this year, while among the pacers the breaking of records has been confined to the performance of Minor Heir, son of Heir-at-Law. Minor Heir first lowered Star Pointer's mark of 2 00¼ to 2 00 at Galesburg, Ills. and at Indianapolis a week later he paced the mile in 1 59. Yesterday at Indianapolis he brought his record mark down to 1 58¾.

The new world's records of the trotters are:

Uhlan, 1 58¾.

Fastest stallion—The Harvester, from 2 02¾ to 2 02.

Fastest gelding—Uhlan, from 1 59¾ to 1 58¾.

Fastest 3-year-old colt—Colorado E, from 2 06¾ to 2 06½.

Fastest mile to wagon—Uhlan, from 2 03¾ to 2 01.

Fastest mile in a race for stallion—The Harvester, from 2 03¼ and 2 05¼ to 2 04¼ and 2 05¼.

OAKLAND COMES BACK, TAKING CLOSE GAME FROM THE ANGELS

Lively Starts Pitching, but Ninth-Inning Rally by Berryites Sends Him to Cover; Harkins Saves the Day

LOS ANGELES, Sept. 17.—It was the calm after the storm today and the temperamental visitors from the city of Oaks just nosed out the Angels in the ninth by a 6-to-5 score. Up to the final spasm the game went like a Sunday school picnic. There was never a coarse word spoken and even the few jests were tinctured with Chesterfieldian politeness.

Not that the Oaks were subdued, they were simply quieted. Even when Pete Daley, the gentlemanly caretaker of the Angels' center pasture, made a roar over a decision in the ninth, the Oaks grinned silently and awaited developments. There were no developments. Daley, having made himself heard, sat on the bench and twirled his thumbs.

NINTH IS FULL OF EXCITEMENT.

Aside from Daley's kick, the ninth was productive of the only real excitement of the game. The score was 6 to 5 in favor of the visitors when Los Angeles came to bat. Delmas slammed a two-bagger to center and Smith picked out the same spot for a long fly which Pfyl dropped, after he had his hands on it. Jack Lively, who had been cornering the visible supply of Angel goats up to now, put one over for Waring and the latter sent it to right center for a double. Delmas and Smith scored. Lively resigned and Harkins was elected to fill the void in the box.

SQUEEZE PLAY IS FOILED.

A sacrifice by Daley sent Waring to third. Mr. Daley made his kick right here on the decision on first. Harkins foiled an attempted squeeze play and the gentlemanly attendants showed the audience the way out.

The Oaks made their first run on a pass, two sacrifices and a single in the premier spasm. They garnered again in the second on a single and a double. In the fifth they gathered three, principally because Murphy let a fly from Hogan's bat get away from him, and—Oh! yes—Don Cameron put the ball outside the left-field fence for a homer.

The locals made their runs previous to the ninth in the second, fifth and seventh. The score:

KELLER AND CARROLL TO BOX TEN ROUNDS FOR LOUIS BLOT

Classy Bantams Will Meet In San Francisco on September 30.

Louis Blot gave out the gladsome tidings to the fight fans last night that he had signed up Sammy Keller and Jimmy Carroll for a ten-round bout. These two boys will furnish the main event of the show that the promoter intends to pull off at Dreamland rink in San Francisco September 30. The referee will be selected at a later date.

Keller and Carroll met at the Oakland Wheelmen's show a few nights ago and the Britisher was given a decision over the American. It was a fast and furious bout, and the coming meeting should be a pleasing one to the fans.

Blot intends to also make matches between several other classy men, giving three additional bouts to the main event, all of ten rounds.

* * *

The proposed "amateur" bouts at the Railroad Men's show at the Fillmore-street car barns over in San Francisco last night were stopped by the police on account of the club not having the necessary permit. The promoters of the affair claimed that they were told to go ahead with the show without the permit, but the bobbies wouldn't listen to this line of talk, so there was nothing doing.

PRESSMAN HAS HAND CRUSHED IN MACHINERY

SAN FRANCISCO, Sept. 17.—While cleaning rolls in the pressroom of a local paper early this morning Harvey Tuttle had his hand badly crushed in some machinery. He was treated at the Central Emergency hospital.

BATTLING NELSON IN AN AUTOMOBILE SMASH

TOPEKA, Kas., Sept. 17. — While endeavoring to make a record run from here to Kansas City yesterday in an automobile, Oscar (Battling) Nelson and Fred Langley, who was driving the car, were thrown twenty feet into a field this morning when the touring car struck a farmer's wagon and turned turtle. The steering gear broke. Neither man was injured.

Eastern Baseball Notes

Lajoie hits his best in cold weather. Detroit critics urged Ty Cobb to boost his batting average during the dog days, otherwise the Frenchman will pass and stay ahead of the Georgia Peach in the home stretch for the automobile competition.

Umpire Kerin has been given notice that his services are no longer required by the American League. Chief of Umpires Jack Sheridan has been quietly watching Kerin's work and he came to the conclusion that Kerin is not up to the major league standard, either by reason of faulty eyesight or illness which has bothered Kerin considerably this season. Just who will take Kerin's place is not known.

HANSEN AND TIBBETTS MEET AT TAFT TONIGHT

TAFT, Sept. 17.—Tonight Victor Hansen and Jack Tibbetts will meet in a twenty-round contest that means much to the winner. Both men are very popular with the oil belt fans and a great crowd is expected from Bakersfield and Coalinga. Hansen is best known at Coalinga, where he has been doing most of his boxing, and the fans there believe him to have championship material in his make-up. When Sam Langford was training for the Kaufman bout in San Francisco Hansen acted as one of his sparring partners, and it is said that he is greatly improved. Tibbetts has boxed both at San Francisco and Los Angeles, and is well known throughout the north. Since coming here he has made a world of friends and has impressed the fans with the belief that he will prove the victor over the Coalinga man. Eddie Smith of Oakland has been selected to referee the contest, and is expected to arrive some time today.

RING GOSSIP

BY JEFF THOMPSON.

Bill Lang and Al Kaufman will meet on Monday in American League Park unless some unforeseen happening intervenes.

Al Kaufman seems to be the links kid, and there's no out to it. Matched with Langford in Frisco, the Governor, assisted by a regiment of soldiers, stopped the show. Matched with Langford in Philadelphia, the rain stopped it. Matched for the next night with Sam, and the latter took the gate refusing to box. Matched with Lang here in New York, and the cops blew the show. Can you beat that for an ambitious young man, who wants to become our leading lady in the heavyweight class? Al sure's is up against it on the hard-luck stuff.

Metropolitan fight fans who keep in touch with the doings of fighters liken Stanley Ketchel to Young Corbett. Both have played to the limelight and Corbett succumbed while Ketchel is now in Michigan obeying the curfew, eating plain grub and trying to "come back" to the point where he was two years ago.

In many respects Ketchel and Young Corbett were alike. Both were excellent ring men and both fought on the level, but they lived at the rate that would kill a Pittsburg millionaire.

Young Corbett was all in long before his time. The fast life the Denverite led put him out of it at a time when he should have just been at his best, and it now looks as though Ketchel is ready to follow in the footsteps of the little Denver boxer.

At Reno close friends of the middleweight champion commented on his poor appearance. Ketchel looked far from being the dashing, handsome, spectacular youth who beat Joe Thomas, Hugo Kelly, Billy Papke and that sort here.

His eyes had the lack-luster color of dead fish, his skin was sallow and dry, and he looked more like a medical student who was confined too closely to his lamps than a high-class athlete.

Everyone who comes in contact with the boxers knows that Ketchel has exceeded the speed limit of nature's laws for well nigh two years.

Stanley was a fast spender. His hands had no more hold on money than a sieve on water. Light and music Ketchel wanted, and life and music and the favor of grizettes he purchased with a lavish hand of gold. But it was not the natural light of day that Ketchel sought, not the sweet music of brilliant composers, not the favor of the right sort of women.

Baseball Editorials

Manager Harry Wolverton and First Baseman Donald Cameron of the Oakland baseball club were suspended yesterday afternoon by Judge Thomas F. Graham, president of the Pacific Coast League, pending a further investigation of the trouble on the Los Angeles diamond Thursday.

Judge Graham stated this morning that his intentions were to give the matter the fullest of investigation, and that if the facts are as stated he will serve evenly with the two players. Both Wolverton and Cameron have been told to send in their version of the affair. The report of Umpire McGreevy was received yesterday by wire and reads as follows:

"Seventh inning, with three men on bases for Los Angeles. Dillon bats to third and is called safe. Cameron used vile language and with Wolverton was fined $25. They were ordered off the grounds and Wolverton attacked me. The Los Angeles players prevented it. Game forfeited, 9 to 0. Both refused to leave the grounds and both should be suspended."

Well and good for that side of the story. The writer is not offering and does not intend to offer any excusing circumstances for either Wolverton or Cameron, but they, too, should have a chance to explain matters. Rowdyism is something that must not be tolerated on a ball field, and it is the duty of the president of the league to punish this class of men most severely—in fact, they should be chased out of baseball for all times.

Getting back to the punishment meted out to Wolverton and Cameron. If all the facts are as stated they have gotten exactly what they deserve, in a measure; but it is hardly fair to make them of one and foul of another. The suspension of Cameron and Wolverton will not hurt either of those players one little bit, but would work a hardship on the team to a marked degree. Cameron's hitting would be missed and the leadership of Wolverton would be missed. Wares would go all to pieces and so would many others on the team.

What Judge Graham should do with these men, if they have offended, is to take away a large, fat chunk of their salary, say, a couple of hundred dollars. That is a method that brings a ball player to time quicker than anything else.

We have seen other players in the Coast League rant and tear at an umpire. A week ago Sunday we heard Buddy Ryan use language to an umpire from the press box that was unfit for publication, and Thursday we heard another walk to the bench, after fanning, with a string of oaths on his tongue as long as your arm.

Again we say this is not to extenuate either Wolverton and Cameron, or Lively, or Nelson, or any other man that is a lowdy on the ball field, but think that a heavy fine would fit these men far better than a suspension. As it is, the matter is up to Judge Graham, and the fans await his decisions.

* * *

The high moguls of the Pacific Coast League gave a little love feast to the several newspapermen of San Francisco last night at the St. Francis hotel, after the sipping of soup and cracking of nuts the directors went into executive session on the matter of league expansion, but did not commit themselves. Prospects were far from bright as to having an eight-club league. Cal Ewing, the power, or the near power behind the throne of the Coasters, favored the taking in of Seattle and Vancouver, but as to four clubs from the north and four from the south, Cal was from Missouri.

* * *

Wolverton and McGreevy, according to a dispatch from Los Angeles, engaged in a verbal row there yesterday, and it is said that the Oakland manager threatened to get the umpire. McGreevy came right back and told Wolverton to be careful of what he said or did, else he would get more of the punishment meted out to him.

The Oaks' manager is also said to have walked to the press box and passed his opinion of those scribes that said his men were off the dry dock and were batting 100 or better in the midnight league. Of course, when a man is in bad there are always those that will help put him deeper in the hole.

With the captain and first baseman on the carpet, Hogan will continue at third and Monte Pfyl will hold down first base.

* * *

Jack Lively came within an ace of losing out at Los Angeles yesterday, but the failure of the squeeze play saved him. This is one grand play when it is made, but when it fails, then how the fans will man the player that misses.

Sacramento is going to get a double-header today and another one tomorrow. The postponing of the games Thursday and Friday, owing to the death of young Cal Curtin, made these conditions necessary.

* * *

Among those that took in the game over in San Francisco was the rotundo magnate from the Northwest League, D. E. Dugdale, who had the nerve—that's the word—to tell some of the scribes that his outfit is as good as the Coast League. Of course there is nothing in an argument, so we will let Dugdale keep on thinking this way, but some day that pipe is going to go out.

* * *

The enforced vacation of the Beavers yesterday helped the Oaks, for they gained three points on McCredie's leaders. If the Senators can do a little better than heretofore, and we can break better than even the rest of the week in Los Angeles, we can gain back that ground we lost.

* * *

Oscar Vitt made one play yesterday that was a hummer. Roy Brashear hit one along the third base line at a mile-a-minute clip right over the bag. Vitt tore after it, grabbed the ball, turned completely around, and pegged Roy out at first base.

* * *

Shortstop Lindsay of Vernon played a remarkable game at that difficult position. Being badly crippled, it was painful to the man every time he made a move; still, he stuck gamely to his job and pulled off several plays that made the fans cheer him good and plenty.

* * *

Now what do you think of this. San Francisco fans really and truly rooted for the home team. As a rule they generally go after the boys, or some of them, and pan them from top of gong to finish.

* * *

It was Mohler's unfortunate boot that gave the Vernon team that chance to score those three runs. The chance, though, was a hard-bounding ball and difficult to handle. Yet the second-sacker gets a salary to grab those kind and he has no excuse.

* * *

Madden was caught off first base in the opening round as easy as shooting fish with dynamite. He had been passed to first and took a few inches too much lead off the bag. Willett saw him and whipped the ball to Kitty before Tommy could get back.

CHICAGO'S BIG ATHLETIC MEET TAKES PLACE TODAY

CHICAGO, Sept. 17. — More than 200 entries, representing athletic clubs in all the middle western states, have been made for the Central Amateur Athletic Union championship meet which will be held under the auspices of the Chicago Athletic Association this afternoon on Northwestern field, Evanston.

JACK GOODMAN WINS FROM FIGHTING DICK HYLAND

NEW YORK, Sept 17.—Jack Goodman, the local lightweight, outpointed Fighting Dick Hyland in a ten-round bout at the National Sporting Club last night. Goodman never showed to better advantage. In Hyland he met a rushing slugger who did not know the meaning of the word quit. Hyland always had a dangerous blow in either hand and was coming in all the time, but Goodman, with cool-headed judgment, blocked, countered, swung and jabbed in such skilful manner that he appeared to be the master and would have won the decision if one had been rendered.

ABE ATTELL DEFEATS BOXER CHARLIE WHITE

MILWAUKEE, Sept 17.—Abe Attell that crafty old featherweight, put Charlie White's championship hopes into discard here last night in a fast ten-round bout at the Hippodrome. The Chicago scrapper was outpointed from gong to gong, but showed up well in flashes. These proved of no account, however, as his only good blow, a straight right drive to the head, never bothered the Hebrew champion.

PACES SENSATIONAL MILE.

INDIANAPOLIS, Ind., Sept 17. — Minor Heir, son of Heir at Law, again broke the world's record for a paced mile yesterday at the State fair grounds going the distance in 1 58¾.

The former record was 1 59, which Minor Heir himself set in a race here last Monday. Today, driven by Hersey, and in company with a runner, his time by quarters was: 0 29 3-4, 0 59¼, 1:28½, 1:58¾.

BALL PLAYER KILLED.

ABERDEEN, Wash., Sept 17. — Richard Arland, second baseman in the Montesano baseball team of the State league was killed in an automobile accident near Montesano late last night.

NEGLECT

More Dangerous Than

DISEASE

DR. PALMER, Master Specialist

In my very extensive practice I have learned that the VERY SERIOUS and so-called "incurable cases" are due usually to NEGLECT AND DELAY. Again, I know that many men suffer for YEARS and practically RUIN THEIR HEALTH FOREVER trying to dose themselves with some patent nostrum that never could cure. And, further, it is evident that many men will run to what they call "cheap" treatment. NO TREATMENT AT ALL "cheap" treatment means in nine cases out of ten.

The last state of the man is worse than the first. Just before you go a line further in this announcement stop and ask yourself as to whether YOU are following in the foolish steps of the man who NEGLECTS himself. Are you trying to cure yourself with nostrums? If you are, it is certain that you will regret it. It is NEVER TOO LATE to get in the right path, but at the same time remember that you CANNOT GET THERE TOO SOON. I offer you my treatment at a cost as low as is consistent for the services rendered.

I AM ALWAYS WILLING TO WAIT FOR MY FEE UNTIL A CURE IS EFFECTED.

Spermatorrhoea, Weakness, Varicocele, Stricture, Contracted Disorders, Kidney and Bladder Troubles, Piles and all reflex ailments are among the diseases I treat successfully.

LABORER IS ARRESTED FOR THEFT OF $14,345

SEATTLE, Wash., Sept. 17.—John Tiberg, a Norwegian laborer, was arrested yesterday charged with having stolen $14,345 from the sluice boxes of the Pioneer Mining Company of Nome. Tiberg worked for the company last summer and fell under suspicion, but when charged with having robbed the boxes he answered with such frankness that the suspicion was allayed and he was re-employed.

Tiberg later sold to the United States assay office gold slugs valued at $14,345 and exchanged the check which he received for a $9,000 draft on a Portland bank and $5,345 cash.

In this city he took the name of Andrew Hansen. He was about to leave for San Francisco when arrested.

DAKS AND ANGELS DRAFT A COUPLE

AUBURN, N. Y., Sept. 17.—John H. Farrell, secretary of the National Association of Professional Baseball Leagues, yesterday gave out the following list of drafted players in class A and AA. More than $50 000 was deposited with Secretary Farrell for the drafted men. The list in part follows: Selected by draft chosen by lot—Los Angeles from Hartford, Metzger; Oakland from Visalia, N. Lynch, Oakland from Waterbury, Bannister.

FITZHERBERT STILL RIGHT.

Sam Hildreth denies the report that Fitzherbert has gone wrong and that he will be retired to the stud. The well-known turfman declares that Fitzherbert is as sound today as the day he was foaled, and further says that he will match the son of Fitzherbert against any horse in America, at one mile and a quarter, weight for age, for $10,000, $20,000 or $50,000 a side. Hildreth is also quoted as having expressed the opinion that Fitzherbert can beat any horse in the world.

JOHNSON READY TO START ON ACTIVE CAMPAIGN

Declares Condition Perfect and Capable of Meeting Demands of Voters.

INTEREST INTENSE IN OUTCOME OF CONTESTS

Theodore A. Bell Addressed Audience of 500 in Richmond.

Hiram Johnson will leave San Francisco Monday on his campaign for the governorship. He says that he is in perfect condition and ready for the most exacting demands of the battle at the polls. He has been greatly refreshed by his stay at Lake Tahoe and will be able to satisfy any demands which may be made on him during the next six weeks in the way of political speeches in any part of the state. Before he returns home he will have again canvassed the whole state and met many of the communities, the people of which saw him for the first time when he was making his primary campaign.

HIS ITINERARY.

His complete itinerary is as follows:

Tuesday, September 20—Noon meeting at Yreka; evening meeting at Dunsmuir.

Wednesday, September 21—Noon meeting at Kennet; evening meeting at Redding.

Thursday, September 22—Day meetings at Cottonwood and Anderson; evening meeting at Red Bluff.

Friday, September 23—Evening meeting at Chico.

Saturday, September 24—Evening meeting at Oroville or Marysville.

Sunday, September 25—Day in Sacramento, no meetings.

Monday, September 26—Evening meeting at Placerville.

Tuesday, September 27—Day meetings in the southern mine district, evening meeting at Angels Camp.

Wednesday, September 28—Evening meeting at Stockton.

Thursday, September 29—Evening meeting at Modesto.

Friday, September 30—Evening meeting at Fresno.

October 1-5—In Los Angeles, San Diego and the south.

INTEREST IN OUTCOME.

Considerable interest is being evinced in the outcome of several election contests which have been filed in the Superior Court of San Francisco, and the impression obtains that there will be a recount ordered. The recount, it is believed, will cover the vote for the superior judges, the state senator in the Twenty-fourth Senatorial District, and assembly in the Thirty-second and Forty-fourth Districts. The contests among the assemblymen are as follows: Frank R. Bull against Frank W. Sawyer, George M. Perine against Dominick J. Boban, Joseph A. Hendrick against William P. Kennedy and Henry Stern against Victor Shrager.

BELL IN ADDRESS.

Theodore A. Bell, the Democratic candidate for the position of governor on the Democratic ticket, addressed an audience of 500 people in Richmond last night. He told of his early life and declared that he had at heart the interests of the workingmen. At the same time he was disposed to treat workingmen and employer alike. He would give both a square deal. He urged his hearers to vote for the taxing of the state to raise $5,000,000 in aid of the Panama-Pacific International Exposition, in San Francisco, for the reason that that was the logical place in which it should be held. He said that he did not want to be misunderstood. He did not want to injure the business of any person, but he was determined that the monopolistic hand should be removed from the affairs of the people of California.

AUTO ACCIDENT VICTIM SUES FOR BIG DAMAGES

At 1 o'clock on the morning of October 5, 1909, Walter Fitzgerald was struck by an automobile driven by W. J. Freeling at the corner of Sherman street and Santa Clara avenue, Alameda, sustaining a compound fracture of the right leg and other severe injuries. This forenoon in the Superior Court he brought suit for a total of $5319 65 personal damages, naming Freeling as the principal defendant.

Fitzgerald alleges that at the time of the accident he was standing on the corner awaiting the arrival of a street car, and that when the automobile struck him it was running at a speed of about thirty miles an hour.

SAN FRANCISCO BRIEFS

Bogus Check Passer—D. H. Bibb Jr., son of a millionaire lumberman, who was arrested in Chicago was lodged in the city prison yesterday to await trial for passing a fictitious check in the Mutual Savings Bank drawn on the Corn Exchange of Chicago, which returned it stamped no funds.

Letter Carrier Hurt—Letter Carrier J. C. Moore was run over by an auto yesterday at Eighth and Market streets and had two ribs fractured and suffered internal injuries as a result. The auto was driven by A. C. Schinder.

Bogus Revenue Offices—A warrant issued in July, 1909 for the arrest of Captain J. C. H. Pringle, formerly master of Sacramento river steamboats, charging him with impersonating a United States officer at Benicia and Vallejo, was served on him at Orlando yesterday by Deputy United States Marshal Toole, who took him in custody.

Alleged Embezzlement—Police Judge Shortall yesterday held Georgia Francis to answer in the Superior Court to the charge of embezzling funds belonging to Mrs. Gene Gervin placed temporarily in her custody.

Insolvent Cafe—The first corporation to take advantage of the new amendment to the bankruptcy law, enabling such organizations to become voluntary insolvents, was filed yesterday by the College Inn by its secretary W. M. Pratt. The liabilities are placed at $10,449; the total assets $1612.

Will Filed—The will of John H. Sievers, a pioneer florist, was filed for probate yesterday. The estate is divided among three daughters and a son, a fourth daughter—Louisa E. Paul—having been provided for during the decedent's lifetime.

Mining Case Dismissed—Judge Van Fleet yesterday dismissed the suit brought by Edward W. McGraw to restrain the Rawhide Gold Mining Company from working an ore body alleged to be in the Dutch mine the expert appointed by the court to examine the workings reporting that there was no infringement.

Wants Receiver—In a suit brought yesterday against J. C. de St. Hubert, William Palontag and John Dixon, stockholders in the San Benito Vineyard Company, C. M. Lewis, former president of the corporation, asks for the appointment of a receiver and an injunction to prevent the collection of a $10 assessment levied.

COMMERCIAL BODIES TO MAKE EXHIBIT SUCCESS

Home Industry League Display Here in September Will Show California Products Only

It was decided at a joint meeting of the executive committee of the Oakland Chamber of Commerce, the Manufacturers' and Producers' committee and the Progress and Prosperity committee, to which Secretary Drury of the Berkeley Chamber of Commerce and Secretary Lyons of the Alameda chamber were invited, that the Home Industry League exhibit to be opened here in September will have the co-operation of all bodies. Each organization will do all in its power to make the exhibit a success and the three chambers of commerce have promised active co-operation in boosting it.

All goods on display must have been manufactured within the borders of California and products of some 200 manufactories of Alameda county will have preference. There will be many features that will attract the attention of visitors. The exhibit held in San Francisco recently at Hale's was attended by about 150,000.

FIRMS PROMISE SUPPORT.

Alameda county firms have already promised support to the league and from the present outlook the exhibit to be held in Oakland will be by far surpass the one held in San Francisco.

The exhibit will be held under the auspices and management of the officers of the Home Industry League. D. J. Alberga will have charge. Alberga and several other of the league officials addressed the meeting last night and were accorded much enthusiasm by the members of the different committees and organizations represented.

It was decided to enlist the co-operation of all the organizations represented. The exhibit will be held in the building on Broadway between Eighteenth and Nineteenth streets, formerly occupied by the Braley-Groto Company. It will open September 28 and the display will last until October 8.

The California cities' exhibits now in San Francisco will be transferred to Oakland within a few days and active work to get the exhibit ready on time will begin.

What the Home Industry League exhibit means to Alameda was told in the addresses of D. J. Alberga, A. C. Rulofson, Bernard P. Miller, H. C. Capwell, R. E. Queen, R. J. Davis and others.

FOOTPADS TERROR OF BARBARY COAST

Claim Three Victims in One Night, Beating and Robbing the Unwary.

SAN FRANCISCO, Sept. 17. — Footpads and highwaymen were abroad in the tenderloin and Barbary Coast sections again last night and between midnight and 8 o'clock this morning they had found three victims whom they handled more or less roughly, in one instance using a gas pipe, and robbed them of their valuables.

Peter Waswick, a sailor on the steamer Leelanaro, was walking along Kearny street near Washington at 1:30 this morning when two men approached from the rear, struck him over the head with a piece of pipe and beat him down in his tracks. He was not rendered unconscious by the blow, and says the footpads worked with extreme nervousness, going through his pockets hurriedly, taking $30, but overlooking $10. He was found by Special Officer Thomas Casey, who took him to the Harbor hospital where Dr. Terrill dressed his injuries.

Harry Lambert, who lives at the Baldwin house on Sixth street, while drinking in a saloon near his home, was drugged, he believes, by someone standing next to him. Later he was found unconscious a block away, minus his watch and chain and $20 in cash. He was taken to the Central emergency hospital, but revived under treatment.

While touring the water front James P. Whitney of 102 Aurora street, Stockton, was held up at the point of a revolver by two men and robbed of $20 and a check book on the San Joaquin Valley bank.

3000 ST. ANTHONY PICNICKERS FROLIC

The annual picnic of St. Anthony's parish church, which was held at Emeryville racetrack today amid much merry-making was attended by more than 3000 people, who came from all parts of the Pacific Coast to celebrate the event.

Many prominent persons from San Francisco, Oakland and many of the other Northern California cities were in attendance. Among these were Mayor P. H. McCarthy, who attended with his family, Charles H. Mingo, Michael Casey and William F. Humphreys. Mayor McCarthy was the referee for the athletic events, which attracted the greatest interest.

BEERMAN CANNOT WED HIS GERMAN COUNTESS

SAN FRANCISCO, Sept. 17. — Emil Beerman, who left here to go to Germany to claim a rich inheritance, and to marry a countess in the Fatherland, lost an important point in his efforts to free himself from his wife, Ethel, this morning when Judge Graham refused to rescind his order annulling the divorce.

It is claimed by the wife that Beerman obtained his separation under false pretences and she succeeded in impressing the court and securing an annullment of the decree. Since that time, through his local counsel, Beerman has been fighting her and endeavoring to secure his freedom. Today's decision in the matter is final.

MEETS FAIR CHARMER; LOSES HER AND MONEY

SAN FRANCISCO, Sept. 17. — Enamored of a beautiful blonde, whom he encountered in his ramblings in the tenderloin last night, Nathaniel Johnson, who lives at the Mohawk hotel, accepted her invitation to call upon her at the Castle house, 537 Pacific street.

He declared that the two chatted together for a while and later he fell asleep. When he awoke the woman had disappeared and he found that $20 had been taken from his pocket.

He reported the theft to the Harbor station, and accompanied detectives through the resorts early this morning, but could not find the fair charmer.

ALLEGES WIFE MET TWO MEN IN SECRET PLACES

Among the alleged illicit lovers of Agnes Harding, according to George Harding's complaint for a divorce, filed this forenoon in the Superior Court, are Frederick Butler and Adolph Martin. These men, together with other Lotharios, Harding charges, met Mrs. Harding clandestinely in down-town rooming houses, and in addition to this form of unwifely conduct, the husband asserts, the defendant has frequented notorious saloons and other places without his knowledge or consent. The couple were married at San Rafael in March, 1902.

REFUSES TO WED; HE IS ARRESTED

Clothing Given Motorman by Woman Disappears; One Number Heard From.

SAN FRANCISCO, Sept. 17. — Charles B. Ingram, a motorman employed by the United Railroads, has been arrested on a charge of grand larceny on complaint of Miss Edith Mason of 3311 Buchanan street, following his refusal to carry out an agreement of marriage with her.

According to the woman's story she met Ingram on his car, the acquaintance ripening into love. She turned over some of her effects to him, and September 11, at 4 p. m., was set for the wedding.

He left for Oakland saying he would get a clergyman and she had not seen him since. The police, however, received information from a woman stating herself Mrs. Ingham, who wrote "My husband has done that before," hence the arrest.

BURGLAR WORKS AS OFFICER WAITS

After Watching Man Enter and Emerge From House Arrest Is Made.

SAN FRANCISCO, Sept. 17. — After observing a burglar in the act of forcing an entrance to the premises of Murray & Ready, 784 Howard street, at 3 o'clock this morning, Policeman P. Cronin of the Southern station, lay in wait for the culprit, patiently keeping watch outside until he had succeeded in his scheme of robbery, and then captured him as he emerged with his booty.

Cronin was patrolling his beat when his attention was attracted by a man stealthily making his way along. The officer jumped into a convenient doorway, and watched his man remove tools from his pocket, and set about in deliberate fashion to commit a burglary.

A few moments sufficed for the intruder to make his way into the premises and a short time later he returned with a large bundle. With drawn revolver the waiting policeman ordered him to halt. Instead he dropped the loot and ran. After a chase of several blocks, during which he blew his whistle, Cronin and Special Officer Reilly captured the burglar, who had dropped along the route a monkey wrench and a pair of pliers.

He had gathered in the bundle a typewriter and a suit case full of clothing. He gave his name as Charles E. Sachen, and was charged with burglary.

MEMBER OF VIGILANTES DROPS DEAD ON STREET

SAN FRANCISCO, Sept. 17.—H. J. Gove, a forty-niner, and one of the few remaining members of the Vigilance Committee, dropped dead yesterday afternoon on Third street, while he was returning to his room in the Alta Hotel, 165 Third street. He is presumed to have died of heart failure. At one time Gove was chief wharfinger. Of recent years he had been employed at various occupations. He was 77 years of age.

PICKPOCKETS JOSTLE MAN IN CROWD AND GET $18

Harry London of 313 Fifth street has reported to the police that pickpockets jostled him in a crowd in front of the San Francisco Produce Company's store at Eleventh and Harrison streets yesterday morning and picked his pocket of $18. He did not discover the theft until leaving the place and has been unable to give a good description of the offenders.

ORGANIZE FOR Y. W. C. A. CAMPAIGN THIS EVENING

Final arrangements for the membership campaign of the Young Women's Christian Association will be made this evening at a banquet to be held in the Administration building, Fourteenth and Castro streets, where the captains will give instructions to their lieutenants and the routine work of the crusade will be outlined by Mrs. Harriet Murray, chairman of the membership committee. The campaign will commence Monday morning and will continue ten days during which time they expect to secure 1000 new members to the association.

Trans-Mississippi Congress, San Antonio.

On September 15th, 16th and 17th excursion tickets will be sold to San Antonio, final return limit thirty days from date of sale. For further information see Southern Pacific agents.

PAINTER FALLS THREE STORIES; SLIGHTLY HURT

PITTSBURG, Pa., Sept. 17.—A rope dangling from a painter's swinging ladder was too great a temptation for mischievous boys on the North Side yesterday and on a dare one of them pulled it to "see what would happen." It ran loose through the pulley block and Lafayette Bell, 50 years old, painter, who was at work at the third floor, tumbled into a pile of bottles beneath. He was considerably bruised and cut, but is not seriously hurt. The boys escaped.

ENDS WIFE'S AGONY BY SHOOTING HER

Prospector a Wreck After Terrible Experience; Woman Injured in Fall.

NEW YORK, Sept. 17. — Haunted by the memory of his wife, whose suffering he mercifully ended by sending a bullet through her head in the wilds of the Canadian northwest, miles from help, James McDowell, a prospector and miner, is at the home of friends in the Bronx, a nervous and physical wreck.

McDowell granted the plea of his mortally injured wife to end her agony. He was exonerated by a jury of his fellowmen.

McDowell had a rich claim in the Cascade range in British Columbia. The trail to it was narrow and precipitous. His wife, 22 years old, was formerly Fanny Crawford, daughter of John Crawford, a California prospector.

McDowell tells how his wife begged him to take her with him to the mine, and he consented. While traveling along a narrow trail the mule on which Mrs. McDowell was riding fell over a precipice, carrying her with it.

McDowell said:

"I threw myself to the ground and peered over the edge. I could hear the mule's body crashing through the trees and among the rocks to the bottom, fully 2000 feet below. I nearly pitched over myself.

FOUND WIFE CRUSHED.

"It was almost 24 hours later before I found the carcass of the mule. Fifty yards away I found a shapeless mass lying among the rocks. It was my wife, alive, but mercifully unconscious. After I administered brandy she revived but suffered agony and begged me to shoot her.

"There was no human agency near and she was beyond all human aid. I placed the revolver at her head and fired. I covered her body, hoping it might escape the wolves.

"Returning to Calgary I told my story to the sheriff and was exonerated, but I have been a physical wreck ever since."

KELLOGG IS NOT OFFICE SEEKER

"Trust Buster" Declares He Will Turn Down Government Office.

NEW YORK, Sept. 17.—Frank B. Kellogg, the "Trust buster," who has been prominently mentioned as a possible successor to the late Solicitor General Lloyd C. Bowers, is in New York.

"I don't believe that there is anything in it," was his comment when asked as to the rumors of his pending elevation to the position of solicitor general. "At least this much is certain; I have not been offered this office and I have no expectation that I will be offered it. In any event I could not accept it. I am not a candidate for any office whatsoever."

Kellogg is at work preparing arguments of the government in the Union and Southern Pacific merger suit, which comes up in St. Paul on October 10. C. A. Severance will be associated with him.

CAPTAIN DAY TO STUDY PRISONS OF THE EAST

William I. Day, superintendent of the California prison commission, left this morning for Washington, D. C., where he will attend the convention of the American Prison Association, which meets there the 25th of this month.

Captain Day bears a commission from Governor Gillett and goes as a State delegate from California. The governor has also given the captain letters of introduction to the wardens of several of the large eastern penal institutions and reformatories in order that he can visit them and study the methods that are most successful.

Day has lectured for several years on the various phases of prison work and is well known in this city where he is an old resident.

WINS FINAL DECREE AND SON'S CUSTODY

According to the testimony upon which Minnie L. Crawford of Berkeley was granted a final decree of divorce this forenoon in the Superior Court from George Crawford, a bookkeeper, the latter went on his vacation in April, 1908, accompanied by his mother, and never returned to his wife.

The couple were married in Oakdale in March, 1900 and have one child, the permanent custody of which was awarded to the mother.

Mrs. Crawford told the court that her husband preferred another woman and that it was this infatuation which led to the desertion. Crawford must pay $20 a month for the support and maintenance of the minor son.

WINS DIVORCE DECREE.

Kate Crawford was granted an interlocutory decree of divorce from J. C. Crawford this forenoon by Superior Judge Harris on the ground of willful desertion.

BERKELEY — FRUITVALE MELROSE — NEWS OF — ELMHURST SAN LEANDRO HAYWARD — ALAMEDA

STATE'S HISTORY IN SPANISH RECORDS

University Professor Says San Francisco Is Place for Exposition.

BERKELEY, Sept. 17.—"The world knows much of California and of San Francisco and the world expects much of the Panama-Pacific Exposition, which should certainly be held here five years from now."

The foregoing was the statement made yesterday afternoon by Prof Henry Morse Stephens, who has just returned from his Sabbathanical trip through Europe, in an address he delivered at the university meeting in Harmon gymnasium.

Continuing, Professor Stephens said: "The thing that surprised me most on my journey through Europe was the interest taken in San Francisco and the knowledge of affairs in San Francisco that is shown on every hand.

"I passed some time in Spain searching for records bearing on early California history. I found many interesting documents. Through the generosity of Mrs. Hearst, I have been enabled to bring back transcripts of 5000 folios about California. Among these are logs of vessels first making the voyage from San Diego north."

VIOLINIST HOME FROM TRIP ABROAD

August Hinrichs Visits Old World Countries and Revels in Music.

ALAMEDA, Sept. 17. — August Hinrichs, violinist, has returned from an eight months' tour of the old world. Hinrichs was accompanied by his family and toured the principal countries of Europe. While abroad, the violinist enjoyed many rare musical treats in the form of musical festivals and concerts and reveled in the music world. Hinrichs is occupying his new home on Thirteenth avenue, in Fourth Avenue Terrace district. He resided in this city before departing for Europe. He will resume his duties as leader of Ye Liberty Playhouse orchestra Monday, September 26.

Fuss Over the Barefoot Dance? Why, the Idea! Say Club Women

DENY TEACHERS OF ART CAUSE TROUBLE

Mme. Barry and Mrs. Youngberg Say They Are Unacquainted.

THEIR FRIENDS DECLARED TO BE IN RIVAL CAMPS

Two Schools of Dancing Create Differences in Terpsichorean Ideas.

ALAMEDA, Sept. 17. — In the seclusion of their boudoirs this morning, Adelphian club women gasped with astonishment over the friction said to be dividing into factions the exclusive club where wealth and culture reign supreme.

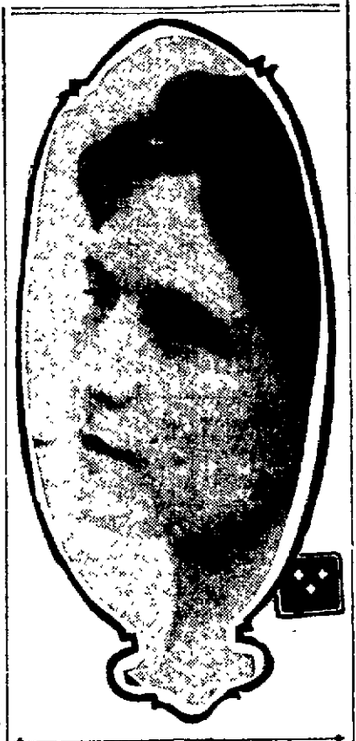
Between short gasps of indignant surprise and long sighs of regret and chagrin they denied emphatically, strenuously denied, that Madame Barry, the fair and dignified dansease, and Mrs. Olita Lunt Youngberg, dancing mistress, had caused any estrangement between the club members, or were rivals in art.

Ensconced in their homes today, outraged and incensed are the members of the club who are said to be divided into three distinct factions — the advocates of grace and suppleness of movement who want Mrs. Youngberg to instruct them in grave culture; those who favor the more unusual and esthetic barefoot interpretation of terpsichorean art as portrayed by Madame Margaret Barry, and last but not less important; those opposed to barefoot dancing as shocking to the innate refinement of the cultured and elect.

"PERFECTLY ABSURD."

Mrs. Youngberg, daughter of the late O. A. Lunt, famed as a dancing master, and Madame Barry, recently divorced wife of Manager Fitzgerald, were on the firing line early today.

"We do not know one another. The whole report is perfectly absurd," said both artists. "I have never seen Madame Barry in my life," said Mrs. Youngberg this morning. "I do not intend to teach barefoot dancing and my work is entirely different from that of Madame Barry. My friends have been urging me to form a class for the development of grace and I made a proposition to the Adelphian club women to instruct them once a week in the art of grace culture, through exercises. The formation of the class was regarded favorably and only the matter of the expense is being considered at the present time. Madame Barry's dancing class would not have interfered with mine in any way. My work will teach women to enter a room gracefully."



Mrs. Olita Lunt Youngberg, who scores barefooted dancing. —Webster, Photo.

HOW TO ENTER ROOM.

Horrors upon horrors! The elite and exclusive set which forms the select Adelphian club are to be taught to enter a room gracefully and they court the opportunity to learn along with the barefoot dance which Madame Barry says will make the women of today nimble and supple in all their movements.

Mrs. A. J. Samuels, a past president of the club, explained that the Adelphian club members were in favor of classes formed by Madame Barry and Mrs. Youngberg and that the former had gotten a small class when she decided that the number was insufficient and would not justify her in teaching at the Adelphian club.

"But some of the other members signified their intention of learning the dance later, so I phoned to Madame Barry and told her that she could obtain a larger class," said Mrs. Samuel, who made the arrangements with Madame Barry, this morning.

"By that time, however, she had given up the idea of remaining here, I believe, and stated that she did not care to take the class. There was no meeting at Mrs. Reuben Mastick's home that I have ever heard of. Never at any time since I have been a member of the Adelphian club has there been any friction and I have never had any hard feeling toward anyone. The work of Madame Barry and Mrs. Youngberg are along entirely different lines, and no rivalry exists between them. Both are artists in their line of work. It is quite puzzling to know how the rumor originated in regard to friction in the club over the two different kinds of dancing. I am not opposed to barefoot dancing, and I do not think that the other members of the club look with disfavor upon it."

DENIAL IS WRATHY.

Miss Lucille Knowland, a member of the club and an advocate of barefoot dancing, who has been receiving instructions from Madame Barry, voiced a wrathy denial of the reported trouble.

"Mrs. Youngberg and Madame Barry are not rivals, and the Adelphian club was quite willing to give both class rooms to teach their art," said Miss Knowland today. "I saw Madame Barry's presentation of 'The Death of Eve' and enjoyed it immensely. It is very artistic. I think the only reason that Madame Barry did not get a large number of pupils immediately was because her prices of $10 for ten lessons were considered rather too high."

Mrs. Phillip S. Teller stated that the supposed disagreement was news to her, and that she was not interested in the art of dancing although she had enjoyed Madame Barry's performance recently at the Adelphian club.

With Madame Barry and Mrs. Youngberg declaring that they do not know one another, and have "never had the pleasure" of seeing one another, the members of the Adelphian club declaring allegiance to both Mrs. Youngberg, an Alameda woman and social favorite, and Madame Barry, the issue assumes interesting proportions which might result in a vote being taken in the club to test the survival of the fittest, if it were not for the statement of Madame Barry this morning that she is leaving for the east.

MME. BARRY LEAVES SOON.

"I am to go to New York about the first of October to stage 'The Death of Eve' with George Walker, the German opera singer. As to any trouble existing between Mrs. Youngberg and me, the idea is absurd. I do not know Mrs. Youngberg. I proposed to give the Adelphian women a course of ten weeks. I appeared before them in the 'Death of Eve.' I never had a more charming or appreciative audience. The women of the Alameda club are cultured and intellectual, and to present my poem before them was a supreme pleasure. I did not receive any remuneration for the performance; as it had been agreed that my pupil, Miss Ida Bradley, should receive the money."

BLACKSTONE DISCIPLES WILL HAVE EXAMINATION

SAN FRANCISCO, Sept. 17.—Aspirants to the bar will be given an opportunity on October 25th and 26th to demonstrate their fitness to practice law in this state.

Applicants for admittance to the bar must file their applications with the clerk of the Appellate Court. The examination will be oral, and conducted by the three justices of the Court of Appeal. The successful competitors will be given the privilege of practicing law before any court in the state, outside of the Federal courts.

PLANNING TO LAY THE CORNERSTONE

Haight School Teachers Arrange Program for Ceremonies in October.

ALAMEDA, Sept. 17. — Teachers and pupils of the Haight school are preparing a program for laying the corner stone of the new building. There will be addresses by Superintendent of Schools Will C. Wood and other educators and songs by a chorus of about 200 children.

The date of the corner stone laying has not yet been set, but will probably be about the first of October. The teachers of the school are interesting themselves in the program, which will be both interesting and impressive.

The Haight school is expected to be completed within a year.

JUNIOR PARLOR TO BE FORMED

Native Sons Plan Establishment of Order for California Born Boys.

BERKELEY, Sept. 17.—The grand annual banquet of the Berkeley Parlor, Native Sons of the Golden West, was held last evening and was one of the best attended affairs of its kind ever held here. The banquets are annual features and are connected with the Admission Day ceremonies. Most of the other parlors have already held the one scheduled for this year. At the table last night President Fred Meinheit presided.

During the course of the banquet the proposition of establishing a junior order in connection with the parlor was discussed. The order will be for California-born boys under 8 years of age, and will be established for the purpose of giving the lads good moral training under proper supervision.

'GREATER NEWARK' PREACHER'S THEME

Merchants' Body to Hear Talk About Lively Railroad Town.

NEWARK, Sept. 17.—Rev. James Curry, secretary of the San Francisco Theological Seminary, will deliver an address tomorrow night at the Newark Presbyterian Church on the subject of "Greater Newark." The Newark Chamber of Commerce will attend in a body to hear what the well-known clergyman has to say about their city.

Dr. Curry's address is really the beginning of the celebration that is to be held here next week when the Dumbarton bridge will be opened. He will speak of the good results that the opening of the bridge will surely bring to Newark and of the bright future of the city. During the services an appropriate program of music will be rendered by a special choir.

Alameda Personals

ALAMEDA, Sept. 17.—Miss Stella Johanson, the daughter of Mr and Mrs. M. P. Johanson, and Walter D McHardie, son of Mr. and Mrs. John McHardie, both of this city, were married yesterday in Seattle. It was a quiet church ceremony that united these two well-known Alamedans.

Miss Edna Schulte has returned from a two weeks' outing at Monte Rio. Before leaving Monte Rio Miss Schulte spent a few days on a ranch near Santa Rosa.

Word has been received from San Jose of the serious illness of Miss Aimee Auzerais, whose wedding to Dr. Milton Lennon was to have been one of the events of the fall. Miss Auzerais has been a frequent visitor at the home of Miss Gladys Emmons in this city.

Mr. and Mrs. Emil O. Peterson of 1529 Pacific avenue are receiving the congratulations of their large circle of friends over the advent of little twin boys who were born several days ago.

MATRON IS ATTENDANT AT HER SISTER'S WEDDING

MRS. R. J. YODER, who acted as matron of honor at recent wedding.

ALAMEDA, Sept 16.—Mrs R. J Yoder attended her sister as matron of honor at her recent marriage to John H. Winkler. Mrs. Winkler was Miss Elsie Hintze before her marriage a week ago. The ceremony was performed by Chaplain W H. Scott at his home in Central avenue. Mrs. Winkler is the daughter of Mr. and Mrs. Louis Hintze, pioneer residents of this city.

Mr. and Mrs. Winkler are enjoying a honeymoon and upon their return will reside at 457 Central avenue. The Hintze family has lived in this city for many years, and Mrs. Winkler has taken an active part in society with her sister, Mrs. Yoder.

Arthur J Smith will act as floor manager for the dance.

MR. AND MRS. E. K. TAYLOR ARE HOSTS AT SUPPER

ALAMEDA, Sept. 17 — Mr and Mrs E. K Taylor entertained Thursday evening at an elaborate Dutch supper, when the guests of a recent banquet given in honor of Mr. and Mrs Edward R. Allen again enjoyed their hospitality. The Taylor home was a profusion of flowers and blossoms.

Mrs. E R. Allen, who has a soprano voice of unusual sweetness, contributed to the musical program with Miss Edith McAvoy and Miss Peyton McAllister. Among the guests were Mr and Mrs Fred Nissen, Mr. and Mrs T. C. Coughlin, Mr. and Mrs. E. R. Allen, Miss Rosadah Taylor, J Daveler, C. B. Clements and Eugene Farnum.

SPECIAL SERVICE HELD AT SWEDISH CHURCH

BERKELEY, Sept. 17.—Special services began at the Swedish Mission Church, Grove and Parker streets, last night. The meeting was addressed by Rev. C. F. Sandstrom of Oakland and Rev Malmstadt of San Francisco. Tomorrow there will be services at 10, 11, 3 and 8 o'clock. The first services will be for children, a special program having been prepared.

SCHOOL CHILDREN TO STAGE CLEVER COMEDY

BERKELEY, Sept. 17. — "Grandpa's Birthday," a clever three-act sketch, will be staged by the pupils of the Washington school, Grove street and Bancroft way, October 7. It will be given under the auspices of the Parents' Association.

Mothers who spend the night with a sick baby appreciate the help they get from McGEE'S BABY ELIXIR—especially in hot weather. It quiets fever and irritation, soothes the stomach, checks the bowels and helps both mother and child to obtain sleep and rest. Price 25c and 50c per bottle. Sold by Wishart's Drug Store, Tenth and Washington streets.

Electrical Exposition, San Francisco.

Commencing September 17 to 24th inclusive, excursion tickets will be sold to San Francisco at one fare and one-third from all principal towns in California and upon receipt certificate plan. For further information see Southern Pacific agents.

ALAMEDA GIRL IS SOON TO MARRY

Sister of City Assessor Will Wed Charles Fish This Fall.

ALAMEDA, Sept. 17.—The engagement of Miss Ethel Croll to Charles Fish was announced last night at a family gathering at the home of her parents, Mr. and Mrs. J. G. Croll on Webster street. The wedding date has not yet been set but will be an event of the early winter.

Miss Croll is the attractive and accomplished daughter of Mr. and Mrs. J. G. Croll, pioneer residents of this city, and the sister of City Auditor and Assessor Fred J. Croll. She was born in Alameda and is a graduate of Notre Dame Academy. Miss Croll has a charm of manner that has made her hosts of friends, who will be interested in the announcement of her engagement. Fish is a resident of this city, coming from the East several years ago. He is a designer.

FIRE BREAKS OUT IN BORAX WORKS

ALAMEDA, Sept. 17. — Fire broke out in the engine room of the Pacific Borax Works yesterday morning. Only the hasty response of the fire department saved the factory from destruction. Fearing that the fire would get beyond their control, the night employes of the plant telephoned for the fire department. The combined chemical engine and hose wagon was sent to the fire, which was quickly extinguished. The borax works are located in the west end of the city.

PAVING MANY STREETS IN TOWN OF HAYWARD

HAYWARD, Sept. 17.—The good roads fever has attacked the people of Hayward and the showing they are making in having all their streets bituminized is nothing short of remarkable for a town of its size. All of the main streets have been paved in this matter and the engineers are now turning their attention toward those around the new Western Pacific depot in the hope of having them in good condition by November.

Important to Home-Builders

In the development of our residence properties we are prepared to loan you the entire amount required to build your home.

Our rate of interest is but 6 per cent per annum—simply the regular savings bank rate.

We require only a moderate payment on the lot selected, and the balance on site and dwelling you can pay off in small payments precisely like rent, interest ceasing instantly on all payments so made.

You have the entire arrangement of your home, and the selection of any architect and any reliable builder.

We make absolutely no profit on the cost of your house, simply financing the proposition in the same manner as a savings bank in granting a building loan.

We wish to emphasize the fact that we are in no sense a building and loan association, nor do we work along the lines of other concerns which make a profit on the cost of construction.

We are therefore in a position to save you from 10 to 20 per cent or even more on the cost of your home—in other words, anywhere from a few hundred to a thousand dollars.

We refer you as to our reliability to any San Francisco or Oakland bank, and to every client for whom we have built.

The great majority of the beautiful homes in Piedmont were built by us through this identical plan, and stand as testimonials to the complete practicability of our building methods.

We consider the present a particularly propitious time for building, and invite all persons who think of building to communicate with us.

We welcome comparisons in every feature of our plan. We know that we can save you money.

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following acts will be submitted to the people of the State of California for their ratification at the next general election, to be holden on the eighth day of November, A. D. 1910, to wit:

SENATE BILL NO. 485.

Passed the Senate March 8, A. D. 1909. Lewis A. Hilborn, Secretary of the Senate. Passed the Assembly March 15, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This bill was received by the Governor this 19th day of March, A. D. 1909, at 11 o'clock a. m. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 320. An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco harbor by the construction by the Board of State Harbor Commissioners of wharves, piers, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds, to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, at a cost not to exceed nine million dollars (which said wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith the board of state harbor commissioners are hereby empowered to construct and do in the manner authorized by law, and at a cost not to exceed said nine million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare nine thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of nine million dollars, and said bonds shall bear interest at the rate of four per centum per annum from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and eleven, and shall be made payable on the second day of July, nineteen hundred and eighty-six. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided that the first payment of interest shall be made on the second day of July, nineteen hundred and twelve, so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and he shall on the first Monday of July, nineteen hundred and eighty-five, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller and shall be endorsed by the state treasurer, and said bonds shall be so signed, countersigned and endorsed in the manner hereinafter stated. The said bonds signed, countersigned and endorsed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or any part thereof, shall have ceased to be the incumbents of said offices or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and five.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1910. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The sum of five thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the "San Francisco Harbor Improvement Fund," on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole or any part of said bonds to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars ($500.00) for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund," and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith on the waterfront of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the time of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "Second San Francisco Seawall Sinking Fund."

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer, after the second day of July, nineteen hundred and twenty-nine, shall on the first day of each and every month thereafter, after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose, and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California Between the first and tenth day of May in the year nineteen hundred and fifty-one and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty-one, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Harbor Improvement Act of 1909." and in the same square under said words the following, in brevier type: "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of San Francisco Harbor Improvement Fund." In the square immediately below the square containing said words there shall be printed on said ballot the words: "Against the San Francisco Harbor Improvement Act of 1909" and immediately below said words "Against the San Francisco Harbor Improvement Act of 1909" in brevier type shall be printed "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of the San Francisco Harbor Improvement Fund" Opposite the words "For the San Francisco Harbor Improvement Act of 1909," and immediately below said words "Against the San Francisco Harbor Improvement Act of 1909," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Harbor Improvement Act of 1909," and all those voting against the said act shall do so by placing a cross opposite the words, "Against the San Francisco Harbor Improvement Act of 1909." The governor of this state shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof, but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 12. This act may be known and cited as the "San Francisco Harbor Improvement Act of 1909."

Sec. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

This bill was received by the Governor, this 20th day of March, A. D. 1909, at 12 o'clock M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 383. An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds, and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. A system of state highways in and for the State of California shall be constructed and acquired as and in the manner provided by law by the department of engineering of said state at a cost not to exceed eighteen million dollars. For the purpose of providing for the payment of the cost of the construction or acquisition of said system of said highways, the State of California is hereby authorized to incur an indebtedness in the manner provided by this act in the sum of eighteen million dollars.

Immediately after the issuance of the proclamation of the governor, as provided in section 11 of this act, the treasurer of the state shall prepare eighteen thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from 1 to 18,000 inclusive, and to bear the date of the third day of July, 1911. The total issue of said bonds shall not exceed the sum of eighteen million dollars and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value at the office of the treasurer of said state at the times and in the manner following, to wit: The first four hundred of said bonds shall be due and payable on the third day of July, 1917, and four hundred of said bonds in consecutive numerical order shall be due and payable on the third day of July, in each and every year thereafter until and including the third day of July, 1961. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the third day of January and the third day of July of each and every year after the sale of the same. The interest on all bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall on the day of their maturity be paid as herein provided and canceled by the treasurer of said state. All bonds remaining unsold shall, at the date of the maturity thereof, be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the third day of July, 1911, and each of said bonds shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or either of them, shall have ceased to be the incumbents of said office or offices.

Sec. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of said bond The said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the third day of July, 1911. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. There shall be provided in the general appropriation bill sufficient money to defray all expenses that shall be incurred by the state treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this act provided.

Sec. 4. When the bonds authorized by this act to be issued shall have been signed, countersigned, and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such direction immediately after being requested so to do, through and by a resolution duly adopted and passed by a majority vote of the advisory board of the department of engineering. Said resolution shall specify the amount of money which, in the judgment of said advisory board, shall be required at such time and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money and that said bonds shall be sold in consecutive numerical order commencing with the first four hundred thereof. The state treasurer shall not accept any bid which is less than the par value of the bond plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date The state treasurer may at the time and place fixed by him for said sale continue such sale as to the whole or any part of the bonds offered to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "State Highway Fund," and immediately after each sale of bonds the treasurer of the state shall pay into the state treasury said sum to the said highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the interest and sinking fund.

The moneys placed in the state highway fund, pursuant to the provisions of this section, shall be used exclusively for the acquisition of rights of way for and the acquisition and construction of said system of state highways. The route or routes of said state highways shall be selected by the department of engineering and said route shall be as selected and said highways so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the state traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practicable routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

Moneys shall be drawn from said state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and audited by the state board of examiners.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

The treasurer of the state shall, on the first day of January, 1912, and on the first day of each July and the first day of each January thereafter transfer from the general fund of the state treasury to the interest and sinking fund such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds theretofore sold, until the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "State Highway and Sinking Fund." The treasurer of the state shall on the first day of July of the year 1917, and on the first day of July, of each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to said state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

Sec. 6. The principal of all of said bonds sold shall be paid at the time the same becomes due, from the state highway sinking fund, and the interest on all bonds sold shall be paid at the time said interest becomes due, from the interest and sinking fund Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of examiners, and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold, and the interest accruing thereon.

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder with an annual report in triplicate, one copy each to be by the governor laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature or a joint committee of both or any citizen of the state.

Sec. 8. The highways constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land necessary or proper for the construction, use or maintenance of said state highway and shall proceed, if necessary, to condemn under the provisions of the Code of Civil Procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery and to do all other things necessary or proper in the construction and maintenance of said state highway. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues within three years prior to the adoption of this act, all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway without compensation being paid therefor; provided nothing herein contained shall require the state to maintain any highway along or on said right of way, prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in any county in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum, upon the entire sum of money expended within such county in the construction of said state highways, less such portion of said amount expended as the bonds matured under the provisions of this act, shall bear to the total number of bonds sold and outstanding. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

Sec. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December 1910, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and to such accepted provisions this act shall take effect immediately.

Sec. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, 1910, A. D and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the state highway act"; and in a separate line, under the same, the words "Against the state highway act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the state highway act" and all those voting against the said act shall do so by placing a cross opposite the words "Against the state highway act" The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election

Sec. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof, but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and ten; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

Sec. 13. This act shall be known and cited as the "State Highway Act."

Sec. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

CHAPTER 407. An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in Senate and assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin, extending the area of India basin, on the water front of the city and county of San Francisco, as provided in an act entitled: "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin, and extending to Islais creek in the city and county of San Francisco, and extending the jurisdiction of said board over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled 'An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers, harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people,'" the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare one thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of one million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. 1911, and shall be made payable on the second day of January, A. D. 1985. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer, on the second day of January, and on the second day of July, of each year after the sale of the same; provided that the first payment of interest shall be made on the second day of January, A. D. 1912, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest, as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of moneys in the "India Basin Sinking Fund," provided for in this act, and he shall on the first Monday of January, A. D. 1986, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and thirty-nine

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the "San Francisco Harbor Improvement Fund," on controller's warrants, duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for the sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds, and of the postponement of sale thereof, must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the "San Francisco Harbor Improvement Fund" on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "India Basin Fund," and must be used exclusively for the acquisition of the area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the "San Francisco Harbor Improvement Fund."

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund to be known and designated as the "India Basin Sinking Fund" shall be, and the same is hereby created as follows, to wit: The state treasurer shall, on the first day of each and every month, after the second day of December, A. D. 1928, take from the "San Francisco Harbor Improvement Fund," such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said "San Francisco Harbor Improvement Fund," less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the "India Basin Sinking Fund," created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must always keep on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold; and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the "San Francisco Harbor Improvement Fund," and pay into said "India Basin Sinking Fund," an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners is hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and forty, and between the first and tenth day of November of each year thereafter, until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be, the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, stating the number of bonds so drawn, and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and forty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the "San Francisco Harbor Improvement Fund." At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States bonds, or other bonds, then in said sinking fund, at governing market rates, after advertising the sale thereof, in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds, out of said money in said fund, in extinguishment of said bonds, on controller's warrants, duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. 1910, as to all its provisions except those relating to, and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, A. D. nineteen hundred and ten; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Harbor Improvement Act of 1910"; and in the same square, under said words the following in brevier type: "This act provides for the acquisition of a tidal basin in the bay of San Francisco for harbor purposes, and for the payment of all costs thereof out of the 'San Francisco Harbor Improvement Fund.'" In the square immediately below the square containing said words, there shall be printed on said ballot the words "Against the India Basin Act," and immediately below said words "Against the India Basin Act," in brevier type, shall be printed: "This act provides for the acquisition of a tidal basin in the bay of San Francisco, for harbor purposes, and for the payment of all costs thereof, out of the 'San Francisco Harbor Improvement Fund.'" Opposite the words "For the India Basin Act," and immediately below said words "Against the India Basin Act," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the India Basin Act," and those voting against said act shall do so by placing a cross opposite the words "Against the India Basin Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The vote cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and ten; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

Sec. 12. This act shall be known and cited as the "State Highway Act."

Sec. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

CHAPTER 407. An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in Senate and assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin, extending the area of India basin, on the water front of the city and county of San Francisco, as provided in an act entitled: "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin, and extending to Islais creek in the city and county of San Francisco, and extending the juris

maining in said sinking fund, if any there be, shall forthwith be paid into the San Diego harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially, and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning canvassing, and proclaiming the votes, and as to said expected provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Diego seawall act," and in a separate line under the same words "Against the San Diego seawall act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Diego seawall act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Diego seawall act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Diego harbor improvement fund, on controller's warrants duly drawn for that purpose.

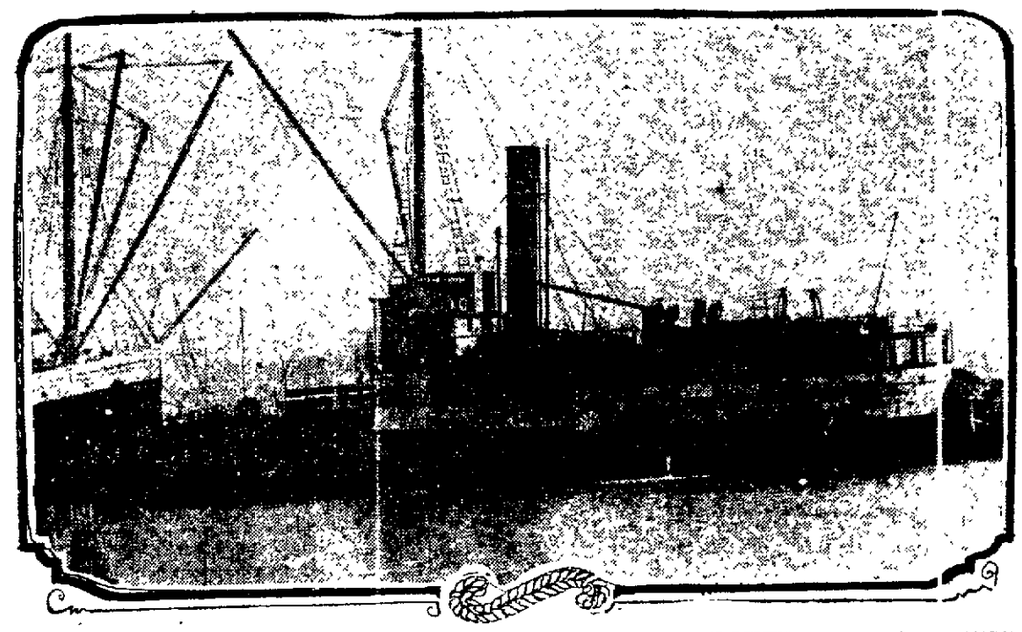
Sec. 12. STEAM SCHOONER ARRIVES WITH BIG LOAD OF POLES FROM EAGLE HARBOR



Steam schooner Tallac, which discharged a cargo of telephone poles and ties from Eagle Harbor at De Fremery wharf, and left Oakland Harbor last night.

BIG WINDJAMMER HAS THRILLING PASSAGE

American Ship Astral Brought in by Mate With Captain Sick in Bark.

SAN FRANCISCO, Sept. 17.—With Captain Dunham sick in his berth, where he had been confined for seventy-five days suffering from dropsy, and having passed through a terrible experience off Cape Horn, the big American ship Astral, owned by the Standard Oil Company, arrived in port late yesterday afternoon after a slow passage of 174 days from New York. In the storm which the vessel encountered, her fore and mizzen topgallant masts with everything attached, were carried away. But for the frantic work of the crew, who succeeded in cutting the wreckage away and getting it over the side, the immense spars might have crashed through the vessel into 30,000 kegs of gunpowder stowed in the holds along with general merchandise cargo.

Mate in Command

All the difficulties which the Astral met with accounted for her long passage out from the east coast. The ship was brought in by First Mate Douglass, who assumed command when Captain Dunham was compelled to take to his berth.

Sailing from New York April 15, the Astral had variable winds and fine weather to the equator, which was crossed thirty-two days out in longitude 30 west. In latitude 23 south the vessel had southeast trades and had fine weather to the Horn, which was rounded seventy days out. From 50 south to 50 south the Astral logged twenty days with northwest and southwest gales.

Swept by Big Seas

It was on July 7 in latitude 55 south, longitude 80 west that the storm burst upon the square rigger. The gale came from north northwest and raged with the fury of a hurricane. The big ship was almost constantly under water, leaping from billow to billow, with her decks flooded with green seas. When the topgallant masts went in a tangle of wreckage all the energies of the crew were called upon. Captain Dunham, sick as he was, directed the management of his ship while it labored in the turmoil. After getting the spars clear in a new main topgallant mast was rigged up, the job being finished August 11.

The equator in the Pacific was crossed August 24 in longitude 112 west. To latitude 22 north southwest winds were encountered and to latitude 40 north the Astral had north northeast winds. The Astral had north northwest winds were experienced on August 21, in latitude 14.58 south, longitude 116.05 west the Astral spoke the Chilean ship County of Linlithgow, from Iquique for Townsend.

Radames Sails

SAN FRANCISCO, Sept. 17.—Laden with 5000 tons of general freight, including 1500 tons of new barley, the Kosmos steamer Radames, Captain Reimers, left yesterday afternoon for Hamburg, via ports on the west coast. On the sound, where she received a part cargo, the Kosmos steamer was delayed by a notorious boarding-house runner, who endeavored to get some of the steamer's crew to desert the vessel. Several of the seamen, crazed with liquor supplied them by the scamp, started a free-for-all fight, after an encounter between First Officer Moltke and a fireman named Hans Muller and as a result the Radames came here with a number of the men locked up in the forepeak.

Largest Sailing Yacht

NEW YORK, Sept. 17.—The largest sailing yacht in the world is to be the property of Robert T. Todd, commodore of the Atlantic Yacht Club, who has just signed contracts here for the building of the boat—a three-masted steel schooner yacht, the "Karina," to cost when completed about $200,000. The Karana is to be 198 feet 6 inches over all, 38 feet beam, 25 feet depth and will have a draft of 17 feet.

Commodore Todd was the owner of the two-masted schooner yacht Thistle, which he sold six months ago to a French count.

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic in the stomach and bowels. Price 25c per bottle. Sold by Wishart's Drug Store, Tenth and Washington streets.

Oriental Schedule of Sailings Is Changed

TACOMA, Sept. 17. — According to the new schedule of the Osaka Shosen Kaisha for the Tacoma-Orient fleet the steamer Mexico Maru, will make her first appearance at this port earlier than was originally anticipated. The Mexico Maru, which is the fifth steamer built in Japan for this route, will reach Tacoma in November instead of after the first of the year.

Under the new schedule the steamers will call at Victoria, B. C., entering and leaving the Sound, five steamers being used pending the completion of the Canada Maru, the last of the six new liners built for the Tacoma Oriental service.

Under the new schedule a fortnightly service will be maintained, and outbound steamers will call at Manila and Shanghai, the vessels going to the Yangtsze port completing their voyage at Hongkong. The next steamer of the fleet to leave this port is the Chicago Maru, now loading for the Orient. She will steam from Tacoma Saturday afternoon with a large cargo of general freight.

Big British Steamer to Load at Tacoma

TACOMA, Sept. 17.—When the British steamer Netherlee finishes discharging her cargo of iron ore at Irondale she will come to this port to load a cargo of lumber for the Orient, having been fixed by the American Trading company for that purpose.

The Netherlee is operating in the iron fleet for the Robert Dollar company from the Orient to the Sound, and, like other vessels of the fleet, will load lumber for a return cargo from the Sound.

The British steamer Strathdene, which arrived at Gray's Harbor the first of the week, will come to this port to complete her cargo of lumber. The Strathdene is also chartered to the American Trading company, but she is loading for Brisbane.

With the British steamers Spithead, Netherlee and Strathdene coming for cargo, the month's lumber shipments, with the several cargoes already shipped, will show a big increase over the lumber business for August.

Schooners at Aberdeen

ABERDEEN, Sept. 17.—The schooners Carrier Dove, Captain Anderson, forty days from Guaymas, and R. C. Slade, Captain Sonerud, thirty-seven days from Santa Rosalia, arrived in port today. The Carrier Dove is anchored in the stream off Hoquiam awaiting orders. The Slade, after passing quarantine proceeded to the S. E. Slade mill, where she will shortly go on loading berth. The bark Hawaii arrived in port today, nineteen days from San Francisco, and proceeded to the A. J. West mill, where she gets cargo for the West Coast.

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley Kidney Pills and gave them a fair trial. They gave me great relief, so I continued till now I am again in perfect health." RELIEF SHIP IN HARBOR FOR ORDERS

Government Vessel Lying in Estuary Ready to Go to Aid of Any Disabled Vessel.

The United States government relief ship, "Relief" of the light house service is at present in the estuary waiting for orders. The vessel is of the same class as the other small ships which are used in the service to mark shallow entrances to harbors. The Relief is kept in readiness at all times to take the place of any ship which may be in need of repairs or become disabled. One of the class is anchored outside of the Golden Gate, beyond the bar and not far this side of the Farallones.

SpoKane Due Here

The steamer Spokane, Captain H. C. Thomas, which has been in the Alaskan excursion business during the last season is on her way to this port where she will be laid up for the winter. She will be docked for a general overhauling.

Cannery Hands Arrive

Large numbers of cannery hands are arriving from the north daily on the packets of the Alaska packers. Many of the hands are Chinamen who have caused no little comment in the local quarters when, upon being informed of the tong war now supposed to be waging between rival factions, they hurriedly repair to headquarters for late information.

It is stated along the water front that the men lose no time in arming themselves and that a large number of them have immediately left on river boats for interior points, lending belief that some of them may have been gun men who were shipped away last spring when the fleet sailed for the North.

Near Death in Bay

While standing on the edge of the city wharf at the foot of Webster street at 4:30 yesterday afternoon, Manuel Hernandez, a laborer, narrowly escaped being run over by an automobile which turned suddenly from the bridge.

In dodging, Hernandez tripped on the stringer at the edge of the wharf and fell overboard. His cries for help attracted the attention of his fellow workers who attempted his rescue.

In the excitement which followed it is stated by a bystander that one of his compatriots of the shovel and pick actually threw one of the former implements to the struggling man who was finally rescued by Tony Gomes, an employe of the Oakland Launch and Tugboat company, who put off from the wharf in a tender of the tug Pirate which stood nearby.

British Ship Claverdon Has Stormy Voyage

ASTORIA, Sept. 17.—The British ship Claverdon arrived Thursday evening, 158 days from South Shields, England, with a general cargo. Captain John Wilson, her master, reports pleasant weather during the greater part of the trip, excepting when off the River La Plata he ran into a severe storm and lost a number of sails.

At that time he saw an American ship running before the wind under bare poles, all her sails having been carried away.

Captain Wilson did not learn the name of the craft, but says she was bound for San Francisco.

The Claverdon arrived off the Columbia river lightship on Tuesday evening, but the weather was very thick, so she ran off shore and Wednesday night picked up the North Head light. Again she was compelled to run off shore on account of the thick weather, but returned to the lightship last evening, when she was picked up by the tug and towed inside.

The Claverdon left up the river this morning.

NOTICE OF APPLICATION OF THE PENINSULAR RAILWAY COMPANY, A CORPORATION, FOR A STREET RAILROAD FRANCHISE UPON AND ALONG CERTAIN STREETS IN THE CITY OF OAKLAND, COUNTY OF ALAMEDA, STATE OF CALIFORNIA, AND OF THE SALE OF SAID STREET RAILROAD FRANCHISE, AND ADVERTISEMENT FOR BIDS THEREFOR.

TO ALL WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN that an application in writing has been made by the Peninsular Railway Company, a corporation, to the City Council of the City of Oakland, County of Alameda, State of California, for a franchise to lay down, construct, maintain and operate in the said City of Oakland, for the term of fifty years, a street railroad, with all necessary and convenient switchings, crossings, sidings, connections, poles, wires and other necessary appliances, appendages and adjuncts; such railroad to be operated by electricity, or such other improved mode of operation as may be authorized by law (except steam locomotives), along and upon the following described route in the City of Oakland, County of Alameda, State of California, said route following a center line described as follows.

COMMENCING at a point in the center line of Curtis street, distant thereon twenty-four (24) feet, more or less, southerly from the southerly line of Nineteenth street, the last mentioned point being the northerly line of Nineteenth street, distant thereon ninety-four (94) feet, more or less, westerly from the westerly line of Curtis street; thence crossing Nineteenth street, and into and through private property, to a point on the easterly line of Market street, distant thereon eighty-one (81) feet, more or less, southerly from the southerly line of Nineteenth street; thence crossing Market street, and into and through private property, to a point on the northerly line of Eighteenth street, distant thereon twenty-four (24) feet, more or less, westerly from the westerly line of Market street; thence curving into Eighteenth street to a point on the center line thereof, distant thereon one hundred and forty-one (141) feet, more or less, easterly from the easterly line of Myrtle street; thence continuing along said center line of Eighteenth street westerly to its intersection with the westerly line of Myrtle street to a connection with the tracks of the proposed railroad of the Peninsular Railway Company, franchise for which was granted by Ordinance No. 3089 of the City of Oakland, duly passed and approved on the 28th day of June, A. D. 1910.

AND THAT IT IS PROPOSED by the said City Council to grant such franchise upon the terms and conditions, and under the restrictions, imposed or required by law, and upon the additional terms, conditions and restrictions hereinafter set forth, and that bids will be received for such franchise, and that it will be awarded to the highest bidder, that the term for which said franchise or privilege shall be granted is fifty years, and that the route to be traversed by said street railroad is that above set forth and particularly described.

NOTICE IS FURTHER GIVEN that sealed bids for said franchise will be received up to the hour of 12 o'clock M. on Monday, the 24th day of October, 1910, and must be filed with the City Clerk of the said City of Oakland, at his office in the City Hall of said City of Oakland, and that upon Monday, the 24th day of October, 1910, at the hour of 8 o'clock p. m., the said City Council will meet at the Council Chamber in said City Hall, in open session, and will then and there open and read said bids; and that thereupon said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, and who shall, in addition, agree to pay at the expiration of five years after the date of said franchise, and thereafter semi-annually, the largest percentum of the gross annual receipts of such road, according to a verified statement of the same—the percentum of such gross annual receipts in no event to be less than two per cent thereof, and in the event said payment is not made, said franchise shall be forfeited. Provided, only, that at the time of the opening of said bids any responsible person, firm or corporation, present or represented, may bid for said franchise or privilege a sum not less than ten per cent above the highest cash bid therefor, and said bid so made may be raised not less than ten per cent by any other responsible bidder, and such other responsible bidder may also increase the percentage of the gross annual receipts bid for said franchise in such amount as he may see fit; and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said City Council to the highest bidder therefor, in gold coin of the United States, whose bid shall include both the highest cash bid and the greatest percentage of the gross receipts of said road, as hereinbefore provided. Each sealed bid shall be accompanied by cash or a certified check payable to the Treasurer of the said City of Oakland for the full amount of said cash bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith; and the successful bidder shall deposit at least ten per cent of the amount of his cash bid with the Clerk of the City of Oakland before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit, as above mentioned, and the highest percentage of the gross annual receipts, as herein provided. Said procedure shall be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his cash bid therefor, as herein provided. Said successful bidder shall deposit with the clerk of said City Council, within twenty-four hours of the acceptance of his bid, the remaining ninety per cent of the amount of said cash bid, and in case he or it shall fail to do so, then the said deposit theretofore made shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there by said governing body be again offered for sale to the highest bidder therefor, in the same manner, and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the City Clerk the remaining ninety per cent of his cash bid within twenty-four hours after its acceptance the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had, unless the same shall be readvertised and again offered for sale as required by law.

THE SAID CITY COUNCIL will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government at all times while engaged in the actual discharge of their duty to ride on the cars of the street railroad authorized thereby without paying any sum of money whatever for fare or otherwise, and such promise and undertaking on the part of said successful bidder will be made a condition precedent to the granting of the aforesaid franchise.

THE SUCCESSFUL BIDDER for said franchise shall file a bond running to said City of Oakland, with at least two good and sufficient sureties, to be approved by said City Council, in the penal sum of $500, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond the whole amount of the said penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said City Council within five days after such franchise is awarded, and upon the filing and approval of said bond the said franchise shall by the said governing or legislative body be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed the award of such franchise shall be set aside, and any money paid therefor shall be forfeited and said franchise shall, in the discretion of said City Council, be readvertised, and again offered for sale in the same manner and under the same restrictions as provided by law.

NOTICE IS HEREBY FURTHER GIVEN that said franchise will be granted upon the following terms, conditions and restrictions, in addition to the terms, conditions and restrictions required or imposed by law, to wit:

First—That the term for which said franchise or privilege is to be granted is fifty years, and that the route to be traversed by said street railroad is that above set forth and particularly described.

Second—Said City Council will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government, at all times while engaged in the actual discharge of their duty, to ride on the cars of the street railroad authorized, hereby, without paying any sum of money whatever for fare or otherwise, and such promise and undertaking on the part of the successful bidder is made a condition precedent to the granting of the aforesaid franchise.

Third—The grantee or the grantees of said franchise, his, its or their successors or assigns, shall have the right, franchise and privilege to lay down, construct, maintain and operate said street railroad, together with the right to carry passengers thereon for hire, for the term of fifty years; provided, however, that said franchise shall not be construed to give to the grantee or grantees thereof, his, its or their successors or assigns the right to carry freight for any person, partnership or corporation over, along or upon the street railroad to be authorized thereby, except such materials, tools machinery and fuel as it may be necessary to transport over said street railroad for the construction, operation or maintenance of the said street railroad lines of said grantee or grantees, his, its or their successors or assigns, and excepting also freight for the City of Oakland, as hereinafter set forth; provided, however, that said franchise shall not be construed to give to the grantee or grantees thereof, his, its or their successors or assigns the right to carry oil in oil cars over, along or upon said railroad. The City of Oakland, upon paying the proper freight charges therefor, may have transported all materials and tools necessary for the use of the municipality over the street railroad provided for under this franchise.

Fourth—Subject to unavoidable delays and casualties, cars for the convenience of passengers must be operated over the said street railroad between the hours of 7 a. m. and 9 p. m. of each day, at intervals of not more than ten minutes, and between the hours of 9 p. m. and 12 p. m. of each day at intervals of not more than twenty minutes.

Fifth—All street work required by law to be done by the grantee or grantees of said franchise, his, its or their successors or assigns must be done with the same kind of material, at the same time and in the same manner as the remainder in width of the streets.

Sixth—All trolley poles used in said streets in the construction of said street work must be located on the sidewalks immediately adjoining the curb, and must be of iron and of the most approved pattern for street railroad purposes, and no hanging arms shall be used, and the said poles and all the trolley wires in connection with the exercise of said franchise must be of sufficient height and elevation above the ground to avoid obstruction to the ordinary use of the streets, and must be constructed and erected to the satisfaction of the Board of Public Works of the said City of Oakland.

Seventh—The tracks of the said street railroad shall be double.

Eighth—All of the tracks of said street railroad shall be constructed of standard flat rails of the most approved pattern for street railways, and shall be laid down and constructed in a good and substantial manner, and so as to prevent the least possible obstruction to travel and the crossing of vehicles; and to conform as nearly as possible to the official grade of the streets over which the railroad is constructed.

Ninth—Single fares over said street railroad shall not exceed five cents.

Tenth—The tracks of said street railroad must not be more than five feet wide within the rails, and must have a space between them sufficient to allow the cars to pass each other freely, and sufficient to allow a person to pass freely between cars passing each other on said tracks, and when permanently laid they must be as nearly as possible in the middle of the streets hereinbefore designated.

Eleventh—The grantee or grantees of said franchise, his, its or their successors or assigns must plank or replank, pave or repave, macadamize or remacadamize the entire length of the portions of the streets used by their track, between the rails and for two feet on each side thereof, and between the tracks, where there is more than one, and must keep the same constantly in repair, flush with the street, and with good crossings, and such street work shall be done with the same material, at the same time and in the same manner as the remainder in width of such portions of said streets. Wher the grantee of said franchise desires to construct additional crossings, sidings, switches or connections after the time for the completion of the construction of said street railroad as provided in Section 10 of this resolution the same shall be put in only upon the approval of the Board of Public Works of the City of Oakland.

Twelfth—Street cars used on said railroad, when not in use, shall not be allowed to stand at any place on the right of way granted by this franchise, so as to form in any way an obstruction to free travel over the streets above named.

Thirteenth—All cars used on the lines operated by virtue of the franchise hereby granted shall be of modern style and all cars thereon shall be provided with modern style brakes and fenders.

Fourteenth—No steam locomotives shall be used as a means of locomotion upon the right of way granted by this franchise and above set forth.

Fifteenth—Firemen while in uniform, firemen while in uniform on not when going to or from fires, policemen in uniform, mail carriers in the employ of the United States Government, at all times while engaged in the actual discharge of their duty, and electricians employed by the City of Oakland, while on duty, and having badges or documents showing their official character, shall be allowed to ride free of charge on said railway.

Sixteenth—The work of constructing said street railroad must be commenced in good faith within not more than four months from the date of the granting of said franchise and said work must be prosecuted diligently and completed within eighteen months thereafter, unless the time be extended or the uncompleted portion abandoned with the consent of said City Council, or unless the commencement or continuance thereof be enjoined, restrained or prevented by legal proceedings, and in the event of a failure to comply with these conditions this ordinance shall be void without any action of the Council of said City of Oakland, or otherwise. In case of the failure or neglect of said grantee of this franchise, its successors and assigns, to operate said railroad over said tracks in good faith at any time after twenty-two months from the date of granting of this franchise for a period of ninety consecutive days, unless such operation be prevented by the act of God, or be enjoined, restrained or prevented by legal proceedings, or the time extended by the City Council, the Council of the City of Oakland may declare the right, privilege and franchise hereby granted to be forfeited and abandoned and said right, privilege and franchise shall thereupon be forfeited and abandoned and said tracks and the poles, wires and appurtenances thereto shall thereupon be removed from said streets and the portions of said streets occupied thereby be restored to the same conditions as the remaining portions of said streets and said grantee of this franchise, its successors and assigns, shall forfeit to the City of Oakland the sum of one hundred (100) dollars for each month that it or they shall fail or neglect to so remove said tracks and restore said streets.

Seventeenth—When the tracks constructed under this franchise shall curve around any street corner the rails of the curve at such point shall not be laid within twelve feet of the curb of the streets forming the corner; provided that the grantee of this franchise, its successors and assigns, may add to the width of any street sufficient property to make effective this provision.

Eighteenth—The percentum of the gross annual receipts of said railroad agreed to be paid by the successful bidder for this franchise, at the expiration of five years, shall be payable semi-annually to the City of Oakland on the 1st day of February and the 1st day of August of each year, according to a verified statement of the gross annual receipts of such road for the period for which payment is made, to be filed with the City Clerk not later than the 31st day of January and the 31st day of July of each year. In the event that the railroad operated under this franchise shall be operated in connection with other railroads or transportation companies and through rates shall be made so as to include the railroad operated under this franchise, the proportion of earnings upon which percentum of gross receipts shall be based shall be such proportion of such through fare or fares as the mileage of such fare or fares over the railroad operated under this franchise bears to the entire mileage for which such through fare or fares are charged.

Nineteenth—The grantee of this franchise, its successors and assigns, shall construct culverts under its tracks at street crossings where necessary for the purpose of draining surface water across the streets upon which its tracks are maintained under this franchise, and if existing culverts shall have to be reconstructed by reason of the installation of such tracks the grantee of this franchise shall continue the construction of such culverts across the width of such streets.

Twentieth—The grantee of this franchise, its successors and assigns, shall construct asphalt cross-walks at street intersections between tracks maintained by it under this franchise, and for two feet on each side of said tracks.

Twenty-first—The cars of the grantee of this franchise its successors and assigns, shall be required to stop on signal to admit or discharge passengers at all street crossings, at such stopping points that may be established by the grantee of this franchise its successors or assigns, not to exceed as between said point four hundred feet, provided that the requirement as to stopping shall not apply to through cars which said grantee, its successors and assigns shall be permitted to run under this franchise in addition to the regular cars hereinbefore prov

OPENING PRICES SHOW ADVANCE

New York Dealings Today Were Steady; Railroad Stocks Rise.

NEW YORK, Sept. 17.—Opening dealings in stocks today were steady and prices showed an advancing tendency.

New York Central rose 1¼ and Union Pacific and Baltimore and Ohio substantial fractions. Evansville and Terre Haute rose 2. Interborough-Metropolitan preferred lost ¾ and Delaware and Hudson ⅝. Selling orders came into the market after Union Pacific had crossed 165, and the active stocks turned downwards. Union Pacific rose all of its gain and Amalgamated Copper and American Smelting receded to below yesterday's close. Subsequently the market stiffened. Wabash preferred, Consolidated Gas and Tennessee Copper rose 1. American Tobacco preferred and National Enameling lost 1.

A moderate show of strength in the general list accompanied a rise in the Interborough-Metropolitan stocks, the preferred advancing 2¼ and the common 1. Reading, Southern Pacific, Atchison, Canadian Pacific, Soo, American Hide and Leather preferred, Utah Copper, American Beet Sugar and Bethlehem Steel rose 1, the preferred 1¼. American Locomotive 1¾ and Consolidated Gas 1¾. The advances were partly lost afterwards. American Car preferred declined 2½.

The market closed heavy and dull.

NEW YORK, Sept. 17.—Gibson says: There is nothing new in the situation today. The manipulations of the decline is continued and several important houses had selling orders in considerable volume during the session. There is still some good buying, but it is of the "scale down" variety and does not reflect any confidence in animated upward movement. The leading manipulators appear to be a little grumpy because their plans have been discovered by one or two observers, but the program is not changed as yet. While I have suggested the selling of securities with a view to replacing at lower prices later on, I am not impressed by the bear talk. It is artificial and has been discounted. The leading bulls and bears are both in favor of a decline and when these two animals are riding in the same carriage it is a good plan to ride with them or act as spectators for a day or two. Would sell stocks on every rally for a day or two. Would buy wheat and corn on the declines of a cent or two for fair profits. Cotton is a sale on all rallies.

MONEY AND EXCHANGE.

NEW YORK, Sept. 17.—Money on call, nominal.

Time loans, dull and steady; 60 days, 3½@4 per cent; 90 days, 4@4½ per cent; six months, 4¼@4¾ per cent.

HIS 'DEAD' WIFE VERY MUCH ALIVE

Californian Married Second Choice and Now Faces Trouble in Court.

SAN JOSE, Sept. 17.—After having been married for over seventeen years during all this time under the impression that his first wife was dead and then to awake to the realization that she was still alive and quite willing to make trouble for him is the peculiar experience of Packard C. Watts, marshal of Mountain View and for several years looked upon as one of the substantial citizens of that place.

Those things came to light yesterday in Judge Welch's department of the Superior Court when an action for maintenance started by Mrs. Mary Rose Watts was heard.

Watts told the court that twenty-two years ago he came to California and within a year went to his wife who was left with her father, Thomas Rose of Cruig, Mo., to come to his home then in Franklin, Stanislaus county.

GOT NO REPLY

No reply to this was received to the first four letters he wrote and then one came from Mrs. Watts' father stating that Mrs. Watts, No. 1, and her little child were both dead. He urged Watts to send enough money for the funeral expenses of the wife and child.

Watts then left the employ of A. C. Bloom next Saturday and began paying attention to the sister of his employer and a letter was sent to Rose asking him to substantiate his son-in-law's story of the death of his wife. Again word was sent from the father-in-law that his daughter was dead. Watts now demands that his son continue and now has a family of eight children.

In the trial it was first learned that White of San Francisco was behind the action in behalf of Mrs. Watts No. 1 and had furnished the money for her to come East to prosecute this suit when it was found that Marshal Clark could not be brought against the Mountain View marshal.

STOCKTON CHINESE ARM FOR BATTLE

Buy Up Every High Priced Revolver in Slough City, During Day.

STOCKTON, Sept. 17.—The sudden run on the gun stores of this city by Chinamen who are arming themselves in the belief that a tong war is certain yesterday resulted in almost every high priced revolver being sold. Dealers were surprised early yesterday morning to have Chinamen call in twos and threes and purchase the best make of pistols, paying from $10 to $20 each for what they believed to be reliable weapons. The scarcity in the stores increased and during before the day was over most of high class pistols were sold.

When questioned last evening several of the old time Chinamen declared that they would not be surprised if an outbreak most any time, though they are using every effort to keep the trouble from extending to Stockton. They have spies in with them at the tongs and they will not allow strange Mongolians to operate.

At Holt, a station west of here, a large number of Chinamen congregate from the potato camps. A close watch is kept on every train and each man is allowed to stop there even if it is necessary to use force unless he can show that he is a bona fide workman.

BRINGS DOWN MAD BULL WITH PISTOL

Toreador Saves Lives of Many When Animal Runs Amuck.

LOS ANGELES, Sept. 17.—Bert E. Logan, a deputy sheriff and member of the Vaquero Club, proved the real hero of a bull fight that was on the program at the Mexican Centennial celebration at Schuetzen Park yesterday.

Enrique Robles, a Spanish toreador of his matadors was engaged in a bull dodging exhibition. The animal became enraged and crashed through the flimsily constructed fifty foot ring and was dashing head down into a crowd which included many women when Rios stepped forward and fired a revolver bullet into the head of the furious animal, dropping it in its tracks six feet away from the densely packed throng of terrified spectators. He was given an ovation.

The toreadors exhibition brought to a end a brilliant program of Mexican sports. Here were cowboy bulls and bull baiting, a humane society officer ruled against a continuance of the sport.

The celebration was given under the auspices of the Hispano Americano Vaquero clubs and was attended by more than 6000 persons. The parade celebration was preceded by a parade which was distinctively Mexican, including many gaudily costumed horsemen and handsome floats. A number of Mexican societies observed the centennial with celebrations last night.

RAILROAD FOREMAN BEATEN BY GREEKS

SANTA ROSA, Sept. 17.—J. Carry, section foreman for this district of the Northwestern Pacific railroad was badly beaten by a gang of enraged Greek hobos at Cotati just after noon yesterday. His head was badly beaten by rocks and he was unmercifully beaten about the back and over the kidneys with picks and shovels. The only thing that saved Carry's life was the fact that there were so many Greeks in the attacking party that in their great desire to hit the foreman they struck one another. As a result a number of them bear wounds inflicted by their comrades.

IRISH VOLUNTEERS TO HOLD OUTING

Company A Plans Athletic Games as Feature of Picnic.

Arrangements have been completed for the eighteenth annual picnic of Company A, Irish Volunteers, at Shell Mound park Sunday, September 18. From the rapid rate at which tickets are being disposed of a record crowd should be in attendance. It will be the first outing for the year of the Oakland grounds under the auspices of an Irish society.

The games will be run off under the direction of the Pacific Amateur association and some of the crack athletes from the cities around the bay have filled the entry blanks. Close and exciting finishes are expected in every track and field event on a varied program.

Amateur athletes from the schools will also perform in the field events and the winning flame will be presented with a magnificent cup, the gift of a business man who is interested in the development of youthful athletic prowess.

The military events will include storming battle, equipment race, assault at arms, exhibition drill and will add a dash of color to the proceedings. Gaelic dancers will be afforded the last chance of the season to compete in the open as this event practically closes the season at Shell Mound. A large and varied assortment of gate prizes are on the program.

The following is the committee of arrangements:

Captain Thomas McNaboe, commanding; Lieutenant C. L. Mahoney, chairman; Corporal J. F. Brosnan, secretary; Sergeant P. Reilly, J. Collins, M. Murphy, J. McCarthy, P. Monahan, J. King, T. McNeil.

TAFT HASN'T CHANGED; HE WOULD RUN AGAIN

BEVERLY, Mass., Sept. 17.—The publication of a story in certain newspapers purporting to come from Beverly announcing that President Taft has decided to step into the presidential race to make way for Theodore Roosevelt has brought many denials to the summer capital. It was decided not to dignify the story which is reported to be without any foundation whatever with a statement.

It can be stated that there has been nothing in President Taft's attitude toward a second term since he took a number of days a few months ago that he would accept a second nomination if his party desired it.

The president starts for New Haven and Cincinnati on Sunday night. He will be away from Beverly two weeks, returning here October 2d to remain until the 11th.

FIGHT FOR MAGNATE'S ESTATE IS COMMENCED

NEW YORK, Sept. 17.—The contest over the $4,000,000 estate of Yung Pung Nee, the retired cotton merchant who died recently in Paris of his two grandchildren in Philadelphia, when Suing to Conahin signed a number of orders in the case. One of them was the first signed by F. D. Cohalan under the statute passed by the last Legislature under which a person suspected of having a will in his possession must produce it or show cause why he does not.

RAILROAD PASSES PUT UNDER BAN

Lesser Official Lights Will Be Compelled to Pay Fare or Walk.

CHICAGO, Sept. 17.—Railroads in the Western association, comprising the lines between Chicago and the Rocky mountains, have adopted a recommendation that after January 1, 1911, no complimentary annual passes be issued to the officers and agents of other railways below the rank of assistant general passenger agent.

This will cut off the thousands of general agents, division and traveling passenger agents and local representatives of the roads in various cities accustomed to traveling free.

The recommendation is contingent, however, on its adoption by the freight traffic organizations. It is considered impracticable to abolish the issuance of passes to [illegible] passenger officials unless the rule is extended to cover freight officials below the rank of assistant general freight agent.

THOMAS W. SMYTH WEDS SOCIETY GIRL OF OREGON

ALBANY, Ore., Sept. 17.—The wedding of Miss Evelyn B. Rodes of Albany to Thomas W. Smyth of Oakland, Cal., at the First Presbyterian Church Thursday evening, was an event in society circles of this city. Some of Albany's most prominent people were in attendance. At the close of the service the assembled friends returned to the residence of the bride's parents, where a reception was held by the newly wedded couple.

The bridal party left on a late train for Portland. They will return to Albany after a few days visit to the metropolis and then journey to their new home in Oakland.

Smyth is an accountant and has resided at 1067 East Thirteenth street.

ANNOUNCEMENTS

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old fashioned sage tea, such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal sage tea containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation which is called Wyeth's Sage and Sulphur is sold by all leading druggists for 50 cents and $1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by The Owl Drug Co., 13th and Broadway, 10th and Washington, 16th and San Pablo.
